Top Salt Spring soccer team after tie

Papajohn writes his last

BY FRANK RICHARDS

Last week Papajohn wrote his last Saturna column. On Monday John McMahon died in a Victoria hospital.

Last week Papajohn wrote in jest of a fall he had suffered in his kitchen. It was the fall that led to his death, when minor injuries led to more serious ills.

There was no correspondent like Papajohn. He wrote exactly what came to him and then urged me to use a blue pencil to keep us both out of jail. I saw him a few times a year and I talked to him almost every week.

Life was a joke and a series of jokes. He was laughing most of the time. He laughed in his column and he joked his way around the various clubs and associations which he served.

Papajohn was always ready to share a drink with his friends and everybody was his friend.

John McMahon was a druggist in Vancouver during his working life. He came to Saturna to retire and he fitted into the life of the easternmost of the Gulf Islands like

a place had been carved out for him. When he started writing the news of the island, he introduced a series of adjectives to attach to the name of every woman in his column. Some found it less than appealing, but the majority watched eagerly to find what new term he had discovered.

He was a member of the Masonic Lodge, the Lions Club, the Community Club, the Senior Citizens and others.

In his long experience of writing Papajohn derived a considerable pleasure and pride from this published reports and his readers, as well as his associates, enjoyed his impish sense of humour.

For the past 10 years I have always thought of Papajohn as a friend rather than a correspondent. I have known him as a man of strong principles, as quick to heal a breach as he was to make it in the first place.

The islands won't be quite the same again without Papajohn to remind us that nothing can be as serious as we would have it. And that is the ultimate tribute we can pay him: that his writing will be missed. It meant a lot to him in recent years.

Drop-in centre For women

New service to women on Salt Spring Island has been initiated by the discussion group, Women in Times Like These.

A drop-in centre for women has been established at the Community Centre on Ganges Hill. The new facility will open on April 26 and will be open each Monday, from 1pm to 5pm. Each participant will

be responsible for the safety of her own children, although play facilities will be available.

The discussion group will continue to meet Thursday evenings at the centre from 7.30 to 9.30 pm. Meetings are informal and are open to all women interested in exchange of thought within a wide range of subjects.

Salt Spring Island soccer champs were in Ganges this week to have a team picture taken. They played to a tie in the finals on Vancouver Island.

Mill rate is down for regional purposes

Salt Spring Island mill rate will be down to 5.08 this year for Capital Regional District purposes. Last year it stood at 5.16.

Levy this year, or the actual amount of money sought by the District from taxpayers of Salt Spring Island, is \$517 more than last year. Assessments have risen considerably during the past 12 months, thereby reducing the mill rate. Effect is to share the tax burden over a greater number of taxpayers.

Outer Islands figures were not available on Tuesday.

Breakdown of the Salt Spring Island levy shows \$24,377 for recreation, an increase of \$524. Activity Centre is \$4454, or down \$1,746. The \$650 for Community Services Information was not listed in 1975.

Big factor was community planning. It took \$42,833 for 1976, against \$27,482 last year. Building inspection costs \$10,750, or \$1,654 less than in 1975. Election expenses are way down for 1976, perhaps on the grounds that there hasn't been one yet.

Union of British Columbia Municipalities will cost Salt Spring Island taxpayers \$688. Last year it was \$684. Another big bite is taken by community health services, a function inherited from the provin-

LEGION LOOKING FOR BLOOD AGAIN AS CONTEST LAUNCHED

The Legion is thirsting for blood.

To encourage more blood-letting the veterans' organization is offering a trophy to the Salt Spring Island club or association representing the biggest proportionate contribution.

The Canadian Red Cross wants blood, but the cost of coming to the island for small quantities is alarming the national organization.

Past presidents of the Legion at Ganges have contributed the trophy and they have worked out a complicated table of handicaps to make the contribution proportionate to the number of eligible members.

Next clinic will be in Ganges on May 10. If the turn-out is unchanged from recent clinics, it may prove the last. If island clubs and organizations get behind the clinic, it may prove to be one of a long series in the future.

The Royal Canadian Legion acts as sponsor for the Red Cross clinic.

RECREATION PROJECT FAILS BY EIGHT-VOTE

Saturday's recreation referendum on Salt Spring Island went down to defeat by a narrow eight-vote margin. The results of the poll saw 431 in favour of taking

over the Lions recreation project at Central and 439 against it.

