

Gulf Islands Driftwood

SERVING THE ISLANDS THAT MAKE BEAUTIFUL BRITISH COLUMBIA BEAUTIFUL

Twelfth Year, No. 43

GANGES, British Columbia

Thursday, November 4, 1971

\$4.00 per year in Canada, 10¢ copy

Amchitka and Christianity

Editor, Driftwood,

Through the medium of your paper I would like to let people on the island know that several churches in the Ganges area will be open and lighted continuously from Thursday morning until Friday evening this week.

The reason? A symbolic protest against the decision by President Nixon to proceed with the nuclear blast on Amchitka Island. And perhaps more important, a special opportunity for people to make use of these buildings for prayer during the period immediately preceding and following the blast. Several people have expressed a desire to maintain a prayer vigil at this time, not because they fear the immediate consequences of the blast, but from their concern that man persists in abusing the world in which he lives.

Amchitka helps us to focus our concern, but the issues involved are much broader. Nuclear explosions are symptoms of a basic greed and fear that we can all find in the unlovely side of ourselves. So the answer is not so much to ban the bomb as to let light shine in the dark side of our personalities. For this reason people of faith need to pray that men of all nations will let their lives be illumined by God's love so that there ceases to be a "need" for nuclear explosions.

It is common practice for most churches on the island to be open 24 hours a day. But a special invitation is extended to people of all faiths who would like to spend some time quietly in any of the lighted church buildings in Ganges. There will be nothing organized. Simply come and go as you wish.

I know there are many people to whom God is meaningless and prayer is mumbo-jumbo. Yet most of us have a deep inner longing for a world that is characterized more by love than hate, more by light than darkness. We're leaving the church lights on on Thursday night to affirm our belief that darkness can be overcome by light, and that light is better than darkness.

Only a small number may be praying in the churches on Thursday or Friday. But there may be many who would like to show their own concern for our world in another way. It helps us all if we affirm to each other that, even though we can't put it into words very well, that's how we're feeling. So, at the risk of being labelled a nut, I'm going to invite everyone who feels this kind of concern to turn on their front porch light, or put a light in the front room window, and leave it on all Thursday night.

"It's better to light a candle than to curse the darkness."

Fred R. Anderson

HALLOWE'EN IS HAPPY HOLIDAY

Hallowe'en came and went with the recollection of Hallowe'en as it should be.

There were bonfires, fire-crackers, tricks and treats. Ganges was crowded with people and tricksters and cars, but there was no complaint. Around the islands the evening was gay and noisy and successful.

Fulford was the only one that fizzled out. Sunday evening's firework display by Salt Spring Island Volunteer Firemen was washed out. Gales and deluge of rain brought about a postponement of the display.

135 MEMBERS

Membership drive undertaken recently by the Salt Spring Island Ratepayers Association has paid off.

Last week Reg Taylor announced that the drive had brought in another 45 members to a total membership of 135 paid-up members.

NEW VOTE IN AS ANOTHER OUT

VOTE ASKS ONE-TENTH MILL — FOR RECREATION PURPOSES

One referendum came in for Salt Spring Island voters last week and another went out. It is the Recreation Commission-sponsored referendum calling for the allocation of one-tenth of a mill for recreation.

FIRST CANDIDATE NAMED

First candidate for the Capital Regional District on the islands has announced his entry into Salt Spring Island affairs.

James R. Wilkinson has been nominated for the position of Regional Director to fill the seat on the Capital Regional Board, which will be vacated in December.

Mr. Wilkinson's background consists of a broad experience in engineering, general construction and logging fields, as owner operator and as manager.

He has worked as a construction consultant, costing consultant and in contract negotiations, working in liaison between management and men.

Mr. Wilkinson is a 55-year old veteran, having served with the RCAF during World War II. He recently built a new home on Mobrae Avenue. The new candidate is concerned with the orderly development of Salt Spring Island.

WHEN IS THE GREY CUP GAME?

When is the Grey Cup? Every Canadian knows the date of the Grey Cup. Or almost every Canadian knows the date.

Planning its breakfast for Grey Cup Day, Salt Spring Island Rotary Club chose November 27. The service club printed that date on its tickets.

Then someone asked, "Isn't the game on Sunday?"

Said a director of the B. C. Lions, "Of course it is!" Said another director, "Is it?"

So now everyone knows that the Grey Cup game is on Sunday, Nov. 28. Or is it?

NOT MANY ATTEND MEETING

Sponsors of the public meeting in Ganges last week were disappointed at the attendance.

When Salt Spring Island Ratepayers' Association called a public meeting to hear reports on the school building referendum, only 40 people attended. The 40 present included teachers and their wives and trustees and other school personnel.

Reg Taylor and President Wayne Cooper both expressed dismay at the poor turn-out.

The association was not daunted and plans another public meeting in December. The next meeting will be an election meeting at which candidates for office on the school board or the regional board will be invited to speak.

HE DOESN'T READ IT ANY MORE

Californian reader of DRIFTWOOD cancelled his subscription last week.

Hyland Barnes, Jr., of Carlsbad, had enjoyed the Greasy Pig controversy, he wrote, and was glad to see it launched again this year.

He was interested in the battle between the wily cougar and modern, sophisticated weaponry, said the Californian.

Nevertheless, he did not want further issues of the paper. Fifty years ago he lived on Gabriola Island and had hoped to find a source of news of that more northern island. DRIFTWOOD looked too far south to reach Gabriola, so DRIFTWOOD no longer goes still further south to California.

FOOTPATH IS STILL UNDER DISCUSSION FOR OLD TIMERS

Two Salt Spring Island groups have been pressing for a footpath between the Pioneer Village and the commercial centre of Ganges.

Last week the ratepayers association reported that a committee was currently negotiating with the department of highways in Victoria.

The Salt Spring Island Lions Club reported that Saanich-Islands MLA, John Tisdalle had been a guest at a recent dinner meeting and had promised his fullest co-operation.

STEVE IS MARINE-MINDED AFTER SEVEN YEARS

Steve Nelson is marine-minded; he doesn't know any other business.

Steve has worked in the world of small boats for the past seven years. And that's about the whole story of his working life. A Victoria man, he left for the mainland almost as soon as he completed school. In Vancouver he started with a marina, working on small boats and engines.

It never occurred to him to change to some other job because he was completely happy working on small boats and engines. He still is.

A few weeks ago Steve took over the workshop and wharves and ways at Ganges Boat Yard. He will be responsible for maintenance and repair work at the boat yard while the store and other facilities are still with Warren Hastings who established the Ganges facility, and Harold Dibnah, who has managed it for the past year or more.

Ganges Boat Yard was established here before Steve Nelson had got into high school. It has stood at the head of the harbor for a dozen years.

Steve joined the staff more

than three years ago. During that time he has become known in

the island community at work and play. Steve Nelson took part in the Nanaimo Bath Tub races with a Ganges Boat Yard entry and he has helped with marine sports on Salt Spring Island.

Nelson Marine Services is already in operation here.

Steve Nelson was recently married and Mrs. Nelson will take part in the bookkeeping chores of her husband's new venture.

TWO FLAGS GIFT OF FORCES

Late in the summer two flags disappeared from the Centennial Park at Ganges.

