WORLD'S SECOND LARGEST YACHT VISITS GANGES HARBOUR
M.V. "Danginn", reported to be the world's second largest yacht dropped anchor in Ganges Harbour Friday afternoon, spent the night off Mouat's Spit and departed again before noon on Saturday.

Information we were (Cont'd. to P. 2, Col. 4)

The enthusiasm and imagination back of the local Lions Club Pioneer Village Project spread far afield this last week as a result of an unexpected and unheralded Island visitor. His name is Willard Shaffar.

Mr. Shaffar is the head electrician for the musical show, "Hello Dolly", which was playing to packed houses in Vancouver last week. His home is in Maryland, U.S.A., and as a result of the combination of an adventurous nature and the fact that he happened to be staying at a hotel in Vancouver overlooking the harbour, he spent a most enjoyable few hours on Salt Spring, the surprise guest of the Gears at Fulford.

While sitting in his hotel room, he noticed the "Princess of Vancouver" leave her berth and inquired "where that ship was going". He was informed its destination was Nanaimo. So he decided to go with her one day. While enjoying the cruise someone suggested that he could make a circle tour of the Strait of Georgia by taking a bus south from Nanaimo, then across to the Gulf Islands and back over to Tsawwassen.

Arriving at Crofton he got aboard the "George S. Pearson" and while purchasing his ticket the mate learned he didn't have any specific destination, nor did he know just how he was going to get around the Island and subsequently to Long Harbour or Fulford. At

this point in his travels he was lucky to meet with Mr. Ted Gear.

After getting acquainted Mr. Gear offered a lift to the gentleman into Ganges and this led to a conducted tour of the Island and several hours spent in watching the Gears turkey harvesting operations. At dinner the Gears told him about the Lions latest project, the Pioneer Village.

Before leaving Mr. Shaffar asked the Gears if they would like to see the show "Hello Dolly". They said they had planned to but tickets were very hard to get. Mr. Shaffar promised to see what he could do and would let them know. Shortly afterward Ted took the gentleman to the Fulford ferry.

That evening the Gears

received a phone call from Mr. Shaffar who invited them to attend the show as his guest and to see the operation backstage at its conclusion. The Gears were delighted with the performance and thrilled with their visit backstage where they were shown behind the scenes and met some of the people there.

Just as they were about to leave, Mr. Shaffar said to Mr. Gear, "Here, I have something for you", and handed him a \$50.00 bill.

Surprised and embarrassed Mr. Gear said, "What's this for?"

"That Project for older people you told me about", said Mr. Shaffar, "this is from the cast and staff of 'Hello Dolly'! I told them (Cont'd. to P. 2, Col. 2)

98 YEARS OLD

August 15th marked the 98th birthday anniversary of Mrs. Marie Stark Wallace who resides with her daughter, Mrs. Myrtle Holloman, on Walker Hook Road, near Fernwood wharf.

Mrs. Wallace is the oldest native-born Saltspring Islander, and it is believed the senior citizen of the community. She was born August 15th, 1867 (the year of Confederation) on Scott Road, at the site presently comprising the Parson estate.

Although bed-ridden during the last several years by crippling arthritis, Mrs. Wallace is in reasonably good health, occasionally reads the newspapers without glasses, and is keenly interested in current events.

Marie Stark Wallace is (Cont'd. to P. 3, Col. 1)

A large crowd gathered at the front of Mout's Store at five o'clock Sunday for the excitement of the weigh-in and awarding of prizes at the Legion Fishing Derby.

Fish were reported as being very scarce but a nice line up of the silver beauties were on display at the dock. Nels Vodden reported he got his winner 'right on the bottom'.

some of us suggested that all of us pay for our coffee for just one day and all of us did. So here's our donation to your Lions Club Project."

The show is off for six months bookings at Seattle, Portland and Los Angeles, after which it goes on tour to Tokyo and Moscow.

YACHT
able to get by courtesy of Cpl. J. Bragg, R.C.M.P., reveals the large ship is owned by a wealthy American industrialist of the Newport News naval shipyard in Virginia. The ship is routinely based in southern California and has been a frequent visitor to the inlets and bays along the B.C. coast for a number of years.

on Southey Point, the father of the handsome babies is a pure bred border collie reputed to be a beautiful animal.

When we visited the Frasers last week in order to get this picture (I keep telling my wife) there were three of the pups still looking for a boy to take them home. When we left after the picture session and a nice cup of tea, there were only two left. Honest I only went there to take the picture.