Referendum asked for a one-year, single-shot levy of 2½ mills to acquire the 10-acre recreation property and to provide tennis facilities, soccer field, track and other facilities for immediate use. Voters turned it down.

Lions Club will now consider the problems of continuing the project without assistance from taxes. The outstanding cost of land, some \$25,000, will have to be met before the facilities can be completed.

On Thursday evening the service club will consider the various methods by which they can under take the completion of the recreational project.

Returning Officer Dennis Young will check the count this week but it is not expected to make any change to the results.

Interest on the unpaid portion of the purchase price amounts to about \$250 per month, without the payment of capital.

Only one poll offered complete support to the project.

At Central, voters gave a comfortable majority to the referendum. They are the closest to the site, which is at Central, opposite the highways yard. In Ganges the majority were opposed and at Fulford, the affirmative vote lagged behind the No votes.

Poll-by poll results show:

Poll	Yes	No
School Board	207	220
Central	175	144
Nan's (Fulford)	44	71
Advance	5	4

WALKATHON FOR LOCAL PROJECTS

Lions are busy walking in two communities

Lions are on the march in two island communities.

On Saturday Salt Spring Island Lions will stage its annual Walkathon, with proceeds once again destined for recreation.

On Galiano, the Lions are planning the annual Walkathon on Saturday, Apr. 24, with funds addressed to the Senior Citizens' Housing Project.

Saturday's walk is planned to start at Ganges and to finish at Fulford and every walker is invited to carry a pet rock to Fulford. There are lots of pet rocks available at the

Lions Recreation Site at Central.

In charge of the Salt Spring Walkathon is Bruce Crombie.

There will be two classes assembling at Ganges. The walkers and the chariots are both planned for Saturday. Chariots were introduced several years ago as a new aspect. Each chariot is drawn by volunteers. The chariot may be pulled by any number of people, but there must be an occupant at all times.

Chariots will move off at 1 pm, with a brief delay before walkers are sent away. Delay enables the

vehicles to get a good start on Ganges Hill to avoid clashing with walkers. The chariots are required to assemble at 12.30 for judging.

Each contestant is sponsored by one or more individuals or business firms. The sponsor undertakes to pay the Lions any sum desired for each mile completed. Maximum is eight miles, the distance from Centennial Park to Fulford Hall.

CHARIOTS

The annual walk features the dressed-up chariots and many walkers in costume.

Prizes are offered for the oldest

competitor, the youngest, walking families and various other categories.

There is also a prize for the contestant with the highest value of pledges.

Lions Club is hoping for a full participation in the Walkathon this week after the referendum for taking over the site was defeated on Saturday.

Following week will see Galiano marchers on the move. They play both ends against the middle. Walkers may start from the north

or the south and walk to Retreat Cove.

Starting point for southerners is the Community Hall and the northerners set out from Devina Baines' house.

Galiano walkers are early birds. South end starting time is 10 am and north end, 10.30.

While Salt Spring walkers have check points every mile, Galiano walkers have refreshment stands at the half-way point and at the finish line.

It gets quite cool around Edmonton at times. Aubrey Marler asserts that it doesn't get as cold as Calgary in recent years, but cold enough. Nevertheless, it wasn't the cold that drove Marler to the islands; it was the cost of equipment. He is a farmer and the son of a farmer. The Marler family has farmed land near Edmonton for many years. Now he has joined forces with Erma Sime, also from Edmonton, in the operation of a store in Ganges village. Located in the former property of Blanche Kilbourne on McPhillips Ave., the

new Mar-Sim Craft and Gift Shop specializes in locally manufactured hand-crafted goods. The store also sells novelties from outside, but the stock includes the work of Ellen Timbers and Mrs. W. Delaney and other island craftsmen. "If anyone had suggested that I would be standing in my own store in Ganges, a few months ago, I'd have laughed at him," said Aubrey Marler. And he's laughing about it, anyway. When his father died and the farm property was split up, he continued to farm his share of it as well as rented land, he recalls. Finally, he abandoned his own land and sold it. For a couple of years he continued farming on rented land.

When he decided to hand over the problems to a younger man, he found he was too young to retire. Then he found Salt Spring Island and property and Mrs. Sime wanted to join his commercial venture. Hence, the name, Marsim a combination of Marler and Sime. They told him the wet weather would get him down, but he likes the rain. It is so different from northern Alberta. The building on McPhillips Ave., has been renovated, changed about, repainted and refurbished and looks like an entirely new store building. In the meantime he is building a home on St. Mary Lake and he looks to the future, on Salt Spring Island, with confidence and enthusiasm.