Col. P. R. Bingham, of Ganges, commented on their disappearance when he met Rear-Admiral Richard Lear, top man in the Pacific Command.

There was no suggestion that the military forces had been responsible for the disappearance. But the Admiral came across.

Two flags were delivered to Col. Bingham by the Admiral's aide.

The flags are in safe keeping.

YOUTH COMMITTEE IS NAMED FOR 1972

Youth '71 will survive into 1972. At the recent general meeting of Salt Spring Island Chamber of Commerce a youth committee was named to continue the work with youth groups and students of the island.

Serving on the committee are Henry Schubart, Gavin Reynolds, Tom Marcus and Mrs. Mary Miller.

Many Are Lacking Here

Recreation came in for a series of jolts last week when the heads of various Salt Spring Island associations met for breakfast on Saturday.

Ed Williams, of the island recreation commission, explained that without referendum funds the swimming classes presented every summer for a number of years would be impossible.

Mr. Williams also spoke sad-

ly of the lack of a cinder track on the island for young athletes

Harold Bryan deplored the lack of a diamond on the island and the need for Babe Ruth League players to go to Vancouver Island for all their games

Improvement of school grounds for provision of such facilities would require a referendum, the meeting was told.

The island lacks playing fields; there are none anywhere on the island except at Ganges.

MAINLY MAYNE BY LOLITS

The Jesse Browns entertained relatives from the mainland recently. Elsie's sister Ida Dickson and their cousin Winnie Craddock and daughter Rene Gilis were guests for the day. President of the Community Association, Mrs. Stanley (Kay) Carpenter has set the date for the annual Christmas bazaar and tea for Saturday, Dec. 4.

General convener Mrs. D. A. (Meg) Drummond hopes that friends and members are busy preparing their special Christmas items for the various booths.

HALLOWE'EN PARTY
 All the little Hallowe'en ghosts and goblins would like to thank the Volunteer Fire Department for helping the parents put on the best party yet. Treats and apple bobbing followed the costume parade when children young and not so young were competing for prizes for the best disguise. One of the prizes went to Bob (Water-Taxi) Sauerberg for his great impersonation. Hot dogs and fire works topped off the evening. The school children

surprised the adults with a puppet show which they had planned and produced, and even made the scenery for. It's great to be young on Mayne.

President Vic Griffiths of the wine and beer making classes asks members to note that there will be no class on Armistice day. Bert Timbers of Ganges is the instructor for the group, who have got away to a good start on their projects.

FIREMEN'S BALL
 The fifth annual Firemen's Ball will be the big event on the fun scene for November. Neil Imrie Chairman of the festivities has gone to great efforts to bring in the Bill Lovitt band and a special one-night show by the Joyce Mitchell dancers. Country western is the theme and dress is optional. See you at the hall on the 19th. Lunch served by the firemen.

Provincial archivist, Willard Ireland will be the speaker at the November meeting of the Gulf Islands branch of the B. C. Historical Society. Mayne Islanders will board the Queen of the Islands at 11 am Sunday November 17, for Pender Island, host to this month's meeting.

GALIANO
 BY MARY BACKLUND
 Mr. and Mrs. Brehon Denroche with daughters, Shelley and Shannon Michelle, of Campbell River, spent several days visiting parents, Mr. and Mrs. Peter Denroche.

Mrs. Jack Bickerton has returned from an enjoyable train journey to New York to visit friends. She brought back with her, Mrs. Roselind Meinhold of New York, to visit at their Island home.

Mr. and Mrs. O. J. Garner returned a little while ago to their home on the island. They had been hunting in the interior. "We got moose, deer, geese, ducks, and had a real good time" reports Ollie.

Miss Brenda Harding, Coquitlam, is spending a few days visiting her father, Roy Harding.

Mr. and Mrs. A. S. Killick will spend the winter months in Oak Bay, Victoria.

Reggie Vernham was taken to hospital in Vancouver last week. Fred Robson has joined Alan Steward and Gordon Robson, of Mayne for their annual hunting trip to the Cariboo country.

The Galiano Antiques Guild will hold its third annual Autumn exhibition in the Galiano Hall on Saturday, Nov. 13, from 10:30 to 5 p. m.

On Galiano Island, poppy sales will be co-ordinated by Mrs. Cam Prior.

On Saturday, Nov. 6, there will be the Galiano Rod and Gun Club annual trophy dinner in the Galiano Hall, followed by dancing. And on November 20, Galiano Ladies Service Guild will have its annual Christmas bazaar.

It was a very quiet Hallowe'en on Galiano. Children at the school had a party for the junior room on Friday afternoon and on Saturday evening, pupils from the senior room had their party in the hall. Mr. and Mrs. Basil Bengier went to the party, which

was entirely done by the pupils. The usual amount of hobgoblins and ghosts were around the village with their sacks, "Trick or treat", one especially little witch, Carla Weatherell, not much bigger than a minute, could just manage to say, through a sudden deluge of shyness, "Twick or tweat.."

There have been several weddings of interest to all islanders recently. First of all, David Weatherell, our own "Mr. Music from North Galiano, was married in Ontario. Grandson of Mr. and Mrs. C. O. Twiss, son of Mr. and Mrs. Lyndon Twiss of Coquitlam, Paul Twiss was married in Victoria. Two well-known families of Galiano and Vancouver were linked when Rod Rees was married to Miss Margaret Day in Vancouver. A former resident, Mrs. Clara Sarter was also married in Vancouver.

CENTENNIAL MEMO - Yale was named after James Murray Yale, who was born in Lachine Quebec.

to be frank

By Richards

Family stood around enjoying the firemen's display on Saturday night. Someone nearby suggested they mail a few fire-works. Mother of the family was horrified. She'd just mailed her end-of-the-month cheques. Family did a long patrol of the post office but no attack was launched.

History repeats itself. Give a man enough explosive and he'll be sure to go down in history. Lot of people argued that the Greenpeaces, both, had served to postpone the Amchitka blast. We know better. What better day than Guy Fawkes' Day, with its ancient English doggerel: "Please to remember the Fifth of November, nuclear explosion and plot I see no good reason why Nixon's displeas'n should ever be forgot!"

CBC program was the other day assessing the "hog population of Canada. Sounds like they were counting the pig people of the land.

See Chuck MacClean has changed the name of Concrete

Laminates to Flexcrete Industries Ltd. Which is fine, if he's the one who's going to say it quickly. One day he'll be answering the phone, "this is Flex-cx.....this is Flexx-x-x. I mean this used to be Concrete Laminates."

Wag suggested Chuck should make mummies for ancient Egyptian tombs...out of pharao-concrete, of course.