BIRTHDAY

the daughter of the late Louis Stark, and the late Sylvia Stark, pioneer settlers who migrated to British Columbia (New Caledonia) from California in 1858.

The family first settled at Saanich but moved to Salt Spring Island in 1860, when the territory was first opened to settlers.

The family first settled on Broadwell Mountain on the land now occupied by the home of Mrs. Gavin Mouat. A raid by hostile Indians resulted in the moving of the family to a more populous section of the Island.

Mrs. Wallace's father, Louis Stark, built Stark Road single-handedly. He was later killed by a fall from a cliff at Nanaima It was alleged that he was purposely pushed over the cliff to prevent registration of his claim to land containing a

very rich coal vein. Her mother, Sylvia (Granny) Stark, lived on Salt Spring until 1944, at which time she died at the age of 106.

In 1896, Mrs. Wallace was married to Joseph B. Wallace, who came to British Columbia from the United States in 1886. The newly married couple established residence in Vancouver, where all of the following surviving children were born and educated: Mrs. S.K. (Ethel) Claibourne, Mr. Oscar O. Wallace, Mrs. Robert (Myrtle) Holloman, all of Ganges, and Mrs. Jean (Josephine) Durand of Montreal.

Together with her husband, Mrs. Wallace returned to her native Salt Spring Island during the declining years of her mother's life. In April, 1953, her mate and companion of 57 years,

Joseph B. Wallace, passed away at age 87. This left a void which has been partially filled by visits to her children here on Salt Spring and Montreal, and her sister, Mrs Louise Wiley of Red Bank, N.J., who is still joyfully employed at age 88.

After the age of 90, Mrs. Wallace compiled a personal family history, dating back to the birth of her mother in Missouri in 1837.

Family and close friends gathered at the home of Mr. and Mrs. R. Holloman on Sunday to celebrate the birthday.

Mrs. Wallace was the recipient of flowers, gifts and birthday cake.

Those present were Mr. and Mrs. S. Bannister, Mrs. W. Watmough, Mrs. Clark, Mrs. S.A. Thompson, Mr. John Caldwell, Mr. and Mrs. Oscar Wallace and Mike.

Editorial

From the Sooke Community Mirror, Maurize Tozer, Editor.

WHY DO "BRIGHT" STUDENTS QUIT SCHOOL?

Miss Sixteen-plus, good looking, pleasant voice, generally well adjusted, with a brain she has allowed to lie practically dormant for the past two or three years, said she is thinking of quitting school. Too young to take the course she is set on, she plans to take it easy for a year. That figures, for she has been taking life easy for the past two or three years. For some reason the school has not been able to challenge her sufficiently to encourage her to show the ability she almost certainly has.

Chances are, Miss Sixteen-plus will be persuaded to return to school. Chances are, also, that she will fill yet another year with dull, dreary seat-warming. Thus the school continues its role as a glorified babysitter for those, who are not challenged to use their abilities. Sure the social life is fine - hand-in-hand together; but where's it all leading? Nowhere.

We deplore dropouts from our schools, and rightly so, for even the seat warmer acquires some little bits of knowledge despite his or her efforts to avoid learning. But it's a major tragedy of our present educational system that so many bright youngsters waste this opportunity that comes only once. Many teachers are perturbed by this situation. They see youngsters with talents burying them in the ground while some of the less fortunate struggle to get the little learning they are capable of absorbing.

Part of the trouble arises from the concept apparently held by some of those responsible for setting up educational programs that the mind is like a sponge; pour in drops of information and let the youngsters soak them up. So much of our present system reminds one of the verse:

Geography is about maps,
History is about chaps;

Facts, Facts, Facts; remember enought facts and you'll be able to answer the Multiple-Choice Quizzes (America was discovered by a) Julius Caesar; b) Ghandi; c) Christopher Columbus) that lead to the next grade where still more similar problems are presented. And, the final irony; many of the facts will be out of date by the time the student graduates!

Multiple-Choice Quizzes are easy to check, and that's probably the reason for their popularity when teachers have classes so large that a careful marking of an essay-type test would take more time than they have at their disposal.

One parent mentioned recently how much better her son did when learning by correspondence than he did in school. Of course, he had fewer distractions; but if a dead textbook does better than a live teacher surely there is something wrong with our education.

Private schools tend to have much smaller classes than the public ones. There must be a reason, for they are interested in keeping costs at a reasonable level.

