DRIFTWOOD

SALT SPRING ISLAND B.C.

Published weekly on Salt Spring Island, W. Fisher, Editor, P. O. Box 250, Ganges, B.C. Phone 776

Authorized as second class mail, Post Office Dept., Ottawa and postage paid at Ganges, B.C.

Thursday, March 8, 1962

Vol. 2 No. 50

10¢ PER COPY

Beginning with this week's edition, (page 5) DRIFTWOOD will feature a gardening column written by Mr. P.G. "Jack" James of Vesuvius, well-known seed, horticulture and agriculture expert. The gardening tips will be tips that is applicable to the Gulf Islands.

Mr. James, who is an energetic booster of the agricultural future of the Gulf Islands, is a native born British Columbian and spent much of his early career in the seed business on Salt Spring Island. The James Bros. Seed Co. leased extensive holdings on this Island, beginning in 1917, for production of vegetable, flower and grain seed. They had land where the present golf course is located, at Fernwood Farms and in Vesuvius.

In 1947, Mr. James became the Agriculturist on Vegetable Production in the Interior of B.C. for the Interior Vegetable Marketing Agency. In 1960, Mr. James retired to Salt Spring Island. He is leading a very busy life with propagating new varieties and promoting seed-growing and agriculture in the Gulf Islands.

CITY SLICKER FLOPS AT PANCAKE RACE. The Shrove Tuesday Pancake Race, sponsored by the L.A. of the Royal Canadian Legion, was held in brilliant sunshine, a contrast to last year's miserable weather. Winners: Ladies, (1) Mrs. E. Jarman, (2) Mrs. Ray Hill, (3) Mrs. F. Kirkham; Grandmothers (Only two entries willing to admit being grandmothers) (1) Mrs. Ella Wilson and (2) Mrs. F. Barnes; Men, (1) Leon Duplessis (2) W. Fisher (3) A.M. Brown; Children under 10 (1) David Pringle, (2) Duffy Brown (3) Perry Booth; Children over 10 (1) Kelly Rylands, (2) Pat Slingsby (3) John Roland. The electric frying pan was won by Jack Fendall.
(CONT'D TO PAGE 2)

According to the Ganges Weather Observer, Mr. H. Carlin, we have been highly embarrassed with 21 inches of snow during the past week. However, the scientific measurements of Mr. Carlin don't measure nearly as accurately as a small boy seen gleefully romping in the snow. "Gee," He said, "Almost as high as my head!" This youthful measurement will be remembered by the boy for a very long time, because a few minutes after watching the boy, we were talking to an old-timer. He said, "Naw, this snow is nothing. Why, when I was a kid we really had deep snows. Sometimes it came nearly to the top of my head." And he raised his hand and solemnly measured over six feet of ancient snow.

Snow has the magic of changing the mundane scene into an enchanted fairy land of sparkle and whiteness. It covers many of man's ugly scars and creates a silvery silence, made more pregnant by the cry of a gull. Nothing moves in the quiet, dead white and you are content to sit (by a roaring fire, naturally) and gaze out at the untrammelled land and conjure up visions of the primeval forest and you alone are alive in the wide white world that stretches before you.

It is not long before the scene becomes less enchanted. There is more wood to be carried, the snow shovel to be found, and tire chains to be installed. The spell is broken by the roar of the snow plow, the scattering of sand and salt on the roads, the spinning of car wheels, the whine of racing motors and the clang of broken tire chains. Restless man is on the move to conquer Nature which has had the audacity to disrupt the routine and to challenge his superiority by creating a momentary hypnosis of beauty and tranquillity.

As a friend of ours said, "Snow, snow, beautiful snow and every last one of us wishing you'd go!"

Many people were walking, cars were in ditches, and the wreckers and taxis were working steadily as were the road crews. Meetings were cancelled, bridge games called off, and some went to a cocktail party in evening dress and rubber boots. Some busy men spent quiet evenings at home with their families while the young at heart went skiing. (The first winter in many a moon, that Salt Spring Islanders went skiing and ice skating.)