COST DROVE HIM OUT
 It was neither the rent nor the weather that drove him out of Edmonton. It was the cost of farm machinery and equipment. New machines were unobtainable and used equipment was priced sky-high, he explains.

And he can easily make comparisons. After he sold out in Alberta, he travelled all over the continent, North America and South America, the Caribbean and Tuktoyuktuk. There are not many islanders who have seen as much of this continent as he has.

she called the provincial government to ascertain the date of Victoria Day this year. After a long delay, the government office advised her that it would fall on May 17 this calendar year. She promptly engaged a logger to take part in the day's program. Almost a year later she learned that the holiday this year would not be on the 17th of the month, but on the 24th. The Salt Spring Island May Day is scheduled for Saturday, May 22. On Saturday, May 15, there may still be a lonely Vancouver Island logger cooling his heels at the top of a lonely tree, one week before there is anyone around to watch him.

"SERVICE ABOVE SELF"

to be frank

by richards

Got an apostrophe to spare? They're getting short these days! Everyone uses them so often that the typewriter is empty at the moment you need one. Like when you have enough "their's" and "her's" and "evening's only" you find there just aren't any left. The apostrophe is the saddest part of written speech. It started out by being pronounced wrong. (It was originally pronounced without sounding the final "e", until the very learned confused it with another word.) Then it was used and abused until you hardly recognized it. Now, everyone remembers, from going to school, that there is an apostrophe somewhere and makes sure there are lots of them around. It's not unlike Fowler's split infinitive. There are those who know what it is and avoid it; and those who don't know what it is and still avoid it and those who know what it is and don't care and those who don't know what it is and don't care. And to really get to know where to use an apostrophe is as bad.

An egg is an egg isn't an egg. When I was in England for a holiday about four years ago I found eggs were particularly pallid and odd. They had a flat flavour that suggested to me they had been kept for a long time and had taken on a flavour far removed from the loving mother hen's. Then you get the other extreme when you eat a fried egg from a local farm, with a deep-hued yolk and the flavour of a real egg. It's when you have been on a diet of farm eggs you realize just how samish are the eggs from commercial farms, with their lacklustre colour and pallid flavour. It goes to show that everyone living in a rural area can at least occasionally find a real egg or two. Let's be thankful we ain't in the city, where the only hens are the Women's Libbers.

Talking of eggs: how often have you tried bacon and eggs on the

Sechelt Queen? On an early trip to the mainland, that's my breakfast. The eggs are OK and the bacon's fine. It's the forks that throw you. You have a genuine plastic knife and fork to use with a genuine plastic plate. The egg will respond. The fork holds the egg tightly while you cut through it. You may readily transfer the egg from the plate to the mouth with the aid of that fork. It's the bacon that tests your mettle, but, of course, no metal! The fork does the splits as you stab the bacon. So you gently apply the fork to the bacon and it gives gently to the pressure, leaving the bacon untouched and unhurt. You can pick up the rasher: if you know the word: and tear it apart like a tiger. Then you get bacon fat on the book you're reading. So you play it like spaghetti and curl it round the fork and eat the whole rasher in one gobble. Don't get me wrong. I'm not knocking the ferries! Just their damned plastic forks!

Thinking about ferries.....the crew tell me they have the same experience. Walk from the table to the cafeteria and take a teapot. It bites back. You can get quite a jolt from the static you pick up walking across the deck. Is that new?

Mary Williamson must be feeling good this week, with all those Arab women voting for the first time ever! Let's hope they knew what they were voting for!

How do you say it? Is it G'njeeze or do you say Gan-j'z? It was asked the question by Josie Utley the other day. She recalls that when she first came to the island she was intrigued by the constant pronunciation of the name with the first syllable slurred and the second syllable carrying the stress. Newcomers to the island pronounce it with the emphasis on the first syllable, she contends. Listening around, I figure a lot of

Deer may try anything warns Garden Club as list offered

BY DOROTHY BLACK

A last reminder that the Spring Sale will be held on Thursday afternoon at 2 o'clock in the United Church Hall on April 22.

This is an opportunity to get your bedding plants and shrubs that will give you continuous bloom throughout the year.