They believe that students need more than fact-feeding and testing to find out whether the facts have been absorbed. They believe a student should be taught to think. They believe this can be done only in a small class. Even Socrates did not have a class of 35-plus pupils!

As we said, quitting school leads nowhere. But many youngsters are denied the necessities of life: automation means that many will have to retrain completely several times during a working life and to do this successfully it is necessary to be able to think.

The remedy? A new look in our schools, a new attitude towards learning, and above all smaller classes. Some will say we cannot afford this. However, in this competitive world the nation with a poorly educated population will certainly be poor. Canada can have no better investment than in the education of its young people.

NOTE TO ANONYMOUS LETTER-WRITERS

Please be advised that it is not this paper's policy to print anonymous letters.

We are always glad to get opinions on current events, topics of local interest, from our readers but we must have your name as the author.

It is possible to use a pen name on the copy but real names must be submitted with all letters.

Editor.

Contributed
As the time draws closer for the actual presentation of a petition for a Sewerage Improvement District in the Ganges area it is well that the matter be very seriously considered by everyone concerned.

In the first instance, nearly everyone appears convinced of the need for some improvement in the sanitation arrangements; the shoreline in the village provides ample visual evidence of this need, and when the wind is right, the evidence is a bit over-powering; then there is the survey undertaken some three years ago by the Department of Health; true, they did not test all the septic tank fields, but they tested 32, and not one of them passed the test - which provides rather poor odds for the remainder.

So the need is present, but thence arises the second factor - cost. A very considerable sum for this area has been estimated, approximating \$5.66 per month at the lowest, and increasing by usage and size of holding, being the amount required to retire the proposed Bond issue over a 25 year period. Comments have been made that this is extremely high for an area such as ours, and it is high, but some other similar areas in this Province pay upwards of \$8. per month for sewerage. No doubt in some cases the charges will work a genuine hardship, but it is a valid argument to point out that in many cases, folk living well out of the village pay \$10 to \$15 a month more in transportation costs than the people do who live in the affected area. And for those who truly cannot afford it - who would likely not exceed half a dozen - the Trustees should surely be able to

make some special arrangement so as not to drive them from their homes.

Then there is the alternative - reject the petition, and continue as we are. Or can we continue as we are? Make no mistake about it the situation in Ganges is urgent; in point of fact the Greater Victoria Metropolitan Board of Health regards our quaint little village as one most seriously in need of a sewerage system, so even if we did wish to avoid any changes, we would no doubt have some forced upon us by way of individual corrective measures. And we can hardly criticize our Public Health Inspectors for doing their job. We hire them to police our hygiene, and while we always hope it's the other fellow's running board the policeman has his foot on, it could be ours, and 32 out of 32 is pretty tough odds to buck.

So we take individual corrective measures, and herein lies our major problem. Some people have already done all they can, and for a few, this will be sufficient, but many people simply are unable to maintain a drainage field on their property; others can go to considerable expense hauling in gravel and creating drain fields which will require replacing in a few years time. Some very costly corrections could be involved; pumping systems, rented drain fields, treatment plants - indeed the sum total of individual corrective measures could involve an amount exceeding \$100,000. But the really unfortunate aspect of such measures is that they would be strictly temporary - no village reaches the stage ours has without, inevitably installing sewers.

So we can procrastinate and waste money on makeshift arrangements that will only temporarily alleviate the situation, or we can face the problem now and take the most logical, and most economical, steps, and form a Sewerage District immediately.

SPORTS NEWS

IF YOU CAN'T CATCH A SALMON-TRY AN EAGLE

Scot Clarke, one of many disappointed fishing enthusiasts around these parts this year, tells the fish story of the year. It isn't documented but he does have Maurice Atkins as a witness who was with him.

It seems he hooked one of the scarce salmon out off Chocolate Island and as he was reeling it in, it flopped off the hook just as a bald eagle swooped down on it. Instead of getting the salmon, the eagle picked up the lure in his beak but fortunately for everyone concerned didn't get hooked. It finally dropped the line and flew off.

Scott is prepared to take an oath on it!

LEGION FISHING DERBY

The Legion held a successful fishing derby on Sunday. The weather was excellent but the fish were few, altho" more plentiful than the Rod & Gun Club event of a month ago.