Sheepmen were feeding their sheep and gardeners were wondering about the early-blooming daffodils now hidden under the snow. Lee's Hill was a mad scene at times, with several cars in the ditch, as was Scott Road. The Holdfast Pozzolan workers, on their way home, helped Mr. Tom Mouat get home after his car had taken a frightening skid. Later, a little further down the road, they did their good deed again by helping Mrs. Doug Parsons get her car out of the ditch. The school buses didn't miss a trip, but sometimes the drivers had wished they did. Bird lovers scattered more crumbs and cats were noticed in Fernwood sitting on the roof of a house snuggled close to the chimney. Bishop Robt. Seaborn, Bishop of Newfoundland and war-time padre of the Canadian-Scottish, arrived to visit the Des Croftons, to enjoy our mild Spring air, to picnic at Beaver Point, to take in the view from Mt. Maxwell and to pick daffodils as Des had promised. The bishop arrived with the snow and left with the snow. Mt. Maxwell had three feet

this year the total for the two months is only 5.69 inches. This February was the dryest since 1959.

FERNWOOD NEWS, by Doris DeLong. . . . Mrs. E. Sampson and son Victor, returned to the Island last Friday after a week's visit with Mr. and Mrs. Cliff Sampson at Oregon City, Oregon. An additional week was spent visiting with various friends and relatives in Vancouver and New

(Cont'd. from Page 1). . . of snow and a picnic at Beaver Point was out of the question. However, he and Des did pick some daffodils. They took shovels and dug them out of the snow on the Harbour House grounds. Mr. J.S. Jones reports the following birds on his bird feeding tray: Red Wing Blackbird, robins, sparrows, thrush, starlings, juncos, waxwing, purple finch, towhee and quail. The wonder of snow was expressed by a small child talking to another (overheard on a bus) "If the snow stays, will the polar bears come on the Island?"

Westminster. . . . A rare golden eagle was sighted Tues. morning by Mr. and Mrs. F. Waterfall. . . . With apologies to Robt. Service, a Fernwoodite, noting all the sniffles and flu, sent this poem in: "A bunch of germs were whooping it up/ In the bronchial saloon,/ Two bugs on the end of the larynx/ Were jazzing a ragtime tune./ While back of the teeth in a solo game/ Sat dangerous Dan Kerchoo/ And watching the pulse was his light of love/ The lady that's known as Flu."

(Cont'd from Page 1). A "city slicker" contestant, carrying the banner of Victoria, Mr. Warren McWilliams, fell ignobly on his face at the very start of the men's race. Mr. McWilliams, an insurance inspector, who makes it a habit to be on S.S.I. for the pancake races, was so handily beaten by the natives, that it was doubtful he would have won third place in the Grandmother's race.

A meeting of the S.S.I. Scuba & Diving Club will be held this evening, Thurs. March 8 at the Island Garage at 8 p.m.

To mark Education Week, the PTA will again sponsor an Oratorical Contest on March 19, 8 p.m. at Mahon Hall. In addition, there also will be a display of school art work. At intermission a cake walk will be held. Coffee will be served.

The Retail Food and Drug Clerks Union, local # 1518 and the Amalgamated Meat Cutters and Butcher Workers of North America local # 212 have applied to the Labour Relations Board for certification of the Mouat Bros., Limited employees except the store manager. The results of the application dated February 21st., was not known at press time.

To those interested in Judo, a class will be held next Tues. March 13 at Mahon Hall at 8 p.m.

According to the Ganges Weather observer, Mr. H. Carlin, the month of February saw 2.44 inches of precipitation, which included the first 8 1/2 inches of our recent snow fall. A high temperature of 57 degrees (Spring!) was recorded on the 3rd, while the low of 24 was recorded on the 24th and 25th. The maximum mean was 46.5 and the minimum mean was 36.4. February of last year showed a high of 56 degrees and a low of 32 with a total rainfall of 9.09 inches. Last year, the total rainfall for January and February totaled 20 inches, while

Mr. and Mrs. Des. Crofton and Miss Denise Crofton entertained at a party, held at Harbour House Hotel last Friday evening in honour of Bishop Robert Seaborn, Bishop of Newfoundland, and Mr. and Mrs. Marcus Crofton, new residents of the Island.

