This Calendar is for Lanka. The month name is inserted to 1 sudi only, so that where necessary it may be written in for 1 badi. The Calendar figures are correct for Delhi, Calcutta, Madras, and Bombay, except when followed by the initial letter of the place; a capital letter signifies that the tithi in the table is to be increased by 1, and a small letter that it is to be diminished by 1, to obtain the tithi at the place indicated by the letter.