The list of winners with prize weights follows - Nels Vodden 11-12; Laurie Mouar 10-9; Marshall Heinekey 9-6; R.P. Hawkes 6-13; Isabelle Mouat 6-12; Vic Jackson 6-11-1/2; J. Coffey 6-11; H. Hoffman 6-4; Alice Thorburn 6-3; Peter Littlehales 6-3; Denis Abolit 5-14; Wayne Bradley 5-9; S. Tomlin 5-4; Mrs. A. Stevens 5-3; D. Layard-5 lbs. D.K. Crofton 5; M. Larmour 4-15; G. Lawson 4-12; M.K. Mouat 4-10;

R. Carlson 4-1; Jim Morris 4-4; Christopher Bryant 4-2; George Heinekey 4-1 Junior - G. Horncastle 4-3; Cod - Peter Cartwright, 17-16.

The \$100 gift certificate consolation prize was won by Janet Andreae.

LEGION HOLDS BOWLING FINALE

The wind-up function of last winter's Legion Bowling League was held in the Legion Hall last Thursday, evening when trophies and awards were presented.

The group enjoyed a buffet supper and sing song and awards were presented to the following -

Bandits the winning team was made up of Mr. & Mrs. Bill Bates, Mr. and Mrs. J. Hedgecock and R. Atkins. Mens High Average, Charlie Archer; Ladies Hi Average, Mrs. Vicki Waterfall Mens High Three, Johnny Waterfall, Ladies High 3 Mrs. R. Archer, Ladies High Single Mrs. S. Emerslund, Consolation of a crying towel went to Mr. F. Empey and Mrs. Monk.

A gift was presented to Charlie Archer for supervising the league and John Sturdy for writing newsletters.

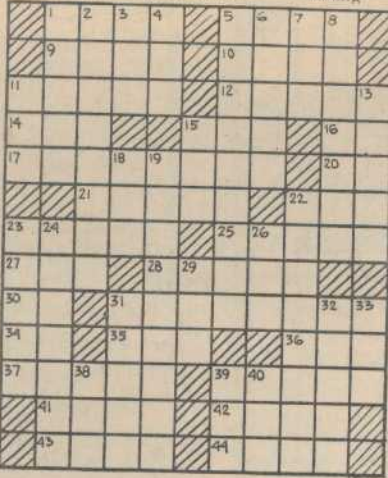

Legion and Auxiliary members wishing to participate in next year's bowling should contact Fred Morris. A meeting on the matter is to be held later.

DID ED SULLIVAN PLAY BASEBALL?
By BOB SUDYK
YES. He played 24 years with the Philadelphia Athletics and the Chicago White Sox, retiring in 1931 with a .338 batting average. But we know him by the name of Ed Sullivan. The Hall of Fame baseball player, who died last year, early in his career was the relation of the television show. Dist. by King Features Syndicate

HAPPY DAYS

by Bea Hamilton

It was grand fun going to Harrison Hot Springs last bus trip. It rained and blew a bit over the water but we (some of us) blew into the pilot house on board, and Chief Officer Don Fraser showed us how the radar and all gadgets worked, and we went through a little fog - then we drove, with Chester at the wheel of the bus, of course, to Harrison Hotel; some got off and stayed around the town but most of us had sandwiches and so on and we picnicked at the lake further on.

It was lovely, the lake is 45 miles long, we are told, and there are two or three small islands stuck right out in the middle.

The mountains are lovely and the view beautiful. We went along a narrow and twisting road and the picnic grounds at Harrison Lake Park were well fitted up with everything.

Chester Reynolds got the fire burning and made tea and coffee. They put the tea bags right in the old kettle, same with coffee. It tasted good, with a slight smokey flavour.

It was a happy crowd; some went swimming. Captain Jock forgot his swimming trunks and couldn't get in the sulphur pool at the Hotel. He is lots of fun on a bus trip.

Bill's Taxi sponsors these trips and Mrs. Monk kind of keeps everyone happy and comfortable.

So far folks on these trips have seen Paradise Valley, Stanley Park and Harrison Hot Springs on the mainland, and Port Alberni, Englishman River Falls, Butchart's Gardens and li'l old Victor-

ia on Vancouver Island.

Next week, August 25th another lovely trip will be made to the Peace Arch.

This is one of the best things that has happened to Salt Spring Island and our hat's off to the sponsors. Hope they can keep them up.

