

Gulf Islands Driftwood

Serving the islands that make Beautiful British Columbia Beautiful

Fourteenth year No. 22

GANGES, British Columbia

Thursday June 7, 1973

\$4.00 per year in Canada, 10¢ copy

ROCK AND YET MORE ROCK!

Rock is not cheap. Trustees of Gulf Islands School District learned on Monday afternoon that the removal of rock at the Ganges site of new classrooms has already cost about \$50,000.

Contract provided for the removal of 375 yards. To date some 3,000 yards have been taken out.

Chairman Charles Baltzer explained that rock is the material which must be blasted. If it can be removed with shovel, then it is not rock in the terms of the contract.

All rock beyond the contractual figure of 375 yards is charged at the rate of \$18 a yard.

TO OPEN PARK ON SATURDAY

On Saturday the new Centennial Park at Galiano will be formally opened at 2 p.m.

Ceremony will be conducted by a Galiano figure already closely linked with island history, Donald A. New. In charge of the day's ceremony will be Basil Bengier.

Government and other dignitaries from various centres will take part in the ceremony.

Five acres of land was donated for the park by Mr. and Mrs. Fred Robson and Mr. and Mrs. Jack Bickerton. Park adjoins the school grounds.

L.I.P. grant has been used to lay out the recreation park last winter. Barbecue, adventure playground and other facilities were constructed.

INSTALLED IN JOINT CEREMONY

Paul Layard and Mrs. Vera Nicholls were installed as president of the Legion and Legion Auxiliary in a joint ceremony on Monday evening.

Salt Spring Island branch of both organizations took part in the formalities, which were preceded by a Legion meeting.

All members of the two executives were included in the ceremony.

SUCCESSFUL SALT SPRING SAILORS

First five places are taken by Salt Spring Island Sailing Club on June 3 at Cowichan Bay Regatta, in the sabot class. Here the entries are just crossing the starting line. —Photo by A. M. Sharp.

No Order No Refreshments

There will be no refreshments in Ganges establishments over long weekends if order is not maintained.

Harbour House Hotel will close its beverage rooms at holiday week ends, reported Walter Herzog in a letter to Salt Spring Island Chamber of Commerce last week.

David Hill, proprietor of Ganges Crest, has told the island committee investigating holiday upheavals that he, also will close under those circumstances.

The committee was appointed after a public meeting in Ganges last week and it is already in close touch with the Attorney-General's office. Chairman is Jim Wilkinson, of the Salt Spring Island Citizens' League.

The department of recreation has already promised three patrolmen for Mouat Park and Ruckle Park on the July 1 holiday week end. In the meantime, the RCMP has assured the island committee that there will be adequate police cars and officers available.

Members of the committee are Reg Taylor, Ratepayers' Association; Tom Marcus, Recreation Commission; Peter Thomson, Planning Association; Tom Toynbee, Chamber of Commerce and Mr. Wilkinson.

The committee has already written to the Attorney-General outlining the conclusions of the meeting at Ganges and asking for an augmented police detachment among other improvements recommended by Mr. Toynbee last week.

The Committee's letter expressed warm appreciation of the manner in which the island detachment of the RCMP has handled a difficult situation. Request for a meeting with government and police officials was set aside after both departments offered support for the island's plea.

66 FOOT SCAR

Hugh Curtis, Saanich and the Islands MLA is keeping an eye on the Islands. He has written to Minister of Highways Graham Lea, regarding the need for a 66 foot road in the

SITE GETS GREEN LIGHT

Provincial government has approved the allocation of two acres in Mouat Park for a sewage treatment plant.

The site was sought by the Ganges Sewer Committee of Salt Spring Island Chamber of Commerce because it is the low point of the proposed sewer area and all trunk lines would come in by gravity.

Proposal met with the approval of various island organizations and the Capital Regional District.

Islands Will Be Policed

Islands will get the policing they need.

On Tuesday Supt. J. Nelson, officer in charge of "E" Division, assured the Salt Spring Island park committee on Tuesday that there will be 10 additional police officers here on Dominion Day weekend.

If more than 10 prove necessary, there will be 50, he assured Jim Wilkinson and Reg

Taylor.

The police officer also explained that drinking in campsites is perfectly lawful, Jim Wilkinson reported to DRIFTWOOD.

The campsite is a man's temporary home and he cannot be deprived of the privilege of taking a drink unless there are specific reasons why he should be restrained.

AWARD AT DINNER NEXT WEEK

Citizen of the Year will be announced on Friday evening, June 15. The Salt Spring Island Chamber of Commerce established the annual award many years ago. Last year no award was made, but it has been revived this year.

The Chamber will stage its annual dinner in the Golf and Country Club and the awards will be made following the dinner.

Tickets for the dinner may be obtained from any member of the chamber and from most

merchants on Salt Spring Island.

Clean-up: Paint-up campaign has been extended to close on June 14. Judging will take place on June 14 and the winners will also be announced at Friday's dinner meeting.

NO CIDER IN B.C. FROM QUEBEC

Quebec has more than the French language and maple syrup. It has cider. Recalling her brief sojourn in La Belle Province, Mrs. Ione Guthrie told her fellow school trustees on Monday that it is "absolutely disgusting" that you can't buy Quebec cider in B.C.

Red Cross Gets \$657 at Pender

Miss Jean Davidson, chairman of the Penders Red Cross drive, reports a total of \$657.25.

Her helpers were Mrs. Maud Baird, Mrs. Diana Pollard Beegan, Mrs. Marge Bowerman, Miss Nan Dodson, Mrs. Dorothy King, Miss Marion McKechnie, Mrs. Anne Martin, and on South Pender, Mrs. Hope Jennens.

PUBLIC MEETING APPROVES SUPPORT

NO VIGILANTES FOR SALT SPRING ISLAND

No vigilantes on Salt Spring Island! Islanders are warmly in favour of showing active support for the RCMP to the extent of recruiting a security force here. They want no law-enforcement pattern outside the law.