The tulips in my garden were just beginning to come along nicely when, to my surprise, several holes suddenly replaced my tulips. An emergency phone call to Mr. Shank revealed that pheasants consider bulbs a gourmet dish. This past week the pheasants have been dining on chick scratch, and my remaining tulips are surviving.

The Garden Club meeting will be held in the United Church Hall on April 21 at eight o'clock, and the topic will be the more pleasant aspects of bulbs.

I just recently had a query as to what plants the deer find unpalatable. I will list some that have usually been immune.

Asparagus,
Box or Boxwood,
Dahlias,
Iris (tough leaved),
Marigolds,
Marguerites,
Narcissi,
Daffodils,
Peony,
Poppy
Portulaca,
Pyracantha,
Sweet peas.

Marigolds interspersed throughout the garden have a discouraging effect as well.

It must be mentioned though that nothing can be absolute in regards to immunity from deer. A more complete list may be obtained at the Garden Club meeting.

Garden Club members receive a bulletin each month which contains pertinent information as to what should be planted, and care of same. This enables an amateur to have a more beautiful garden.

old-timers have moved the stress a bit. But Josie ain't the only one to notice the pronunciation. A lot of newcomers and visitors remark on the odd Ganges pronunciation of Ganges. Or is it odd?

Baptism at Victoria Church

The infant son of Mr. and Mrs. David Garrick of Sidney was given the names Scott David at a baptismal service conducted by Rev. C.E.F. Wolff at St. Luke's Anglican Church, Victoria, March 21, 1976.

Grandparents are Mr. and Mrs. Leslie Garrick, of Mayne Island and Mr. and Mrs. Erich Krueger of Victoria. Godparents are Mrs. Anneliese Fassman and Miss Renate Krueger.

The baby wore the christening robe worn by his paternal great-grandfather, Albert George Shopland who was born in 1870 in Taunton, Somerset, England and resided for many years on Galiano Island.

A family tea at the home of Mr. and Mrs. David Garrick followed the ceremony.

RECREATION PROJECT AND WHAT NOW?

Saturday's vote on Salt Spring Island was a blow to the Lions Club and the supporters of the recreation project at Central. It was, nonetheless, the voice of the majority. Salt Spring Islanders did not want to go ahead with the acquisition of the Lions Recreation Site and they said so by a very narrow margin of votes.

The small margin separating the ayes and the nays has left many supporters with the bitter realization that they were very nearly successful. It is a poor consolation and represents so much conversation and little more.

The situation is now little different from where it all started last fall. The Lions have a recreation site more than half completed. The cost of completing it is beyond the immediate resources of the service club. It is also beyond the immediate resources of the supporters of the project.

It is likely that the service club will give first thought to the repayment of the property on which the site is located. Other aspects of the site must take second place.

In the meantime, completion of such projects as the tennis courts, soccer field and parking area must be held over until the opportunity presents itself to go ahead.

It is a new challenge to the Lions Club on the island, but they have never shirked a challenge in the past and it is unlikely that the major proportions of the task ahead is destined to dismay them now. Furthermore, the possibility that the referendum might be defeated had never been forgotten.

The decision to vote down the referendum was the privilege of the island voters. But recreation will not end with the vote.

GANGES PLAN IN GANGES

Planning of Ganges is the first project of its kind in the islands.

The original community plan evolved in Ganges has been repeated throughout the other islands. And all these initial plans had the same character. The plan for the Ganges community is the first to provide for a near-urban style of development in the islands.

The committee responsible is calling on Salt Spring Islanders to take an active interest in the future of the community. Residents, property owners, businessmen and workers in the community of Ganges are the first to be invited.

Other Salt Spring Islanders, visitors and tourists are being invited to express an opinion. The two separate factions are being divided in order that the degree of concern may be apparent to the planning committee.

The Ganges community has been pictured and modelled and a display is still available in the United Church Hall.

Every resident, every property owner, every businessman and every worker in Ganges should make a point of examining the exhibits in the church hall this week and of completing a questionnaire. He will never have the opportunity again!

Letters to the Editor

WHO WANTS IT?

Sir,
Another budget cut, it seems, is going to eliminate our paid staff at the Recycle Shed. Not only will services be reduced but growth will be curtailed as well.

Who wants this recycling business anyway? Do we need it? If there were fifty-two interested people on this island, the Recycle Shed could be open one day each week all year without any need for government money.