Don't tell anybody: but I got thin hair. More than that...I got daindruff. Now, I know you don't let on about these things. They're the sort of thing that your best friend doesn't tell you, but it's true. I told the doctor I got daindruff. "Everybody's got daindruff," he said in his kind of ratty voice like he was on television. I got it real bad I tell him. Tough, he says. Just that, Tough! There's no cure. Now, that's what he thinks. I go through the bathroom cupboard and I find 37 different cures for daindruff. The bottles all say so. In kind of cautious tones, mind you. "You got daindruff," says the bottle, "this MAY be just what you need." There was 147 rats in north east Texas. Maybe it was in northwest Texas and they all got daindruff. They were television stars and they caught it real bad from an announcer. We got the bottle that cured seven of them. I think the other 140 died as a result, but the bottle doesn't tell you that. It's good stuff. Smells like an angel's prayer and foams in the basin. \$.46 on special. Only thing it seems to give the daindruff just what it needs to grow. The labels don't mean a thing. If they all worked there'd be no use for the other 36. It's the price tag "Dame" - comes in a bottle complete with the whip to bring it under control. Does nothing for you except make you beautiful. Only 4.69! It's good for the feet, as well, makes them smell nice for a change. "Fruity" has the juices of 128 lemons and six eggs. Stinks like fury and only 5.19. Gives body to the hair. "Horse!" on special at 4.19. Good for fat hair. Only I got no fat hair. "Summer Mush" lets your hair be your hair and for only 2.75! "Slurp" takes the curl out of hair for 3.95 and "Elurp" puts a wave in straight hair for 2.19. "Winter Magic" degreases dirty-looking hair at 1.60 the shot and "Summer Fun" adds the natural oils to your hair to resist the sun for a mere 3.69. And so it goes on. Every dreamy-eyed inventor of new dopes finds his way into my cupboard. And that's why my hair's white. "Dungy" for natural hair, only 5.99!

Maggi Schubart is surely fond of deer. She's planted flowers for them around all her trees.

FORMER ISLAND GIRL WEDS

Rev. Jeffrey Smith officiated at a double-ring ceremony in Shady Creek United Church, Saanichton, on October 9, when Doreen Gail, second daughter of Mr. and Mrs. Kenneth Ralph (formerly of Salt Spring) exchanged vows with Gilchrist Frederick Newton, eldest son of Mr. and Mrs. Frank Newton, Saanichton.

Prospect Lake Community Hall where Albert Lihou, of New Westminster, proposed a toast to the bride. Fred Handy was

in charge of the music for dancing. Guests were present from Manitoba, Saskatchewan, Oyama, and Vancouver. Following a honeymoon to the mainland, the couple will make their home in Victoria.

Given in marriage by her father, the bride was radiant in a full length white sheer dress.

The maid of honor was Miss Kerry Killoran. Bridesmaids were the Misses Laura Dunnan, Penny Birch, and Karen Ralph, the bride's sister. Richard Poole acted as best man, and Philip, Greg and David Newton, brothers of the groom, and Jim Ralph, the bride's brother were ushers.

The reception was held in

A MATTER OF CONVICTION

Many British Columbians fear the Friday Amchitka blast for various reasons.

To some it is an immediate threat of disaster. The unprecedented explosion in the Aleutians could bring disaster. It is not likely to do this, but it could. And some are fearful.

To others, the ultimate, long-term effects are incalculable and therefore fearsome. A further contribution to the destruction of the atmosphere is the more objectionable for its closeness to home, they feel.

Various expressions of protest will be observed.

The Victoria Labor Council has called for a brief stoppage on Wednesday in protest. Some on the islands may respond to the call.

A number of parents have announced their intention of keeping children out of school on Friday for fear of immediate effects.

Number of churches will be open as a token of the peace that we have rejected for so long.

Yet others will give the incident scarcely a thought as they go about their ordinary affairs.

On Friday the Amchitka blast will remind the world of the progress made by technology in the elimination of people.

On Sunday, churches throughout the community will pay tribute to those who died in the wars of this century.

On Thursday, veterans of the islands will pay their own tribute to the men who died on the field of battle.

There are two threads of association running through the week's program.

The first is the relationship of incident and protest. The United States has prepared the way for the Amchitka blast in the confident belief that the hazards of unprecedented destruction are preferable to the hazards of world conflict deprived of the knowledge contained in the explosives. The protesters are fully convinced that the hazards are too great to justify the act. Each is convinced and unlikely to change readily.

The second is that during this time of remembering those who have died in war, what better time to resolve to avoid future conflict?

Of all people, those of us who have served through wartime should be the first to realize the hazard of a future war with all the benefits of human ingenuity.

Amchitka is the loudest reminder we will have for a long time. We should observe it well and resolve that we, as Canadians, will never contribute to a nuclear war.

LETTERS

CLARIFICATION

Editor, Driftwood,
Re: Letter by Darlen O'Donnell to the editor.

I wholeheartedly agree with some of the contents of her letter. But I wish to clarify others which I do not.

When I mentioned custodian and also the grave of the forgotten man, I did not intend it to mean any one individual homo sapiens. I meant it to be interpreted as meaning, "Canada", our friend and guardian. If my phraseology did not convey my thoughts, I apologize to all who read otherwise. I did not intend it to demean any one individual per se, as the action taken was by the Canadian Government.

The responsibility lies in the governing body, not the actions of one person.

I have only the highest esteem for the men who serve our

country in the law-enforcing branch. Without their never-ending service in upholding the law, we would be left with anarchy.

I know that the men of the R.C.M.P. at Ganges have a most difficult time. I wish to publicly acknowledge, that I appreciate all their diligence and endeavour in the pursuance of my request, and all others.

I wish to gratefully acknowledge to Bea Hamilton for her open letter to me. I appreciated the letter very much.

I wish also to thank all the many Island people who wrote to me; to those who sent unsigned, derogatory letters to me. I also wish to thank them for taking the time to write to me, as it was most meaningful.

-Alice M. Tanaka,
16959 S. Denver Ave.,
Gardena, Calif. 90248,
October 29, 1971.

SATURNA

BY PAPAJOHN

No visitors this weekend, ye Mayne Queen just up and quit. John Cronkite, mesmeric Marie Baynes and jingling Janet Morrison made it via Mike Stacey's water taxi from Mayne Island. The old Pender Queen got in to the act and arrived here at 5 o'clock Saturday. We were going to make a few sarcastic comments about how cold it is at 6 a.m. on the Mayne Queen but better wait until the old gal is feeling better.

Mesmeric Marie Baynes wanted to show her friend jingling Janet Morrison, from Glasgow, our Island and they got a little more scenery than they expected and are in for a treat via the Pender Queen this afternoon but it could be worse; they haven't dragged the Cy Peck out of the mothballs yet!

Kalos Kay Cronin and pixy Phyllis Wilson were over last week to close up Kay's cottage for the winter.

Another Islander returned for a short visit last week, Bill Copeland. Bill has been lighthouseing all summer up and down the coast. For a guy who is supposed to be retired he sure gets around.

We also hear, via the grapevine, that Dan Mercier is the jailer at Watson Lake, so folks if you are up that way drop in and let Dan put you up for a few days.

Left the house the other morning to mail some letters and Granmarie was talking to Grama Louisa Gal on the phone. Mailed my letters, gossiped with jaunty Jean for a while went to the store then dropped into the Money house and Gramma Louisa Gal was on the phone and still talking to Granmarie. Ex-telephone gals never quit.

Gordie Campbell has done a wonderful job cleaning up around the store that azure Anne runs and John McDonald is building an extension to the store that his wife, bewitching Betty, runs.