More than 100 residents attended a meeting in the basement of the Catholic church at Ganges on Tuesday evening last week to discuss the near-riot conditions in island park areas during holiday week ends.

After a wide discussion of the problems, the meeting approved a Chamber of Commerce proposal by T. A. Toynbee, asking for volunteer force to support the RCMP and for pressure on the Attorney-General for augmented island policing.

The Toynbee proposal asked for representations to the parks branch to have the new Ruckle Park developed as soon as possible.

Request to the Attorney-General's department asking for some form of local force to assist the RCMP. He also called for a guideline from the Attorney-General as to what "aid could we properly give the police in the way of backing?"

The Attorney-General will also be asked for a security force at long week ends. He visualized a fast-moving force, preferably airborne.

The Chamber would ask for a strengthening of penalties for vandalism and hooliganism.

Finally, the Capital Region-

al Board will be invited to take over Mouat Park and convert it to a day-park, without provision for camping.

Meeting was orderly and quiet as island residents exchanged notes on week end disorder and possible methods of correction.

Mrs. J. B. French was chairman and the meeting was jointly sponsored by the island ratepayers, Chamber of Commerce, planning association and Citizens' League.

Chief Security Officer, H. Jordan, of the parks branch explained that there is no provision for a control staff at small parks. The cost of employing a full-time patrol officer and clerks would be

prohibitive, he told the meeting. He linked the island problem with the permissive society, the drug cults and motorcycle groups. Mr. Jordan also drew a link between the reduction of the legal drinking age and the present furor.

Bert Timbers was applauded when he told the meeting, "It's time we backed the police."

Lazslo Bedocs told the meeting that he lives behind the park. It was beautiful until the hoodlums took over, he said.

He demanded that the Mouat Park campsites be closed and that the park revert to a day-use centre. He added that he would like to patrol the island and force hoodlums off.

Gavin Reynolds foresaw the island residents chasing the 200 would-be campers off private property if the park were closed before any alternative provision is available.

Mr. Reynolds felt that only five per cent of visitors were in the hoodlum class, but his figure was challenged by Mr. Jordan, who estimated it at 95%.

There is no limit to the number of campers permitted in the park and there is no law which requires them to sign in to the park, stated Mr. Jordan in reply to John McManus.

Greg Molnar felt that the motorcycle people are the biggest problem. He visualized

FESTIVAL OF FLOWERS COMES TO CHURCHES

BY ELSIE MACDONALD

For the past 20 years or more, Salt Spring Island residents have each year enjoyed a public display of spring flowers gathered from the island's gardens.

Competitions for the best daffodils, the best tulips, and the best of many types of early flowers was keen, as gardeners vied with each other for top honours in the annual spring show.

The shows were originated in the post-war years by Col. Carvosso, assisted by other local flower lovers, and were held for several years under the Colonel's supervision. Before he left Salt Spring to live in Victoria, Col. Carvosso challenged the new and enthusiastic Garden Club to continue his work.

The challenge was accepted and the spring show, as well as the Club's fall show, continued to flourish year after year.

By 1971 the Garden Club had to admit that two shows a year, each increasing in size, was too much for the Club to manage. Reluctantly the spring show was dropped. But the feeling was strong that the annual display of early flowers should be continued in some form. Last year a successful spring festival was held in the high school courtyard. Different areas of the island set up floral displays on the rock outcroppings to represent their own locality.

This imaginative and artistic outdoor exhibition was opened to the public for one full day and was well received.

This year the display will take a different form. Roses, delphiniums, irises, will share pride of place with other early summer blooms in the Festival of Flowers to be held in Salt Spring Island churches June 9 and 10. All of the island's churches are participating in the event, which is patterned after the church Flower Festivals held annually in England. Enthusiastic reports coming in from local workers indicate that our churches will be beautifully decorated for the Pentecost week-end.

cost week-end.

The public is invited to view the floral displays on Saturday and Sunday afternoons between 1 p.m. and 7 p.m. There will be no admission fee or collection. Visitors are asked to sign a special guest book placed in each church, and to comment on the Festival, so as to give both the Churches and the Garden Club, some means of evaluating the success of the venture.

The Garden Club is appealing to people with cars to remember neighbours and friends without transportation, and to make it possible for them to take the floral tour.

Chapter Reviews Active Month

BY MRS. W. N. NORTON

H.M.S. Ganges Chapter, I.O.D.E. held the June luncheon on June 1 in the Ships' Anchor Inn, with 23 members and eight guests. The Canadian and Union Jack flags were on the banquet table. Several I.O.D.E. crests and arrangements of red, white and blue flowers were used for table decorations.

The guest of honor, Miss Doris Anderson, was introduced by the Regent, Mrs. Alfred Howell and presented with a corsage of small pink rose buds. At the end of the luncheon, Mrs. V.C. Best gave the toast to the Queen.

During the business meeting, held in the United Church Hall, Mrs. F. K. Parker expressed the chapter's thanks to Mrs. Lillian Bird for the Coffee Break that was enjoyed at her home and in her beautiful garden by the sea.

Mrs. Parker also gave the report of Citizenship Day at the school when Rev. Peter McCalmann was the speaker for the two assemblies. The address given the Secondary students, contained questions such as "How will we be occupied in the future?" and "Where do we go from here?" People have become world travellers and we should try to be world citizens, giving consideration to other countries beside our own and then be good citizens of Canada, our province and island. There were many light-hearted allusions to some of the students' activities.

Rev. Peter's address to the younger students was of interest to them for he told about his two small dogs and what they were like as citizens of his home.

Mrs. Parker displayed three large colored pictures, one of Her Majesty, the Queen, one of Prince Phillip and one of the Prince of Wales. These pictures are for the adopted school.

The proceeds from the Garden Coffee Party, June 13, will

be used for one art bursary and two bursaries for the band for the local school and an encyclopedia for the adopted school.