Bishop Seaborn, war-time padre of the Canadian-Scottish, was visiting old friends on the Island, and Mr. and Mrs. M. Crofton have recently purchased the Dobson home on Scott Rd.

Mrs. Michael Giegerich of Vancouver spent last week-end visiting her mother, Mrs. I. Devine.

Dr. and Mrs. A. Francis have returned from an extended cruise to Panama.

FULFORD NEWS by Bea Hamilton

It was distressing to hear of the death of young Gerry Roland, the 19 year-old son of Mr. and Mrs. Fred Roland, of Duncan, B.C. Gerry was the nephew of Jack Roland, and his father and family are old timers at South Salt Spring. Mr. and Mrs. Fred Roland left the Island about 14 years ago, and young Frederick Gerald Roland was born here. Gerry had taken several friends to their homes on the outskirts of Duncan, and was going to pick up Billy Huish on his way back. He never turned up. It seems his car slid into a ditch on the icy roads and he must have put up the windows and kept the engine running for warmth. The result was fatal, for carbon monoxide poisoning is reported to have overcome the lad. He was found by the police on Cherry Point area on Telegraph Road ten miles south of Duncan. Gerry was well known and liked among his friends. He worked in the logging camps. The funeral was held at St. Anne's Church in Duncan on Wednesday.

ident, Mrs. M. Gyves on Thursday, Mar. 8th. . . . The 500 card party had to be put off last Saturday at the Beaver Point Hall, owing to the cold weather and snow. . . Members of the W.I. are sponsoring a 500 card party and home cooking stall at Nan's Coffee Bar on Saturday night, starting at 8:15 p.m. That too depends on the weather. . . Mrs. C. Lee reports that their son Pat, and Gilbert Mouat, are off to Mexico for a few weeks. . . Mr. and Mrs. Ashley Maude and children, of Sidney B.C., have been visiting Captain and Mrs. G. Maude over the week-end. . . Mr. and Mrs. Dennis Gardner were over from New Westminster for a short visit last week.

March 15th is the date for the regular meeting of the O.A.P.O., Branch 32, at 2 p.m. in St. George's Hall, followed by a "Bake Sale". Get your entry in, meet the "French Chef" and win a prize. ALL will be welcome. For particulars, phone the Secretary at 82-M.

. . . . Weather permitting, the monthly meeting of the W.I. will be held at the home of the pres-

At the invitation of Dr. A.J. Wood, twenty members of the Salt Spring Island Farmers' Institute toured the department of agriculture of the University of B.C. recently. Visits were made to several departments and the work of each was explained by the professor in charge. The latest in farm machinery was viewed, also the greenhouses, soils and dairy laboratories, small animals research laboratories, dairy barns and beef cattle pens.

In his visit to S.S.I. last November, Dr. Wood made mention of yearling calves, soon to be placed on a high energy feeding program. The cattle, now ready for market, were shown to have been kept, five or six in a covered open air pen about 20 feet square, with bins kept filled with high protein food and given no roughage. A deep litter of sawdust is kept regularly replenished by adding fresh layers. As the sawdust underneath decomposes, heat is generated at 60 to 70 degrees and provides sufficient warmth for the animals.

A full report of the tour will be given at the annual meeting of the S.S.I. Farmers' Institute to be held in Mahon Hall on March 7th at 8 p.m.

Mr. and Mrs. T. Portlock, of Skagway, Alaska, are the new proprietors of Aclands Guest House, recently purchased from Mr. and Mrs. J.B. Acland. The popular resort, renamed "Booth Bay Resort", currently has six new units under construction.

Natives of the Yukon, Mr. and Mrs. Portlock travelled by car from their home in Skagway, where they have resided for the past 10 years, arriving in Salt Spring Island on March 1. Mrs. Portlock is a sister of Mrs. C.W. Harrison, Baker Road.

Mr. and Mrs. Acland will be moving into their newly built home near the resort on Baker Road.

The Royal Canadian Legion will be holding their annual auction sale in early April, with a lot of good items for sale. Last year they sold everything from a screwdriver to a boat and outboard engine. This year they hope to have bigger and better items. Not only will they accept donations but they will sell your items for a commission. If you have anything at all that you would like to sell or give away, phone J.H. Lamb, Shell Service, Johnny Waterfall or the Barber Shop. They will pick everything up. Please phone them by March 15th, for they want to advertise the items.