The Hallowe'en Party in the hall for the kids of all ages was as usual a grand success. A bean supper started it off and then all the KIDS??? paraded around in their costumes. The Judges were fey Francis Vollbrecht, Rev. Jack Dangerfield and Walter Bavis. All the kids got a prize.

Noticed that wiley Walter likes Glaswegians for dinner partners. The last safari of moose hunters are still away and their wives are having a holiday too, so we will have to wait until next week to let you know that the moose population has not been notably thinned out yet.

No sad news this week. Bill Lawson was in Lady Minto for a short visit but is home and feeling fine.

If the Mayne Queen hadn't broken down we sure would have been short of news.

In the sad news we forgot that gentle Clarice Warlow was in to see her doctor and we had a fear that she might not be able to play the organ at ye kirk this am but she made it thanks to tasteful Tracy Pillsbury who took

WHAT HAPPENS TO MAHON HALL?

Future of Mahon Hall has not been established, a small meeting of Salt Spring Island residents was told on Wednesday evening last week.

In reply to a question by Paul Layard, George Heinekey explained that the Mahon Hall was the property of the island community. It was taken over by the department of education during the Second World War, he explained, and given to the school district.

If the school district has no further use for the community hall after the successful presentation of the school-building referendum will it be returned to the community, asked Mrs. Phil Valcourt.

School Board Chairman, Mrs. Ione Guthrie explained that this aspect of its use had not yet been discussed.

Meeting was called by the Salt Spring Island Ratepayers' Association to hear an outline of the \$948,000 referendum. About 40 people attended.

Criticism was expressed by a number of visitors over the board's decision to present the building program as one vote. It was suggested that if the program had been broken down into its component parts the taxpayer could support that part he felt was most urgent.

All projects were important, replied George Heinekey and trustees could not separate them.

Referendum provides for the reconstruction of Ganges Elementary School to meet the requirements of the fire marshal and to provide a more modern setting for students. New home economics room and workshops for industrial education will be provided for the high school. Lib-

ISLANDERS AND ART DURING PRESENTATION

Skipper Frank Symes took a cargo of art-lovers aboard sloop ZITA, from Otter Cove to Ganges, Sunday, October 17

There, Penderites Mr. and Mrs. H.G. Glyde, Mrs. Norman Haslam, Miss Elfriede Hoffmann, Mr. and Mrs. Gera'd Stevens, the Symes and Ora's mother, Mrs. Ethel Edmark, joined an audience at Windsor Utley's studio to hear his views and explanations of his work.

gentle Clarice into town and brought her home. Thanks Tracey.

Most of the husbands had a day off last week when the Women's Club descended on the staid city of Victoria on their annual day on the town.

Don't forget to put a ring around the 20th of Nov. on your calendar as that is the day when we have a PORK dinner in the hall. The piglets are the ones that got wrassled around at the pig-diapering contest at the barbecue but they have been fed so well since that no one is in danger of getting a hunk of bruised pork. In fact we will be glad when they are cooked as then we won't have to collect scraps for them and deliver them to the Money home although it was always an excuse to see Louisa Gal!

rary and resource centre will serve all schools and the activity room for the elementary school is planned as the nucleus of a community hall.

Irrespective of whether or not the program is approved, the elementary school reconstruction must be undertaken in order to safeguard children attending school, the meeting was told.

Cost of the renovation program is set at \$187,000. This sum provides for the tearing out of old finish, reconstruction of walls and partitions and renovation of classrooms.

Under the proposed referendum, the community will pay half the cost and the department of education, for the province, will meet the other half of the cost.

In the event of the referendum's failure and the need for an emergency program of repairs and renovations, the government's share would be less than 10% and the district would be required to find at least \$170,000.

Activity room at the elementary school in Ganges has been sought for years. Two years ago it was prohibited by the provincial government. Cost is \$130,000.

Renovations and repairs to the elementary school with the provision of a new activity room will cost a total of \$311,000. Local taxpayers have to meet \$155,500 of this amount.

Biggest single item in the building bill is the home economics and industrial education room for the high school. This will cost \$342,000 with an ad-

YOUR SCHOOL BOARD

QUESTION CORNER

DID YOU KNOW?

that in recent weeks members of the Board of School Trustees of School District No. 64 (Gulf Islands) have attended meetings of a variety of organizations on Salt Spring Island and on the Outer Islands: at these meetings they have answered questions concerning the hoped-for, up-coming school referendum?

On December 11th taxpayers are being asked to give their permission for the expenditures of \$948,000 for new school buildings and improvements to existing buildings.

Approximately 50% of this money will constitute the local tax exemption.

Members of the Board are anxious to discuss the referendum with members of the Community. Should your organization wish to invite a member of the Board to your next meeting, please contact the School Board Office in Ganges and it will be arranged at once.

Published as a Community Service

MEMBERSHIP 140 FROM EIGHT

Interest In Arts Leaps

Art is coming into its own on the islands as membership of the Gulf Islands Community Arts Council leaps ahead.

On Saturday morning at the Presidents' Breakfast in Ganges, Gordon C. Matthews told the meeting that membership of the arts council had risen from eight in 1968 to 140 today.

During the summer months

there were 2,200 tourists visiting the displays of painting and other work in the Mahon Hall Exhibition.

Only 200 islanders attended, added Mr. Matthews.

Art is on "pretty solid ground" he remarked, and the drama group is going ahead.

During the summer the drama group was responsible for cleaning up Central Hall, he recalled. They are planning winter shows, but the date of the first show has yet to be announced.

There has been a keen interest among all the islands, concluded Mr. Matthews and this was particularly evident when the council staged a workshop in Windsor Utley's studio at Ganges. There were visitors from all the outer islands to take part.

DISTINGUISHED VISITORS ARE ENTERTAINED

Mrs. Florence Wood, Worthy Grand Matron of the Grand Chapter of B. C. attended Trincomali Chapter, No. 93, Order of the Eastern Star, for her official visit, on Saturday, Oct. 30. A luncheon was given for her at the Ganges Crest with several of the members attending.

Mrs. Nancy Swailes, Grand Lecturer and past grand Matron, accompanied her.

At the meeting at 8 p.m., Robert Swailes, Worthy Grand Patron joined the Worthy Grand Matron. Also attending were several other distinguished guests and members from off-island chapters.

It was the eleventh anniversary of the chapter's institution.

A pleasant social time was spent after the meeting with speeches, musical entertainment by Jean Anderson and Connie Arnell, accompanied by Rev. Fred Anderson.

A beautiful solo was sung by Jean Anderson as a tribute from Worthy Matron Mrs. Laundry to the Worthy Grand Matron.

Hat trimming and modelling contest was staged by the men.

FULFORD

BY BEA HAMILTON

Three whales were spotted coming into the harbor last week but were not seen again. They probably circled past Skull Island and out to sea. They were followed, however by stormy weather, and we get a taste of winds choppy seas and snow on the mountains. Snow in October is ridiculous and the weatherman should know better!

We can't fool the Hallowe'en witches and goblins by changing the time for their frolics, that is evident. No weird or otherwise ghosties came around on Sunday night here at least.

The R. Lees and C. Lees arrived home after a holiday at Cam Lake these last few weeks.