Mrs. L. Sayer and a team of members are working on the nursery bags and doing an excellent job.

Mrs. G. St. Denis gave the membership report.

Mrs. B. Lucas reported the needs of the IODE hospital room.

Mrs. B. Earl Hardie, convenor of the June party, allotted

to each member a practical part in it. We're being well organized that is why our parties are so enjoyable to the members and, we hope, to our guests.

Miss Doris Anderson told of her friends in Nepal who rescue and love children. They need help and if a reader should read this and would help them, to build a large hostel for their work, please get in touch with Miss Doris Anderson, postal address, Fulford.

to be frank

By Richards

All that glitters... school superintendent was looking back on boys and cooking last week when he recalled the chocolate chip cookies made with a chocolate laxative in a boys' class. Unfortunately one of the trustees ate the sample.

Tony Capaduca is a veteran fisherman. When an Englishwoman asked him for a rock salmon recently he was floored, but not for long. He produced a dog fish and she produced an excellent meal, he figures.

Newcomer to the Phil Sawford household weighed in at slightly more than 11 ounces. While half the islands frantically try to unload kittens, Phil has been looking for one. He has it.

Major casualty at the Beaver Point bean supper was the unfortunate young gentleman fished out from the hole in the men's privy. I guess the second-most-unfortunate gentleman was the man who fished him out.

It was muggy and moist when I sat in the car waiting for the Vesuvius ferry at the week end. In front was a large mainland bus, also waiting patiently. The motor on the bus was running fast and the air was heavy with exhaust fumes. It's a pity they can't send buses over which can take visitors around without gassing the islanders.

If Bob Blundell were a man to talk, you'd expect it. But with a quiet man like Bob, it just should never happen. He went into Victoria and parked his car to make his call. After the normal exchanges of

commerce, he went out, only to find a parking ticket on his car. Off he drove for a couple of blocks and stopped off for another business venture. That's for sure! Another conversation and another ticket. Now he only stops to say "Goodbye!"

As for those Lords of London! And to think I once insured my car with them!

Erl Jorgensen was worried a couple of weeks back. It was the week when the Shape-up Shop was running short of compressed air. Shape-up advertised that there would be no air for the week end. "I can't hold my breath for two days," protested Erl.

Tragedy of labour unrest and shortage of food is that it takes more than 10 million strike votes to grow one ear of corn.

Twinkle, twinkle, little star... How I wonder where you are! Lot of people have been wondering. Two weeks running a small asterisk was scheduled to appear in Driftwood advertisement. Both times the printer carefully filled it in, under the impression that it was a dirty mark on the page.

I like people. I have to. I like Tommy Douglas when he writes to me as "Grant Richards". I like Jim Hume of CFA when all his letters come addressed to Fulford instead of Ganges. I like Woody Fisher whose name is still on lots of mail coming to DRIFTWOOD, even though he hasn't been here for a decade. But I don't like people who don't reply to my letters. Above all, I loathe and detest people who expect me to reply to their letters.

Curly Mace has been around the islands lining rooms with dry-wall boards. He is now in a new business. He's around the islands making music. On Friday night he will bring his Nashville Touch to play for the graduation dance at Gulf Islands Secondary School. On Saturday night the group will play for a dance at Fulford Hall. The band has been well-received on Vancouver

School in the United States

BY KIM THORP

From May 25 until June 1, I was once more given the opportunity of travelling to Seattle. This was due to an invitation extended to me at the April Rotary Conference in Seattle.

Four Exchange students came - two Australians and two New Zealanders. Over the ten days we were billeted with two families each and got to see a lot of Washington scenery.

We were taken to Lake Shalnigan one day and I was amazed by the extremities of climate between eastern and western Washington, the first being dry and bare and the latter well forested.

One of the many highlights was a beautiful day up Mount Rainier and I must go as far as to admit that the scenery from the top of the mountain beats some of that in New Zealand.

We were also taken sailing in a 36-foot boat, up in a seaplane and around Lake Washington in a jet boat so we were really lucky with all the things we fitted into ten days.

One of the objectives of our stay was to see how U.S. schools operate.

I couldn't get a general idea as I only attended one school, but I wasn't over impressed with it. The school had 2,000 pupils and every materialistic thing possible - six gymnasiums a huge indoor pool and an oversized auditorium being among them, but I felt, for all this, the standard of education was rather low and that the amenities weren't really appreciated by the students.

Island and has been top dog in dance contests, reports Curly.

There's nothing to beat a well-timed sermon. On Sunday I went to church. At the beginning of the sermon my wife nudged me and whispered that she had left the stove on "high" under a pan of home-made soup. I took the hint and sidled out. She was right, as usual and I switched everything off. As I slunk back into my pew, the sermon came to an end. And that's timing!

The drug problem was very obvious, even after only a day. Two policemen disguised as pupils attended classes daily

Looking on suspects. Even so, I found the people of Seattle very friendly and they went out of their way to help us, so I am extremely appreciative of Rotary for giving me this opportunity.

TOO MODEST!

Royal Canadian Mounted Police have been prompt in response to island complaints of week end incidents in the parks.

The assurance by the officer in charge of the area's policing that there will be enough officers available here to meet any situation is a welcome reply to many residents.

In the meantime the loosely established committee which was appointed last week to work with police and government in an effort to quell wild week ends has asked for the allocation of a new man and patrol car to the island. The Outer Islands have also asked for additional staff.

The strength of the Ganges detachment, which serves all the Gulf Islands, has remained more constant than has the population of the islands over the past 20 years.

The policing of the islands and the allocation of strength from island to island is an increasingly serious problem.

The Salt Spring Island committee may well have made a mistake in even asking for another man and a car. Their request may prove too modest. What is needed is an honest look at the islands in terms of law enforcement and an updating of the needs and the detachment.

We are still lagging about 20 years behind reality in terms of islands police strength.