FULFORD NEWS

by Bea Hamilton

Mr. and Mrs. Gavin Reynolds had a number of guests last week and all enjoyed the Island scenery and activities. Those visiting were the following: Mr. and Mrs. R.J. Thomas, who have just returned from Calgary to take up residence in Victoria. Also from Calgary - Mrs. L. Borth and baby son, Mrs. L. Turner; from California, Mrs. Yvonne Clai-bourne; from Duncan, Mr. and Mrs. Roy Hanson; from Goldbridge, B.C., Susan and Ron Langley.

Guests at Solimar have been having all kinds of weather and excitement during these last few weeks - we had everything but snow but luckily the bad spell of wet weather did more good than harm and is now nicely replaced by normal sunshine. Anyway, the stormy day or two, mixed with a cougar here and there, but added to the excitement of living on an Island Mr. and Mrs. Russell Beach and their girls, found time anything but dull despite a few rain-drops. A cougar visited their campsite and their greatest regret is that they didn't know about it until the wild cat had left.

Other guests who have visited Solimar are Mr. and Mrs. M.R. Taylor and Michael, Vancouver; Mrs. and Mrs. F. Harvie, Victoria; Mrs. Charmain Lanier, Cal-

gary with children, Kit and Chris; Mr. and Mrs. C. Atkins with Lorne and Douglas; Mr. and Mrs. Ashton, Victoria; Mr. and Mrs. E.J. Pittvan, Dr. and Mrs. F.W. Hanley, Vancouver; Mr. and Mrs. Emery Barnes, Port Moody; from North Vancouver, Mr. and Mrs. L. Wilcox and family, Mr. and Mrs. S. Robertson and family, Mr. and Mrs. Frank Lloyd.

At the recent Bowling Banquet, President of the Legion L.A., Mrs. H. Emerslund was chatting with Mrs. Ken Ralph about the improvements and renovations they have done at the Legion Hall. She remarked they would be working very hard to raise the \$500. needed this year to pay for the work.

Mrs. Ralph offered the use of Leisure Lanes for one evening to help raise funds. The night was set for August 25 from 7 to 11 p.m. and all interested bowlers are invited to take part. Get your reservation in early.

and David from Beach Grove B.C., Mr. and Mrs. Bernard Dodds and Mr. and Mrs. Frank Ballard and family from Port Alberni.

Mrs. J. Stewart Williams, Vancouver is visiting her brother-in-law and sister Mr. and Mrs. Dermott Crofton.

Mr. and Mrs. Douglas Harris, Powell River have been holidaying at Welbury Point Resort this past week.

Barry Clark of "Open Line," C.K.W.X. Victoria has been holidaying at St. Mary Lake.

Miss Gill Humphreys returned to Campbell River after spending the week end with her parents Mr. and Mrs. Gil Humphreys. She was accompanied by Miss Daphne Corbett.

Mr. and Mrs. Colin King former residents of Salt Spring Island, have arrived from Victoria and taken up residence on Scott Road, the house formerly owned by the Ker-Coopers.

Robert Morris, Powell River is spending two weeks holiday with his parents, Mr. and Mrs. Fred Morris.

Mrs. Arthur Nobbs and her daughter Freda and young son Bruce from Richmond, are guests for a few days of Mr. and Mrs. Douglas Wells, Ganges.

P.D. Crofton and son Barry are spending a few days with Mr. and Mrs. Graham Shove.

Mrs. Denis St. Denis, Michele, Tony and Anna returned to Zeballos after spending a holiday with Mr. and Mrs. George St. Denis at St. Mary Lake.

Archeology? We already have a few interested people, enough to make it worth investigating. If we find a few more, the course will consist of twenty sessions covering the origin of man and his history before written records. Each session will con-

sist of a short lecture, films filmstrips or other illustrative material, and a discussion period. Books will be available for further study. We hope to include a visiting lecturer from the Provincial Museum and a field trip to either the Museum or a visit to a "dig". If you are interested, please phone Mrs. A.M. Brown so that the instructor, Mrs. Beth Hill can arrange this class for the latter part of September.

The following letter was delivered by Mrs. J. Sturdy too late for inclusion on the editorial page so we print it here. (Ed. note)

Dear Sir: Driftwood's report of the recent meeting on sewage disposal was hardly correct when it stated a "relatively small crowd" attended. At least 90% of the interested householders were present, and there was standing room only in the Legion Hall. Also, although you didn't mention it, not one local resident spoke from the floor in support of the plan. Plenty spoke against it. All of a sudden there is a hue and cry for sewers. Why? There has been no epidemic on this Island, to my knowledge, since the first settlers came here. In fact, outside of the top of the Himalayas, Salt Spring Island is

the healthiest place on the face of the earth. And supposing you do spend \$200,000 or more, will that eliminate the tidal flats in Ganges; will it eliminate the stench from those tidal flats on a hot summers day? Will it eliminate the ditch along Rainbow Road? If the health department continues to threaten dire action, somebody should come up with a better plan than to load a few people, most of them innocent, with a staggering debt.