Mrs. Sheran Brawn from Chilliwack, was over to visit Paul Roland and family on Sunday. She called at Dromore to have her copy of Salt Spring Island autographed. Sheran is the youngest daughter of Verna Tahouney. Her peoples' names are recorded in the history of the Island.

LAUNCHING OF NEW CLUB

New service club is taking shape on the outer islands.

December 11 is the tentative date for the first meeting of Mayne Island Lions Club. President of Salt Spring Island Lions Club, Jim Merston, will take part in the launching of the new club.

LEGION BRANCH PLANS ANNUAL OBSERVANCE

Remembrance Day Parade At Saturna

BY LEGIONNAIRE
Plans for Remembrance Day

**MODERNISE
With
PROPANE**

ceremonies at Saturna were laid by Branch 84, The Royal Canadian Legion, at Saturna recently.

A letter was read from Mrs. M. Mackenzie offering the branch a plot in the Royal Oak Cemetery, Victoria, in memory of her father, our late comrade Dr. B. J. Hallows. The branch decided to accept the gift with thanks. A vote of thanks was given to Comrade Jack Nightingale for his work in repairing the Lych Gate War

Memorial at St. Mary Magdeline's Church, Mayne Island, which commemorates all those from Mayne, Galiano, Pender and Saturna who gave their lives for their country in the two World Wars and Korea.

The principal business of the meeting concerned the observance of Remembrance Day. It was decided that we hold our usual Parade and Service on Armistice Day at Saturna. Parade orders are:

0900 hours: Mayne and Galiano members fall in at War Memorial for laying of wreath.

1040 hours: Fall in; Community Hall, Saturna.

1045 hours: Church parade; Rev. J. Dangerfield in charge.

1100 hours: SILENCE PERIOD.

1200 hours: Rum issue, lunch sing-song and get-together.

All members of the general public are invited to this service.

For a number of years this branch has run an essay competition for all children attending school in the area covered by our branch. This will be held again this year, and det-

ails of the rules are being mailed to the school principals.

Our children have always shown a great interest in this competition, and have submitted some very fine essays. We hope that we shall have the pleasure of reading some even better ones this year.

As usual, if our committee thinks any of the essays are of good enough calibre, they will submit them for the competition at Zone level. For a number of years some of these essays have won prizes in competition with the city schools, and we hope to repeat this once more in 1971.

There was some discussion on the dues to be levied in 1972. The per capita tax for Dominion and Provincial Command now stands at \$5, but the final decision was that the dues be the same as in 1971, the branch to absorb any loss in the general fund.

We hope to see a really good turnout on the Remembrance Day Parade, both veterans and the general public. Decorations and medals will be worn.

BAZAAR ON SATURDAY

BY LOPING LUCY

Plans for OAPO bazaar, to be held this coming Saturday, Nov. 6 at 2 p.m. in St. George's Hall, were completed at the pensioners' recent meeting.

Members and friends have been generous with donations for the affair. Before the meeting was over, convener Mrs. St. Onge was surrounded by cartons of articles for the stalls.

Secretary Mrs. Elsie Thacker reports she has difficulty moving around her house for piles of boxes of jams, preserves, knitting, fancy work and Christmas novelties; not to mention Mrs. Thacker's sought-after marmalade, which she makes and donates in considerable quantity for OAPO funds.

Tea will be served by Mrs. Truefitt and her committee. A well-stocked bake stall will offer a range of home made goodies.

Mrs. Thacker, Salt Spring Island's 1971 Good Citizen will open the bazaar. The welcome mat is out for everyone. Please come!

SUDDEN DEATH OF GEORGE EVERELL ON SALT SPRING

George Oswald Everell, of Vesuvius Bay, died suddenly on Thursday, Oct. 28, at the age of 76.

Mr. Everell had lived on Salt Spring Island for the past 14 years. He was previously with the Forestry Service.

He leaves a son, Gerald, in Pasadena, California.

Funeral services were held from St. George's Anglican church on Monday under the auspices of the Royal Canadian Legion.

Archdeacon R. B. Horsefield officiated. Pallbearers were Alex Butler-Cole, Harry Nicholls, P. R. Bingham, Jim Campbell, F. L. Jackson and Jack Lamb. Standard bearers were Vic Jackson and Paul Layard.

Goodman's Funeral Home was in charge of arrangements.

SCHOOLS

(From Page Four)

ditional \$55,000 for equipment Administration and resource centre at the high school is slated for \$124,000.

The three additions, activity room, resource centre and home economics and workshop rooms will be placed on the slopes of the rock outcrop between the high school and the elementary school.

Meeting did not endorse the criticism that items should have been planned separately.

FULFORD HALLOWE'EN IS GUY FAWKES DAY

Most of us are still scratching our heads and wondering if Hallowe'en was on Saturday or Sunday. The Fulford Firemen though, plan to celebrate this coming Friday. Their scheduled October 31st bonfire and fire-

work display was postponed because of rain, and hopefully the weather will co-operate this time. Friday being November 5, is also Guy Fawkes Day. Possibly the evening will take on old English Traditions, dating