Letters To The Editor

PROTECTION

Editor, Driftwood,
Saddened by the lack of responsibility towards trees and plant life by persons acquiring property on the islands, I would like to see a group formed in order to draw people's attention to the fact that not every tree is a hazard to one's property.

While admitting the concept of private ownership, I still feel this lovely wilderness is a trust, and not just something to be ravaged at the whim of the owner.

What about a Society for the Preservation of the Natural Environment?

I would like to hear islanders' views.

Joan Rock
Treetops,
Port Washington,
Pender Island,
June 1, 1973.

VOTE OF THANKS

Editor, Driftwood,
A vote of thanks is due to Jim Wilkinson, for his great effort in co-ordinating the joint sponsored meeting, in order to get a real consensus of the island residents, (re: the problem of weekend transient tourists) in our parks and community.

It is gratifying to see people like Jim Wilkinson give so much time and effort to a general cause. I hope you will be able to achieve a long standing way of resolving our problems, in unison with all segments of population on Salt Spring.

Most sincere thanks and appreciation to Jim, and may he keep up the good work! We

need more citizens like him!

FARMERS' MARKET SATURDAYS

BY PRUDENCE WHEELDON

This seems to be the right year to start a Saturday morning Farmers' Market here on the Island. They are springing up all over North America, and indeed in places as remote as Southern Africa. Recently, concern about both the cost and the quality of the food we eat has been growing amongst many people, from all walks of life.

There is a nostalgic longing for the methods of preparing and preserving food with which our grandmothers were so familiar. Many of us associate them with the pleasures of living on, or visiting farms in our childhood. Peas, beans, zucchini, squash, leaf lettuce, sweet carrots, and a myriad of other vegetables, picked in the cool of the day one eats them - these are amongst the taste delights many want to re-experience, or try for the first time.

Also, many people on the island have, often with the help and advice of our knowledgeable oldtimers, relearned the skills involved in home baking breads of many kinds, and making cookies which taste delightful as well as being superior in their nutritional value.

The Island was once the fruit garden of Southern British

Columbia, and many of the old abandoned orchards are being lovingly tended again. We have a rich bounty of fruit - apples, pears, plums, peaches, which are delectable fresh, or bottled, or in home baked pies.

As the apple season approaches we may even savour the delight of freshly pressed apple juice, crushed by that standby of our rural ancestors - "The Press!"

The Market should appeal particularly to Salt Springers who have summer homes here, and do not have the time, or suitable land to produce gardens of their own. Also the visitors to the marinas, who come to the Island hoping to experience the unusual, as they already do in the Arts and Crafts Show at the Mahon Hall, may well be entertained and satisfied by another aspect of the Island individuality and productiveness.

The Saturday Morning Market will be held on the porch, and under awnings in front of Bangert's Cabinet Shop, opposite Mahon Hall. It will run from nine until noon each Saturday, starting in early July.

The idea has the support of the Farmers' Institute, who own the property, as well as many others who have heard of it by word of mouth. It may well become a pleasant meeting place for Islanders, holiday-

... A LOT OF ISLANDERS STRUCK OIL LAST WEEK ...

SATURNA BY PAPAJOHN

We had our first Barbecue Meeting for this year. I was the ONLY one who thought that we should raise the price. I guess my ancestors came from where the lost ten tribes got lost. The first work party will be on Sunday June 10th. Boats will leave the wharf at 4 p.m. Come on out and lend a hand, it is lots of fun.

Tommy Cowan had his Mum and Dad over for a week. They looked hale and hearty and were certainly very cheerful. Our road crew deserve a vote of thanks; they cleared the path at the end of Waveney Road so that those who want to swim in the creek can get there quite easily now.

Mrs. Diana Crosby, who has been running our kindergarten classes in the Hall also deserves our thanks. She was instrumental in getting our free library cleaned up. It was a mess but now you can walk in and see the books without falling over a spare pulpit or a lot of books.

Thanks Diana, you deserve a medal.

Stevie Lawson got to the dentist at last.

From England to visit Clarice Warlow were two old friends, Robert Glover and Charles Burland of Chichester, Sussex. They are really enjoying themselves and of course, Clarice appreciates the sight and sound of old friends.

Lloyd and Myrt Stewart are having their house raised and two more rooms added. Steve Maskow and Johnny Bentum are doing a good job so far and as long as Uncle Art Ralph and Papajohn are sidewalk suping their things can't go wrong.

Parky Jourdry is now in the Gorge Hospital for treatment on his knee, and should be home soon. At least he has company as that is where George Morgan is. George is doing fine.

Old friends of Dan Mercer take note, Marg Kerr had a letter from him this week and he is fine but go in and let Marg tell you all about Dan.

Alec and Emily (the house painter) Close had had Isa and Al Powle over this week with them.

The secret committee that buy the lambs for our 1st of July Barbecue report that they have selected ours and will report on their health, etc. Of course, they are a special breed noted for their succulent flavour and we are privileged to be able to

makers, and yachting people, and be a complementary attraction to the Community Arts Council show at Mahon Hall.

Why don't you plant a little extra in your garden this year, or bake your most delectable goodies, and participate in an event which we hope will become an important addition to the variety and interest of Island life?

BY

PASTOR DAVID G. LOW

How can a denomination say that they have the one and only answer, when there are probably a couple hundred other denominations and religions that claim the same thing?

No religious group can truthfully say that they have an exclusive right to God and his blessings. In other words, no one denomination or religious sect can say that if you join them you will receive eternal life and the answers to all your problems.

Jesus Christ said that he is the way, the truth and the life and that no one can know God unless they know him (John 14:6). He also said that there is no other way that we may have salvation, except we go through him (John 10:1,9).

Jesus did not originate the different denominations that we have today. In fact he stressed unity. He planned that through the sacrificing of himself on the cross, he would make it possible for all men of all walks of life to find the answer (Romans 5:8,9). Jesus is the only answer to the world's dilemmas, but all people of all denominations can have the answer Jesus gives, applied to him.