The I.O.O.F. is sponsoring a marathon Bridge tournament beginning March 12th, that should be a lot of fun. The idea is to choose yourself a part-

ner and phone your entry to Mrs. E. Hardie, Mrs. G. St. Denis or Mrs. J.C. West. It will be a one evening of bridge (you set your own time limit) and the losers are eliminated. The winners go to the next round, etc. The first round must be completed between March 12th and the following Friday. Each week another round must be finished. The price is 50¢ per person per round. Good prizes will be awarded the final winners.

LAC Ivan Abolit, R.C.A.F., son of Mr. and Mrs. D. Abolit has returned to his base at Ft. Churchill after a brief two-week visit with his parents. He expects to return in the summer for a longer holiday. . . . Bishop Robt. Seaborn, Bishop of Newfoundland and war-time padre of the Canadian-Scottish has returned home after visiting Mr. and Mrs. Des. Crofton and other friends on the Island. . . . Mr. and Mrs. W. H. Bradley have returned from a month's vacation in Arizona. . . . Word has been received that Peter Jubb, formerly of the Ganges Bank of Montreal, is getting married on Mar. 19th to a Miss Glennys Acres of Prince George, B.C. . . .

DID YOU KNOW?

Some twenty million years ago
 A fossil stood where you now stand;
 Unlicensed realtor tho' he was,
 He dreamed of subdivisions grand.
 But the hot, hot sun on his three-cell brain
 Baked away his dream and soothed his pain.
 And when you consider all the remarkable facts,
 It's sometimes a pity that modern realtors
 Wear hats.

"GARDEN TALK"
 For the Gulf Islands,
 by P.G. "Jack" James

**IMPORTANCE OF
 GOOD SEED**

During the next month, Gulf Island growers of vegetables and flowers will be thinking of the varieties they will be growing this year, and the absolute necessity of planting only seeds of the highest quality should be stressed.

The foundation of your vegetable and flower crop depends on the quality of the seed which is planted. The actual cost of the seed is the smallest item in the total cost of producing any one variety. Cheap seed is the result of mass production where quality and purity of strain cannot be guaranteed. The first thing necessary to assure best types is to plant only seed of the highest grade obtainable, which has already been proved to produce the desired results.

The organization meeting report of the Science Club really got clobbered in DRIFTWOOD last week with whole paragraphs being left out. Mr. Doug Dane will conduct an electronics course which will feature radio construction, etc. and NOT model airplane building. The model airplane building will be a part of an aerodynamics course featuring the theory of flight, etc. to be given by Mr. Fletcher Bennett. Anyone, adult or student, wishing to take part in these courses may do so by contacting Dr. R. Bourdillon, Pres. of the Science Club or Mr. Bennett, who is Secretary.

The first lecture and next meeting of the Science Club will be held on Wed. Mar. 14th. (Not the Tuesday as formerly planned) at 8:00 pm in the Grade Seven classroom at the School.

Club business will take the first 15 minutes and the lecture on "Colds and related Diseases. What can we do to check them?" will start at 8:15. Dr. T.L. Jansch will discuss the nature of colds and Dr. E.A. Jarman will discuss their treatment and complications. Dr. Bourdillon will discuss their transmission by airborne particles and the use of ventilation in reducing infections. Slides will be shown. The meeting is open to the public and anyone interested in the subject will be welcome.

Last Friday 21 people attended the second meeting of the S.S.I. Baseball Club. Mr. Tom Shirley and Mr. Robt. Shirley of Duncan and officials of the B.C. Softball Assn. were in attendance. It was voted to attempt to form a Senior's and a Juvenile team for entrance into Vancouver Island Softball League, playing such teams as Duncan, Lake Cowichan, etc. Another meeting will be held on Mar. 16th at which final

plans will be made. Films will be shown and officials of the assn. will be on hand to explain the functions of the league.

A baby boy weighing 8 1/2 lb. was born to Mr. and Mrs. Floyd Luttrell last week in Royal Jubilee Hospital. Baby and mother doing fine.