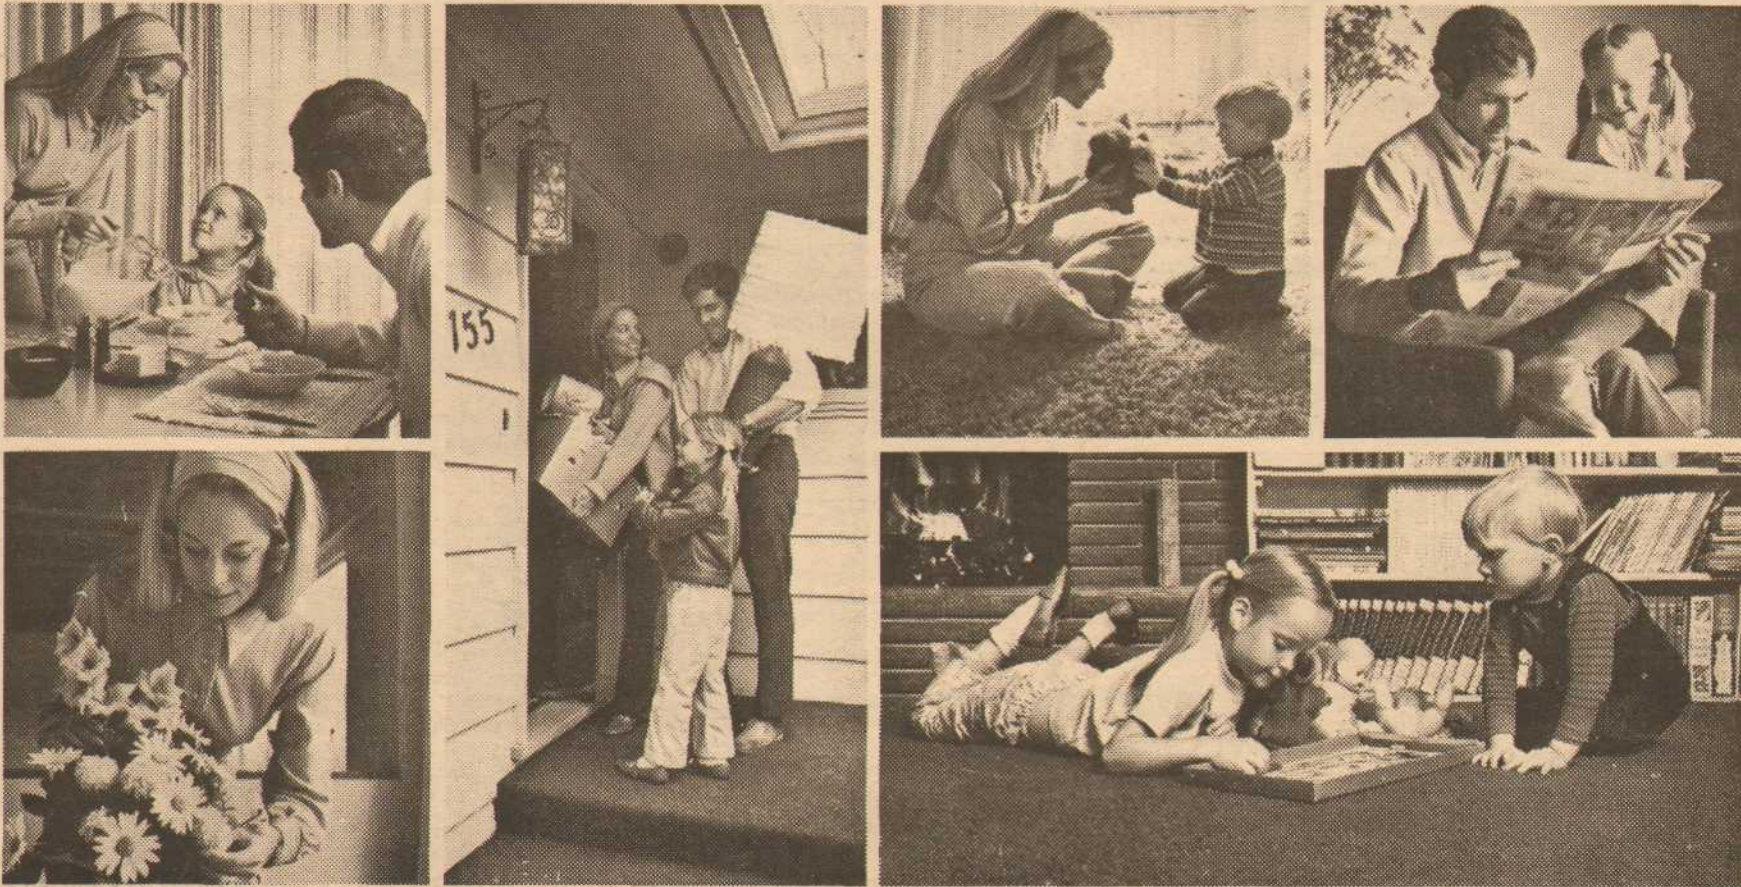

back to the 17th century, or perhaps new Fulford tradition will be started. Maybe the witch with the waist-length hair who cackled over her Hallowe'en goodies, then rode off on a broom with her son by her side,

will reappear. Come along at 7.30 Friday night to Drummond Park and join the fun. —M.S.

Friends are born, not made—
H.B Adams

CENTENNIAL MEMO - In 1821 the Hudson's Bay Company referred to its second-class clerk, James Douglas as a "promising young man." He is referred to today as the father of British Columbia.

Go ahead and buy that home you've always wanted.

**To buy a "new" home:
\$5,000 Second Mortgage Loan or
\$1,000 Home Acquisition Grant**

A Second Mortgage Loan to a maximum of \$5,000 or an outright Home Acquisition Grant of up to \$1,000 is available for persons buying a new home.

To qualify for the Loan or Grant, you must be the first occupant of the home and must have lived in British Columbia for 12 months immediately preceding the date of purchase or completion of construction.

The Loan can equal but cannot exceed the difference between the cost of the property and the first mortgage. This Loan or Grant can serve as part of your down payment.

Previous Annual British Columbia Government Home-owner Grants received will be deducted from the \$1,000 Grant, but not if you choose a Second Mortgage Loan.

**To buy an "older" home:
\$2,500 Second Mortgage Loan or
\$500 Home Acquisition Grant**

A Second Mortgage Loan to a maximum of \$2,500 or an outright Home Acquisition Grant of up to \$500 is available for persons buying an older home.

To qualify for the Loan or Grant, you must have been a *tenant* occupying rented accommodation continuously in British Columbia for not less than 2 years immediately preceding the date of purchase.

Previous Annual British Columbia Government Home-owner Grants received will be deducted from the \$500 Grant, but not if you choose a Second Mortgage Loan.

Interest lower than on Federal N.H.A. first mortgages

If payments are made promptly there will be an annual refund of up to 10%, reducing the effective interest rate on a 25-year Second Mortgage Loan to 7½%. For example, the monthly payment on a \$5,000, 25-year Second Mortgage Loan is \$41.00 but the 10% refund would in effect reduce this to \$36.90. On a \$2,500, 25-year loan the monthly payment is \$21.00 and the effect of the 10% refund would reduce it to \$18.90.

Most Mortgages Fully Insured — without extra charge

Where applicable, if the borrower who is the principal support of the family dies, the Government of British Columbia will forgive the remaining debt. There is no charge for this insurance — nor are there any application, legal or registration fees or charges.

Annual Home-owner Grants reduce your property taxes

Once you have purchased your new or older home you become eligible for the Home-owner Grant of up to \$170 annually — an important factor in helping to reduce the amount of your property taxes.

PRIVACY WITH

GRIDS OR NUMBERS?

Salt Spring Island Ratepayers' Association has been working on a house-numbering scheme for the island.

On Saturday Reg Taylor told a Ganges breakfast meeting that the association is planning a grid system, whereby properties would be allocated a grid reference rather than a street number.

The grid reference would be retained by the property owner without publicizing it. In an emergency he would identify his property by the grid reference which would correspond to a map in the fire, ambulance or police office.

Jim Merston, president of the island Lions Club, which sponsors the emergency ambulance service, was fearful of the time when a neighbor might be required to call in the alarm. He would be unable to identify the home.

Mr. Taylor explained that the system had been proposed in order to avoid offence to residents who object to house-numbering as an infringement of their privacy.

"We don't run into the problem of people who don't like numbers," he told the gathering.

MODERNISE With PROPANE

RETURNS HOME FROM WEDDING

Mrs. Guy Cunningham accompanied by her daughter, Miss Lillian Cunningham, returned home at the weekend after a two week vacation in Ontario attending the Weatherell-Miller wedding and visiting relatives and friends back east. While at Thornhill they were guests of Mr. and Mrs. R. J. Miller for the wedding of the Miller's only daughter, Sheila, to David Weatherell, of Galiano Island. Miss Cunningham was bridesmaid. Mrs. Cunningham and her daughter also visited their cousins, Mr. and Mrs. Alan Purdy, Mississauga, Dr. and Mrs. Robert Loughrey, Brockville, and friends, Mrs. Wood and family at Ottawa.

regional district is that we are irrevocably opposed to bridges to Salt Spring Island," he stated

The planning committee assessment of future development will be printed and distributed among the people of the capital region, said Mr. Holmes. Three patterns of planning have been considered, he told the meeting. One looks at the effect of bridges: second considers the future of the area without bridges and the third looks at the islands with extensive park development.