God is no respecter of persons (Acts 10:34) so because all men are lost without Christ (Romans 3:23), He has given all men the opportunity to find the one and only way. All we have to do is to reach out in faith and accept what God has for us (Romans 10:9-13).

If you have a question you would like to ask concerning anything from capital punishment and violence in the world to God's love and the injustices of war, feel free to write. All letters will be acknowledged. All opinions concerning articles in this column are also welcomed. Write all letters to Inquest, C/o Pastor David G. Low, Box 61, Ganges, B.C.

procure them. We will report on them later.

Saturna School went to Mayne Island for this year's sports day. Most of the kids had a couple of ribbons when they got back home, and Taimi Hindmarch with help from husband Bob and Jack Vincent, got them there and back safely. The kids had a grand time and the Mayne ladies provided a super lunch for all.

COMPUTERS SET DATE OF SCHOOL JOB COMPLETION

Computers are everywhere. On Monday afternoon trustees of the Gulf Islands were told that the estimated date of completion of the school construction project at Ganges will be calculated by a computer.

All relevant information is fed to the computer and the estimated date is then printed out.

TEA PARTY FOR MRS. SIGNE WESTON ON EVE OF DEPARTURE FOR EUROPE

A tea party was given recently for Mrs. Signe Weston at the Park Drive Guest House, Ganges by Mrs. K. Satermo and Mrs. S. Green.

After refreshments were served Mr. Pearson gave a short speech and in behalf of those present, he then presented Mrs. Weston with gifts. This occasion was held prior to Mrs. Weston's departure to Sweden for a six-week visit to relatives and friends she hadn't seen for 48 years.

The friends and guests of the house assembled to wish her a happy holiday were: from left to right, Mrs. Karl Satermo, Arthur Smith, Mrs. Signe Weston, Mr. E. Pearson, Mrs. F. Whiteman, Mrs. R. Falstad, Mr. S. Green, Mrs. S. Green, Mrs. O. Funk, Mrs. Myrtle Gunderson, Mrs. O. Dugdale, Mrs. M. Gunderson, Mr. R. McKendry, Mr. Karl Satermo, Mrs. A. Pearson, Miss Lillian Pelland, Mrs. A. Hardy; sitting, Mr. Harry McClure, Mrs. Mabel Douglas, Mrs. F. Kitchener, Mrs. E. Smith, Mrs. F. Agnew, Mrs. Ross.

There were 21 Block Bros. Realty salesmen from the Vancouver West Side office on Galiano last week. Headed by Manager Art Schroeder and Assistant Manager Bill Clark, they visited the Island on an office tour of properties listed with the company's national service. Lunch was enjoyed at the Galiano Lodge and nine holes of Golf followed.

PAINTING IN THE PARK

Students from Gulf Islands Secondary School at Ganges spent the day on Saturday painting in the park.

They painted Centennial Park at Ganges. The groups volunteered for the job.

Taking part in the painting were Tracy Poole, Heather Fraser, Peter Layard, Uli Temmel, Ron Stepaniuk and Tom Brown.

NO MORE BUSES

SPEEDING CHARGE WHEN CAR LEAVES ROAD

Driver was charged with speeding when a car failed to negotiate a curve on Ganges Hill on Saturday evening.

Gerard Bourdin, Fulford-Ganges Road hit a hydro pole, causing extensive damage to his 1967 Buick. There was no injury.

The Ruffed Grouse develops a comblike growth on the side of its toes in the wintertime to help it walk on snow.

Bus service between Salt Spring Island and Victoria has been discontinued. The termination of the service is an economy measure, reported Harry Williams, of Pacific Commuter this week.

The company had applied for increases in fares on Saanich Peninsula, he told DRIFTWOOD but the increases were rejected by the Public Utilities Commission.

The company must economize to remain in operation at unrealistic fares, he explained. The Salt Spring Island service is the first economy.

For six months the Sidney-

Vic Griffiths Named at Mayne

Annual general meeting and election of officers of Mayne Island Ratepayers Association was held on May 26 in the Community Hall.

The chairman reported on the year's activities, stating that most of the year's work had been on the Community Plan.

It was agreed that the old Constitution be revised and brought up to date.

Discussions were held on the subjects of roads, ferry service and policing and it was moved that M.I.R.A. ask the R.C.M.P. for a part-time constable for Mayne Island.

The following were elected on the executive for 1973-74: chairman, Vic Griffiths; executive members, Harvey Hampshire, Pearl Brau, Cliff James, Heinz Juergens, Marie Kelt, Charles Southey, Walter Hunt-Sowrey and Ruth Zuest, Capital Regional Board Representative.

based bus service has operated a weekly service from Ganges to Victoria.

Application to extend the Salt Spring Island service to take in Vesuvius and Fernwood was also rejected, said Mr. Williams.

DO YOU KNOW ?

That we have recently installed a new J.M. Bean optical/mechanical wheel alignment system.

This fully modern equipment allows us to make the necessary adjustments to front wheel caster/camber and toe-in with the utmost precision.

It also allows you, the customer, to see clearly portrayed on a screen the corrections to your steering which may be required.

In addition, our equipment also checks ball joints for wear to ensure that these vitally important parts of your steering system are not worn beyond the point where failure may occur.

If you have any doubts about the safety or proper operation of your steering bring your car in and let us check it.

THREE PROJECTS AT FULFORD

BY PROJECTS MANAGER,
GLENN WOODLEY

For the last two months an L.I.P. project has been busy at Fulford. It was jointly sponsored by the Salt Spring Recreation Commission and Fulford Hall Committee. The project is now completed, and all ob-

jectives were successfully fulfilled.

The Fulford Hall is repainted inside and out. The floor was resanded and painted, and minor alterations were made to the entrance and kitchen areas.