In honour of Education Week, the Grand Order of Salt Spring Island Pythones's devoted most of their last monthly meeting to a heated discussion of "Excellence in Education" or "How stupid are our children?" as one member kept shouting from the back of the hall.

Mrs. Bella Longears, President of the G.O.S.S.I.P.'s and last year's winner of the gold pin for spending the most hours on the party telephone line, started the discussion by stating that it was the school's duty to see that our children got a complete education and that the school should take more of the burden off the parent's over-worked shoulders. "After all, where would we find the time to educate our children? We haven't enough hours in the day to devote to all the activities that we must attend, as civilized people in a civilized community. Society, as lived today, is too complex for the ordinary parent to assume the terrible responsibility of teaching our children anything."

Cries of "Here! Here!" were heard above the click of the knitting needles.

In the discussion of how education prepares the youth for the hardships of adulthood, one member proposed that Home Economics be compulsory for all boys on the grounds that her husband was getting awfully tired of canned beans because of her heavy load of social obligations.

Mrs. N.O. Drinkwater, in addition to supporting the Order's resolution that more sex education should be taught, asked that a course in drinking should be started in the 10th grade, stating, "If they can't handle their liquor, what's the use?"

This proposal brought forth a chorus of protests from a small group of reactionaries who thought that, surely, something should be left for the parents to teach. Mrs. Longears quelled the uprising by stating, "Isn't it better for your children to learn this at school than at the back door of the pub? This is as important as clean fingernails or any other part of our Social Science courses."

The final resolution, "That the Secretary be in-

structed to write to the School Board and inform them that the Grand Order of Salt Spring Island Pythones's urges the school authorities to institute an educational programme that will guarantee all parents that their children will have a complete education, and the burden of education be lifted from the parents.", was passed unanimously.

Mrs. U.C. Unclear, programme chairman, informed the Order that next month's discussion will be on the subject, "How our Government is robbing us of our basic freedoms."

Tea was served to all but Mrs. Drinkwater who had passed out quietly in a corner.

NOTICES

Calling all bridge players!! Something new! Marathon elimination tournament. Choose your partner and phone your entry to Mrs. Hardie, 200-Q, Mrs. St. Denis, 154-T, or Mrs. West, 155. 50¢ per person entry fee for each round. Good final prizes.  "A GOOD PLACE TO SHOP"

The Gulf Islands Commuters Association, composed of Gulf Island property owners residing on the lower Mainland, who are having great difficulty in commuting from the Mainland to their homes in the Islands, since the withdrawal of the "Island Princess" from service, have sent an open letter to all members of the legislature. The letter, dated March 1, is a plea for assistance in restoring a direct Mainland to Gulf Islands ferry service.

They point out that while Galiano is only 12 miles from the Mainland, they are now forced to go from Tsawwassen to Swartz Bay, (right past Galiano) transfer to the "Motor Princess" and wend their way back to their homes. The trip takes five hours or longer, although the ferry terminal at Tsawwassen is only 45 minutes away from Galiano. Pretty frustrating.

According to the Commuters Association, the Government has turned down the request to charter the "Uchuck 11", to provide a much needed interim service for 1962. It was turned down on the grounds that the ship could not be accommodated at the Tsawwassen slip. Cars, (and the boat could only carry three) could not be loaded without winch equipment. The committee studied the problem and decided that the immediate need was to provide foot passengers with the means of getting to the Islands by the shortest possible route, and car traffic, until a better ship is provided, could go around the long route. The committee then sent night letters to the Government, urging them to accept Mr. O.H. New's offer of wharf facilities at Steveston for the "Uchuck 11".

The letter to the MLA's points out that a commuter with car from Vancouver to Galiano must pay \$18 per round trip including the Deas Island Tunnel fee.

The W.A. of the Lady Minto Hospital will hold their annual Bargain Centre on September 15th. If you have donations Phone 57-G or 224 for pick-up.

Ferry service is slow. If a Salt Spring Islander puts a person on the plane at Pat Bay for Calgary, the plane passenger is in Calgary before the Islander can get back home. What we need is a helicopter service.