(signed) H.A. Emerslund.

Archdeacon & Mrs. Holmes

GOLDEN WEDDING

Visiting with Archdeacon and Mrs. G. H. Holmes last week were almost all their children and grandchildren, namely, Arthur H. Holmes, with his wife, Gwyneth and daughters Christine & Elaine - the second daughter Maureen, having just been crowned Queen of Tofino, was unable to attend. Mrs. Joyce Parsons with David and Marilyn, Mrs. Muriel Toombs with her husband, Ted, and daughter Laura.

This family gathering honored their parents' golden wedding day, and at a remarkable "at home" during the afternoon and evening some 130 people came to congratulate them and wish them well. The house was beautiful with numerous bouquets of flowers, brought with other gifts by the callers and the company overflowed the living room and the wide veranda, and spilled out on to the lawn, which was attractively set with tables chairs and beach umbrellas. Refreshments were served from the drawing room by members of the family and friends.

During the afternoon Mrs. George Laundry presented Mrs. Holmes with a gift of linen on behalf of her fellow members of the W.A. of the Church and Mr. A. Holmes gave the company a resume of his parents' career, to which further details were contributed by Archdeacon Horsefield and Mr. Joe Bate, both of whom had

worked with them more than 40 years ago in Saskatoon.

Archdeacon Holmes came to Canada in 1909 at the call of Bishop G. E. Lloyd, and trained for the ministry at Emmanuel College, Saskatoon, being one of the second class of graduates from that college in 1913. During his student years he was in charge of the little mission of Patience Lake near Saskatoon where he met and won Mrs. Holmes.

From Hardisty he was moved to St. George's Parish in Saskatoon, where Mr. Bate served him as churchwarden and lay reader and Mr. Horsefield then a student at Emmanuel College, taught in the Sunday School and was in charge of the attached mission of Pleasant Hill.

When Rev. Mr. Holmes moved to Prince Albert in 1929 Mr. Horsefield, back in Saskatoon for further studies took over St. George's Parish until the arrival of the new incumbent.

In Prince Albert Mr. Holmes distinguished himself during the "dirty 30's" in social welfare work, and as Canon of the Cathedral, and later Archdeacon, continued to care for the destitute migrants from the drought-stricken prairie. He was instrumental in designing and supervising the building of no less than 331 churches for these new settlers in the parklands east and west of Prince Albert. In 1939 the appreciative people of the diocese elected him their bishop to succeed Bishop Burt, but it was later learned that the diocese, owing to the hard times, had the status only of a missionary area, without the right to elect its own bishop. Instead, the Provincial College of Electors, meeting in Winnipeg, chose a Winnipeg clergyman, Rev. Henry Martin.

Col. Desmond Crofton brought a message of cordial appreciation from the parishioners of Salt Spring Island and the rector handed Arch-

deacon and Mrs. Holmes a purse of money to which was attached a year-long ribbon inscribed with the names of the 200 "Friends and Well-wishers" who had contributed towards it.

A letter was received from the Archbishop of B. C. in which he testified to the high esteem in which the whole diocese held the "uncrowned King of Salt Spring

Island" and a telegram from the Alumni Association of Emmanuel College brought warm congratulations.

The family dined at the White Elephant Cafe and returned to a further receiving of congratulatory guests later in the evening.

Many photographs were taken during the afternoon, and all agreed that it was a delightful social event.

M.V. "Danginn" at anchor off Mouat's Spit last week. 257 ft. long, she is owned by multi-millionaire, Daniel K. Ludwig, American industrialist. Mr. Ludwig is rarely photographed and his 23 man crew of separate nationals are under orders never to talk to anyone about him.

ANOTHER BOAT HOLED OFF SOUTHEY POINT

The third boating accident involving damage to hulls from the reef off Southey Point happened last week when the "Wonder-

land," a cruiser from Seattle struck a rock and was holed badly.

The owner and a passenger, managed to get into their dinghy before the boat went down and rowed ash-

ore.

The Boat Yard staff spent all night patching her and pumping her out and the next morning she was towed into the Boat Yard for more extensive repairs.