Drummond Park beach has a log breakwater, further landscaping, and the barbecue pit

is roofed.

The Fulford Playing Field has been extended, cleared, graded and raked. A large backstop has been erected and cement-block dugouts built. The area is now fully fenced. The bridge has been re-decked and a park area cleared along Fulford Creek.

It has been a successful project and many people in the community helped in many ways.

Many thanks to: Bob Akerman, and the L.I.P. workers for their efforts on all aspects of the project; Hal Leighton for much time and effort on the recreation field; Fred Curtis and Terry Cruikshank for building the baseball dugouts; Tim O'Donnell and Roy Lee for the building of the backstop; Ray Simard for the breakwater at Drummond Park; Larry and Fred Gate for obtaining and bringing over the cement bricks; Tom Marcus, Bob Olsen and Paddy Taylor for mapping the field; Ted Akerman for helping with fence posts; Mrs. Malcolmson for the pipe; Spencer Marr for his excellent accounting; Mike Byron and his agricultural class for helping prepare the field and backstop; Mayer Bros. and

BEAVER POINT BEANS

BY MARG SIMONS

The traditional Beaver Point Bean Supper has come and gone for another year. Once again this popular annual event that takes place on the first Saturday in June at Beaver Point Hall was a great success. This unique idea for raising money for the upkeep of Beaver Point Hall was suggested by Mrs. Marjorie Fraser about 20 years ago, and although some members of the Association laughed and asked, "Who'd come to a bean supper?" her idea was encouraged by Mrs. E.J. Wilson, and the group decided to give it a try. That first year, 22 pounds of beans were baked, and served to the hungry customers queued up outside the door for the event.

The menu for the bean supper is always the same - baked

beans, cole slaw, homemade buns and pies.

Some of the old-timers miss the Ruckle beans that were a tradition at one time. These beans were a large bland variety, grown and donated by Henry Ruckle. The beans were given to him years ago by the Harris family of Moresby Island. Each year the required poundage went up, and the Ruckle family were all involved in removing beans from pods, a tedious job even with the help of a flail that Mr. Ruckle used for this purpose. Lotus Ruckle tells me that she always follows a recipe that Nan Ruckle created for this bean, even if today the beans for this supper are now bought at the store. Many bean cooks are involved in this supper and some also use the Ruckle Recipe, while others have their own favorites.

This year 80 pounds of beans

Butler Bros. for generous donations of cement blocks; Hal Leighton for donations for bulldozing.

Special thanks to Recreation Directors - Tom Marcus, Spencer Marr, Roy Lee, Hal Leighton and Bob Akerman, who donated so much time to the projects and to meetings.

ONLY ONE SEES CAR

IT WAS PERCY WINCH

When DRIFTWOOD published a picture last week of an ancient motor car, there was only one reader to identify the vehicle, but the driver was widely recognized. He appears to be the late Percy Winch. The photograph was found in an old drawer by Mrs. W. N. Norton. She had no idea of who it might be.

Mrs. Taimi Hindmarch, of Saturna, recognized the reference to the Grand Duke. Percy Winch was a tobacconist and made his own cigars and cigarettes. Grand Duke was the brand name, she recalled.

Before Mrs. Hindmarch was associated with the Ladysmith Chronicle, the Winch family cigarette factory was located opposite the Chronicle office, she explained.

Mrs. Hindmarch, now principal of Saturna School, believes that the Winch business was originally in Sidney, before the First World War and then moved up-island.

Mrs. G. Musselwhite, of Dunford Ave., Victoria, and a former islander, recognized the picture even before reading the caption. She knew Mr. and Mrs. Winch and she used to spend a lot of time with them. She remembers them living on Craigflower Road at the time. Their house is still standing.

For the last few years of their lives, they were at Saseenos, said Mrs. Musselwhite.

Mrs. Astrid Pierson, of Ganges, also recognized the picture. She was the only reader to make a stab at identifying the car. It was a McLaughlin-

Buick, she believes.

Mrs. Pierson was a young girl when she left Sweden. Her first employment in Canada was as a maid in the home of Mr. Winch's sister in Vancouver. She remembers the car and driver.

were prepared, 44 dozen rolls, and 90 pies. When asked what flavour pie is the most popular, I was told lemon always rates high, followed by wild blackberry, and other berry pies. Mrs. Gladys King was convener for the third year in a row, and she tells me when all bills are paid the profits should be around \$250.

The Beaver Point people all cooperate for this yearly event not only with the baking and serving of the supper but starting the Sunday before with a cleaning bee of the Hall and grounds, and washing of the dishes and setting up of tables. On the Saturday of the supper a group assemble to grate quantities of cabbage and carrots,

As the day moves on Alfred Temmel arrives to tend the 45 gallon drum that is filled with water then heated on an outdoor burner to be used for dishes. Gordon Ruckle has the duty of caring for the coffee urns. The June date has been set in recent years, and generally the day is sunny and warm enough to sit outside following supper, and relax and chat. This year the addition of guitars, flutes and other musical instruments, singing and movie making, added to the happy atmosphere of the evening.

A tree absorbs sound, its leaves trap air pollutants, and moisture given off by the foliage cools the air.

SOUTH PENDER

BY CULTUS COULEE

At Lahie, with Miss Marjorie Bailey, the tenth annual reunion of longtime Vancouver friends, are Miss Elizabeth Griffiths, Mrs. Vi Smith, Mrs. Mollie Sommer and Miss Marion Wylie.

David and Lenore Gibbs with John and Joan Noble, of North Van, are at Gowlland. John's busted ankle is about recovered but he nobly allowed David to saw up a big windfall fir and ditto alder.

The chief matter taken up at the South Pender Community Club meeting on Wednesday,

May 9, was the secretary's letter requesting that the government reinstate the requirement for bonfire and campfire permits.

The government is also being petitioned that it make a stipulation that oysters and other shellfish be not taken during May through August.