Mr. Holmes made it clear that he stands on no bridges. He was asked again for the origin of the reference to bridges.

"All I know is that the Vancouver Province published the story," he reiterated.

Mrs. Nita Brown replied that that was not good enough for her.

"Tony Roberts gave the story to the papers," she suggested.

Planning director Roberts did not give the big story to the Province, observed Mr. Holmes.

"I am convinced that bridges must be considered," he repeated. "We must take a hard look at the Gulf Islands if the bridges were brought here. What would happen to the Gulf Island if the provincial government were to put in bridges?"

The threat of bridges will not go away if we ignore them, warned Henry Schubart.

"Tony Roberts is giving us the information we need to fight bridges," he added.

Sharp exchange ensued between Director Holmes and Candidate J. R. Wilkinson.

Small group on the island is not going to stop bridges coming if the governments want them observed J. B. Stewart.

If there were no danger of bridges Mr. Roberts would not have brought the matter up for consideration, observed Jack Russell.

Who sets the policy and does the planning director follow his own ideas, asked Mrs. Beth Wood. He follows the guidelines of the committee and works within fairly broad limits explained Mr. Holmes.

Numbers would be more positive, the meeting was urged.

FORMER ISLAND MAN TO WED IN VICTORIA CHURCH

Mr. and Mrs. D. Wells, formerly of the Trading Company, Ganges, have announced the engagement and forthcoming marriage of their younger son, Richard, to Marylyn Leymann of Victoria. The ceremony will take place in Fairfield United church, Victoria, on Nov. 20 at 2 pm.

Richard Wells spent his entire school years in Salt Spring schools, completing Grade 1 through Grade 12.

Best man is Edward Gilman, elder son of Mr. and Mrs. F. Gilman, Ganges.

Bride and groom are both with the Bank of Montreal in Victoria. They will take up residence in Esquimalt for a while.

TAKES A STAND

No Bridges, Please, Says Holmes

Neither the Capital Regional District nor the Salt Spring Island director has promoted the construction of bridges to link the islands with Vancouver Island.

Marc Holmes, regional director, asked permission to make "a statement of some importance" at Monday evening's meeting of the Salt Spring Island Advisory Planning Association.

"No one on the Capital Regional Board wants to bring bridges to Salt Spring Island," he stated "and as far as I know none of the staff would be in favor of this thing."

He was horrified several years ago when he first heard the suggestion, added Mr. Holmes.

He continued that when the planning committee of the regional district had reported that the effect of bridges on the islands would be included in the survey of development he had opposed its inclusion.

After some debate he had come around to the position of accepting the assessment of the effect of bridges, because the possibility, though remote, had to be considered.

Jack Russell recalled that the question of bridges was first brought up by a story in the Vancouver Province disclosing a survey carried out by the then Highways Minister P.A. Gaglardi.

"My stand and the stand of the

NOTICE TO THE PUBLIC

REGISTRATION OF DISCHARGES OR EMISSIONS TO THE AIR PURSUANT TO SECTION 5A(5) OF THE POLLUTION CONTROL ACT, 1967

All persons (including individuals, firms, societies, corporations and all levels of government, subject to jurisdiction of the Province of British Columbia) who immediately prior to January 1, 1971, were causing or permitting the discharge or emission into the air of any contaminant from essentially an industrial source are required to so notify the Director, Pollution Control Branch, in writing on or before December 31, 1971 respecting the type of contaminant, and the rate and location of the emission.

Failure to comply with the above is an offence against the Act and is punishable by a fine not exceeding \$1,000.00 or to imprisonment not exceeding 3 months, or both; if the offence is of a continuing nature by a fine not exceeding \$500.00 for each day the offence continues (Section 20A of Pollution Control Act, 1967).

ONE REGISTRATION FORM IS REQUIRED FOR EACH EMISSION

Registration forms and more detailed instructions are available in your area from the Pollution Control Branch at:

Hunt Sowrey Heads Legion

BY LEGIONNAIRE

Walter Hunt-Sowrey was elected president of the Gulf Islands Branch of the Royal Canadian Legion on October 5.

Annual general meeting of the branch was held at Saturna. The principal business was the election of officers. Following officers will serve with Mr. Hunt-Sowrey; first vice-president, J. L. Menzies; second vice president, W. I. Ferguson; Master-at-Arms, M. Littler; secretary-treasurer, Rev. J. Dangerfield; P.R.O. and welfare officer, W. W. Hunt-Sowrey; auditor, D. Balsillie; chaplain, Rev. J. Dangerfield; immediate past president, J. H. Dought.

The retiring president thanked all the officers who had served

with him for their help, and a special vote of thanks was given to the retiring secretary for his many years of service.

The branch decided to recommend to Pacific Command that the Past President's Medal be awarded, with the appropriate bars, to the retiring secretary.

The treasurer's report showed that the branch accounts were in a "reasonably healthy state."

SURVIVES FALL

George Pearson and Pender Care Tree

BY CULTUS COULEE

George Pearson, Pender's Pet Partridge, nearly didn't make it into his CARE tree, this year.

At Armadele in June, working at the waterfront over Navy Channel, a root gave way and down he went, 22 ft. sheer. "When I came to, I was lying in a bunch of rocks. I stretched one leg. It worked. I tried the other. It worked too. I could just move my arms but it was agony."

Somehow he made it up the steps to the house. Edith Pearson was in Saanich, but neighbors Edison Fralic and Art Hasel got him to the doctor in time. Dr. Homer Rogers put six stitches in the bleeding skull.

After three weeks in bed, George Pearson made like the song: "Riding high in April, shot down in June. I just pick myself up and get right back in the ring."

The ring, of course, has a

Christmas chime, calling all helpers for CARE. In early October "\$160 had come in already, without solicitation. I have written 230 letters and have 150 more to do." At nearly 85, a partridge doesn't chicken out.

Each year George cuts a tree on his property. The flagpole gives it support. Each donation sets a new light glowing on the tree. And keeps the glow in George's heart and cheeks and eyes.

FERNWOOD

BY JESSIE SAYER

'Greenpeace Two', on its way to Amchitka is the ship, Edgewater Fortune, which cruised around the Gulf Islands this summer and made several calls at the Fernwood dock on different occasions.

The wild gale of last week caused a small boat to break away from the dock. The owner and some friends finally rescued the boat, which was in danger of being completely wrecked.

Another 93 boxes of clothing of all sorts plus layettes was shipped from Fernwood to UNICEF.

The energetic North End Neighbors make and mend all year through and this is only one of many shipments. R. M. Toyne arranged to truck the goods into Victoria.

Hallowe'en by candlelight was how this district and maybe some others spent part of Saturday night. The goblins and witches still came by moonlight.