Present at Ingo's Corner with Allan and Betty Brooks, were Kate Edwards, Vicki Craddock Gillespie, Ann Henshaw, Jan Hoover, Eve and John Smith and Sybil Conery Willson.

Herbert Spalding joined son David, Okanagan game biologist, for the annual mule deer

and white tail check. "All in very good shape," Herb reports. "Healthy does and a good yearling count. Fat, with shiny coats. Last winter had been easy on the game. In a hard winter the yearlings get hit the hardest and die in heavy snow. And the old bucks can't take it any more."

The Spaldings leave their truck, go back from the highway, and follow creeks and old logging roads from Rock Creek to Christina Lake.

"One difference between Interior and Gulf Island deer," Mr. Spalding says, "is that local game are very low in mineral. Water runs off into the sea, washing the minerals away."

COMMUNITY SEEKS ANSWERS

(From Page One)
 an advance warning by the ferry authority whereby travelers would be warned ahead of time that there was no accommodation available on the island.

"I would plead with the residents of Salt Spring Island," he concluded, "Don't turn it

into a group of vigilantes!"

If the 15 campsites were moved to the provincial government lawn, there would be prompt governmental action taken, suggested Tom Toynbee.

Trouble was everywhere and the only effective closure would be to close down the whole island, said Cpl. D.E. Burke, RCMP, amid laughter. He expressed his gratitude to islanders for their "fantastic" support.

The situation gets worse and worse, said Norma Bedocs. She no longer feels safe when there is "a load of punks in"

and she doesn't dare leave the house.

She reported that a motorcyclist deliberately tried to run her small daughter down on the road.

George Heinekey suggested that there were more good people than bad, Canadians are Canadians, he reminded the meeting, and can go anywhere in Canada they wish, including the islands.

Gerald Henderson felt that the ferry authority could warn visitors that island facilities were exhausted.

Bob Blundell recalled that he was the victim of a rip-off a year ago when a motor-cycle gang stuffed their pockets in his store and walked out.

He differentiated between groups of motorcyclists. The scruffy types were perfect gentlemen, he recalled, whereas the elegantly dressed group were miscreants.

It doesn't happen on Pender Island, he told the audience. He had been informed that on Pender a group of islanders armed with sticks met the ferry and warned the undesirables not to land.

He felt that the island would have to form a vigilantes to "let the decent people in and keep the riff-raff out". Later he explained that he was looking for a force to assist the police and not to act on its own.

In California a community faced with similar problems had imported a large force of police and arrested many hooligans on various charges while a court sat all night, commented Dave Pallot. The situation had been completely cleared up, he added.

Ex-Police officer, I. C. Shank supported a volunteer group at the call of the RCMP. It would be a "geriatric vigilantes", he explained. It would not be a police force and it would not be called a police force.

Mrs. Geoff Howland wanted changes in the park administration and these could be brought about through pressure on the provincial government, suggested Mr. Jordan.

Reg Taylor was critical of the police strength.

"It is common knowledge that we don't have adequate police protection on the island", he told the meeting.

Short cut from the park to the liquor store brought campers close to Mrs. W. Sampson's home. She was appalled at the foul language, she commented.

Nearby residents generally wanted the park closed. Others saw closure as an admission of failure.

League of Frontiersmen could be established in Ganges, said Sy Sloan.

On & Off The Island

Mr. and Mrs. W. K. Halldorson of Valhalla Dr., Ganges, are leaving to make their home in Vancouver. Mr. Halldorson will be at the Oak Crest Nursing Home on 58th and Oak St., and Mrs. Halldorson will be staying at the Icelandic home on Harrison Ave. The Halldorson's daughter and son-in-law Mr. and Mrs. N. MacDonald also live in Vancouver.

Mr. and Mrs. Marshall Sharp are cruising the coastal waters for a couple of months. If they come home tired of the taste of crabs, clams and salmon it will have been a successful trip.

Visiting Mr. and Mrs. G. Truefitt of Ganges for a week were Mr. and Mrs. Ben Newman from Berwyn, Alberta.

Kim Thorp, Rotary student from New Zealand, has returned

from a ten day trip to Seattle.

Mrs. Lorna Wright, of London, England, has been visiting at the home of Mr. and Mrs. Frank Richards. On Monday she flew back to the mainland to continue her holiday with friends in West Vancouver.

ISLAND SAILORS WIN OUT

Over the past month, Salt Spring Island sabots sailors have taken part in three regattas.

At the Ganges Regatta, Michael Cannon took first place in "Phantom", Aileen Neish, second, Arthur Buitenwerf, third and Janette Larson, fourth.

On May 26, six sabots from Salt Spring Island travelled to Maple Bay and took part in their regatta. In a day of variable winds, Aileen Neish in her sabot, "Hot Pants", came in first, Robert Neish, second and Mike Cannon in third place.

This past weekend, June 2 and 3, eight Island sailors competed in the sabot events at

Cowichan, including the youngest sailor to race in a regatta, Robbie Cannon. The two days of fresh winds caused some exciting moments and a number of sailors partook of salt water baths. After four, arduous and closely contested races, Aileen Neish surfaced as the winner.

While the sabots were battling with the elements, and each other, Marshall Sharp, who had towed two sabots and Gordon Crosby's catamaran round, found himself racing "Sonsy" in the cruising class event. Fully loaded with provisions for his coming extended cruise, he finished a very creditable fifth!

CAPITAL REGIONAL DISTRICT
 Pursuant to Section 766AA of the Municipal Act, the following text of By-law No. 130 "Zoning By-law, Planning Area No. 4 (Outer Gulf Islands) Amendment By-law No. 2, 1973," is hereby published:

A BY-LAW TO AMEND ZONING BY-LAW NO. 103, 1972 (OUTER GULF ISLANDS) PLANNING AREA NO. 4

The Board of the Capital Regional District in open meeting assembled and pursuant to Section 798A of the "Municipal Act", enacts as follows:-

- By-law No. 103 cited as "Zoning By-law, Planning Area No. 4, 1972", is amended as follows:-
 - By deleting from the Rural Two Zone and adding to the Commercial One Zone Part of Lot 8, District Lot 83, Plan 21831, Galiano Island, Cowichan District, shaded on the Plan 3 attached to and forming part of this by-law.

A copy of the complete by-law may be viewed during normal working hours at the offices of the Capital Regional District, 524 Yates Street, Victoria, B. C.

Mr. Dennis A. Young,
 Secretary-Treasurer,

Deadline Tuesday noon

37 COOKS AMONG THE BOYS

Boys are getting with the cooking. In Grade 11 next year there are 37 boys enrolled for cooking classes, trustees of Gulf Islands School District were told on Monday.

There has been little demand in the past for the liberation of students, the board was told. Although classes in cooking have been available, they have not been widely sought. Neither have classes in industrial arts been taken up eagerly by girls.

NORWEGIAN SAILOR DIES ABOARD SHIP

Elderly Norwegian sailor died near Salt Spring Island on Thursday, May 31.

When the Bulk Promoter was anchored in Houston Passage an emergency call was sounded on behalf of a crew member. The Air-Sea Rescue was called and Cornelius Kooijman was taken off the vessel for emergency medical treatment.

He was pronounced dead on arrival at Chemainus Hospital. Autopsy showed death was from natural causes.

LACROSSE Practice this Saturday. Meet at Mr. Howland's house at 8:30.

Before you sign, do you ask these questions?

Before you sign any credit or loan contract you should ask yourself these questions:

- Am I getting credit at lowest cost?
- Will my family be protected should the unexpected occur?
- Am I using a credit source I can count on in the future, and which benefits my family and my community?

To answer these questions, compare other types of credit with a loan from the Credit Union. You'll be glad you did.

BOWLERS OF THE WEEK

Top scorers of the week were Flip and Ruth Bedford. Ruth's score was 209, 267 and 255 for a total of 731; Flip's score was 193, 233 and 222 for a total, 648.

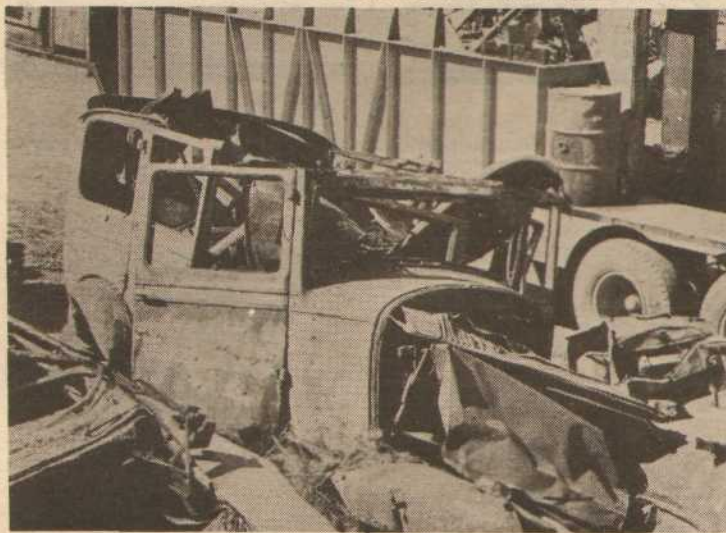

Damage amounted to \$500 when vehicle operated by Larry Quesnel ran into the back of the truck owned by Dave Rainsford in Ganges on Saturday morning. No charges were laid.

SAM CLEANS UP ON SALT SPRING ISLAND AS CARS ARE SWALLOWED

There's nothing to it... each car disappears into the jaws of car-crusher SAM and comes out like a well-flattened sardine can.

The car crusher has finished its work at the government quarry at Fulford and at Wally Twa's property on Blackburn Lake. On Monday it was working at the Marcotte property on Stewart Road.

The crusher is fed three cars. They have been stripped of gas tanks and tires and the upholstery has been burned out of them. They are fed into the crusher by means of heavy fork lift tractors. The crusher then reduces the three cars to a thickness of 36 inches. During

its operation on Salt Spring Island and the crusher has been compressing them to a greater degree to get the trailer on the ferry at Fulford.

The compressed hulks are loaded on a trailer and shipped straight off the island. The trailer carries six bundles of cars, or 18 vehicles.

Layer of refrigerators, washing machines and other appliances is placed between the cars in some instances.

Already in the hundreds, the final count of cars taken off the island will not be completed until the end of the project here.

In charge of the operation on behalf of the Capital Regional District is Bill Isaacs. He drives proudly around Salt Spring Island now, conscious of the major contribution he has made towards cleaning up the environment on the island.

TWO BUILDINGS ARE DISCUSSED BY TRUSTEES

Future of the old school dormitory and Mahon Hall were briefly discussed by trustees of Gulf Islands school District on Monday afternoon.

Both buildings are elderly and both fall short of the standards required of school buildings, reported Dr. E. R. Dixon

Drama group on the island is interested in renovating Mahon Hall, trustees were told, but there was some question as to whether they could afford to undertake the entire project of renovation.

Cars are burned and crushed at SAM project in Wally Twa's quarry.

PHONE COMPLAINTS IN WRITING

Salt Spring Island Chamber of Commerce is still interested in complaints of telephone troubles, reports committee chairman John McManus.

Complainants may write of their complaints to the Chamber at Box 111, Ganges, and they will be taken up with the phone company.

STILL DEBATING ACQUISITION OF FAST VESSEL

School trustees of the Gulf Islands are awaiting a meeting with the minister of education and the minister of ferries to further discuss transportation of students.

School board earlier proposed that a fast passenger ferry to carry Outer Islands students between their home islands and Salt Spring Island would be useful to the ferry authority for carrying foot passengers among the islands.

Proposal has not been yet discussed with the provincial government.