CEREMONY IN ONTARIO

David Weatherell Marries

BY MARGARET CUNNINGHAM

A pretty double-ring ceremony was held in the 91-year old United Church at Richmond Hill, Ont. on Saturday, Oct. 16 when Rev. Robert Smith united in marriage Sheila Elizabeth, only daughter of Mr. and Mrs. R. J. Miller, of Thornhill, Ont., and David Scott Weatherell, eldest son of Mrs. Beryl Weatherell and the late C.R. Weatherell, of Galiano Island.

The bride, given in marriage by her father, looked charming in a full-length wedding dress of sheer white organza over tafeta. She wore a large white picture hat and necklace of cultured pearls, the gift of the groom.

Mrs. David Fullerton, of Toronto, a class-mate of Women's College Hospital, Toronto, was matron of honor.

Miss Lillian Cunningham, Victoria, was bridesmaid. Both matron of honor and bridesmaid wore a jade drop necklet, the gifts of the bride.

The bride's 91-year old grandmother, Mrs. R. W. Miller, looked very charming as she attended her only granddaughter's wedding.

Mother of the groom, Mrs. Beryl Weatherell, of Galiano was unable to attend. Harry Baines of Galiano, was best man and the ushers were Peter Miller, only brother of the bride and Larry Geraghty, of Scarboro.

"Sandy" Latimer, uncle of the bride, was master of ceremonies

MR. AND MRS. DAVID WEATHERELL

at the reception at Richmond Hill.

The bride and groom left on a honeymoon trip motoring across Canada, and will make their home in Ladysmith.

Over 80 relatives and guests attended the Weatherell-Miller wedding, and a number of guests were from Victoria, Salt Spring Island and Galiano Island.

MORE CLASSIFIED

REAL ESTATE

GALIANO ISLAND
Designed especially for the golfer and retired couples with discriminating tastes, there are a number of beautifully wooded homesites still available in the exclusive area surrounding Galiano Golf & Country Club's unique 9-hole golf course. Fully serviced, protected by covenant they are priced from \$9,000 with terms arranged.

Unfinished cabin on 1 1/2 acres of land near the village, 100 ft. of waterfront on Whaler Bay, full price \$13,500.

Six-acre parcel of park-like hillside only minutes from the ferry, overlooking the entrance to Active Pass, for private estate or future development. \$16,000

SOCCER SCORES COME UP

BY DRAW BACK

SOCCER

Alexander 0
Salt Spring Elem. 9
Playing under very wet and slippery conditions Salt Spring showed far more purpose in defeating the Duncan school.

Moving the ball crisply and showing fine ball control the elementary school scored regularly throughout the game.

Defensive standouts for Salt Spring were Mike Byron and Gordy Lee, while on the forward line Martin Legg and Bobby Empey proved very difficult for the opposition to control.

Mike Rozzano ran forcefully at centre forward and David Woodley had many fine runs down the right wing.

Scorers: Legg 4; Rozzano 2; Kitchen 1; Lee 1; Empey 1.

GRASS HOCKEY

Alexander 2
Salt Spring 3
Monday, Oct. 25, witnessed a game well played by the elementary school girls.

Adept stick handling with several good runs by wings Cathy Anderson and Lori Wood led Jennifer Byron to the first score of the game.

Debbie Woodley, in the second half scored her second goal to break the 2-2 tie that marked the exciting game. Throughout Kathy Taylor proved a strong defensive half-back and fed the forward line with her long return hits.

Even the pouring rain couldn't dampen the spirits of the victorious islanders on their return home.

* * *

On Sunday, two of Salt Spring's soccer teams played off-island and two played on Salt Spring.

The team coached by Mr. Bantel, division 4, played at Sherman Park in Duncan and lost 3-2 against Bradshaw Construction. The teams were evenly matched with both goals scored for Salt Spring by Billy Johnson. One of which was a penalty shot. Peter Bantel played a strong game at the inside left.

Team coached by Geoff Howland and Mr. Althouse, division 9, played at Duncan and lost 2-0 to the Vikings. Salt Spring played their best game to date despite being one man short for the whole game.

The team coached by Tom Toynbee and Doug Burke, division 7, played at Ganges and tied 0-0 with Crofton. It was a very evenly played game with both teams having good chances to score.

Team coached by Don Hartwig and Glenn Woodley, division 6, played at Ganges and lost 1-1

to Duncan Butler Brothers. This was a very well played game by both teams. Butler scored midway through the second half. Both teams had several good scoring opportunities but could not capitalize on them. For Salt

Spring Gordon Lee played a very strong game at mid-field.

THE LIGHT TOUCH
By H.J.CARLIN
Johnnie said: "We are going to get a baby boy at our house."
"How do you know?" asked the teacher. Johnnie, "Last year Mom was sick and we had a baby girl; this year Dad is sick."

In the warm days of June, a girl informed her sweetheart that she couldn't think of marrying him until he had saved a thousand dollars. However, with the arrival of winter and cold and lonely days ahead, she asked him how much he saved. "Oh, about \$35," he replied. "Well," she said with a blush, and a sigh, "I guess that's close enough."

PROPOSED BY ISLANDERS

Fourth Pattern of Development

Planning and zoning should not have the effect on the islands of creating an artificial shortage of building sites. This was one of the recommendations of the McConnell Committee of Salt Spring Island Advisory Planning Association presented on Monday evening.

The committee report comes as the Capital Regional District prepares to present a three-way development plan. The McConnell Plan is the fourth.

The island includes 44,000 acres, stated Mr. McConnell. Of this area 9,000 acres is government and forestry company property. Where island land is not already used for park purposes and where the land lends itself to residential development it should be allocated to that purpose.

No land should be zoned arbitrarily farmland or for 10-acre minimum for subdivision, continued the report.

There is adequate public waterfront property with the provision of 10% waterfront for park purposes, stated the report.

Orderly development of a community from the centre, outwards is the normal manner of

growth. It is too regimented for Salt Spring Island the cluster-type of development should be avoided here.

The proposal was described by Henry Schubart as "typical suburban development". Mr. McConnell had not planned it as such, he replied.

The plan should be directed to the regional district, suggested Mr. Schubart with the request that it be given the same study as the three patterns of development already under consideration by the planning committee of the district.

Islanders should be aware of the impact of such a development on all aspects of island facilities.

The requirement of percolation tests for all development would only apply, observed Mr. Schubart, as long as a sewer system can be installed. He also observed that no steep slope is a barrier to residential construction. Homes can be built on a slope up to 40%, he warned.

Report was referred to the Capital Regional Board, with the observation that it is a committee report and has not been studied or endorsed by the association.

FINED \$200 ON IMPAIRED DRIVING CHARGE

Donald Morrison, Ganges, was fined \$200 when he appeared in Ganges provincial court on Saturday morning to answer a charge of impaired driving. Offense took place on June 24

TWO HURT IN COLLISION

Two were injured when two cars collided on Lower Ganges Road, near the Dutch Beauty Salon on Saturday afternoon.

Driver of the northbound car, William G. Hitchcock and his young passenger, Michael Jefferies were taken to Lady Minto Hospital suffering head injuries and facial cuts.

Driver of the southbound car, Jack Russell, escaped injury. Damage was estimated at \$700.

NEWCOMERS

Mr. and Mrs. D. E. Bowers, formerly of Vancouver, have taken up residence in their new home on North Beach Road, Salt Spring Island.