I repeat: Who wants this recycle business anyway?
Bruce Eason
537-2312
Box 542, Ganges
April 5, 1976

P.S. Anyone who wants to sign up on a list with 52 blank spaces, let me know.

CAR LOT

Sir,
Am I perhaps not normal that the sight of a Used Car Lot on the Ganges-Vesuvius Road has upset me so much?

Who would issue the license for such an eyesore? Because that area is zoned for business property does it mean that anything and everything is allowed? What about the PLAN FOR GANGES? If this is an introduction to the plan God help

Ganges.

I am appalled and words fail me!
Mrs. Nancy Keith-Murray
R.R. 2, Ganges
April 7, 1976

Copy to Chamber of Commerce.

USED CARS

Sir,
I was a "bit shocked" to put it mildly, driving into Ganges from Vesuvius a couple of weeks ago, to see a "Used Car Lot" business on the Island, I assume this business is legally here. I do not object to anyone making an honest living, and I've no doubt there are people living on this Island who welcome a Used Car business.

What I really would like to know is, why can such a business start out on a field, no attractive landscaping, to make the scene appealing to the eye, no attractive fencing, no curbs, and who is responsible for allowing this without first presenting an attractive plan and seeing that it is enforced? Next week shall the residents and visitors to this Island be forced to look at plastic flags and wind spinners etc., that we could go to Kingsway, Vancouver, or the outskirts of most cities to feast our eyes on?
Do we not have any regulations

FIFTEEN YEARS AGO

A wedding of wide interest to islanders took place Monday, April 3, in North Surrey where Beverly Hicks was married to Franklin (Mike) Byron. After a short honeymoon the bride and groom will reside in North Surrey where they both teach school.

The S.S. Choral Society held its 25th Annual Concert on Wednesday at St. George's Hall. Mrs. W. Hastings, one of the guest artists, delighted the audience with two well played pieces, as did also the pupils of Mrs. D. Crofton. Two of these, Miss H. Anderson and Miss Lees played a duet and deserve great credit for their effort. Another interesting item was the two recitations given by Dr. R. Bradley which caused much amusement.

The cougar is still at large and two more hunters are arriving this week to join in the hunt with Jimmy Dewar - there will be about ten dogs in the chase and they are crosses between bloodhounds and foxhounds. Suspicious tracks were discovered down Isabella Point at the back of McClarons garden. The hunters think they were cougar tracks but it is difficult to tell because of the soft soil.

Last Saturday four of our boys boxed at Chemainus, with H. Satermo winning the 80 lb. class, Morrie Akerman winning at 85 lbs., Danny Akerman drew at 65 lbs. and Steve Morrison lost his bout in the 70 lb. division.

TEN YEARS AGO

Three lovely Salt Spring school girls have been chosen as candidates for May Queen. Island Garage will sponsor Cathy Akerman; headquarters for Pat Atkins will be the Rec Centre and Donna Cawker is sponsored by Salt Spring Lands.

President Mrs. G. St. Denis chaired the annual C.W.L. meeting in Our Lady of Grace Church. The meeting opened with the league prayer led by Father Mudge. Annual reports were read and a new slate of officers elected as follows; Mrs. Yzerman, president; Mrs. O. Ratzlaff, first-vice; Mrs. P. Blais, second vice; Mrs. F. Rhodes is recording secretary; Mrs. H. Carlin corresponding secretary and treasurer will be Mrs. I.J. Girard.

FIVE YEARS AGO

Regular monthly meeting of the Pender Island Women's Institute was held in the Community Hall at Port Washington with 17 members and three visitors present. Mrs. A.A. Grimes was in the chair. A letter was read from the secretary, Mrs. Marion McKecknie who is on her way to England from Ontario. Mrs. Jean Russell, agricultural convener discussed the coming Flower Show. Mrs. Murray of Port Washington will possibly judge th

along this line? Would someone please write to The Driftwood, stating who is responsible for the situation as it stands, and can we expect any improvement?

Mrs. F.B. Morrill
Mt. Baker Cres.
R.R. 2 Ganges
April 12, 1976

P.S. Are there any regulations on this Island regarding neon signs?

posters submitted by the school children.

Students on Salt Spring Island, under the enthusiastic direction of Laurie Neish are busy putting the finishing touches to their sabot sailing dinghies.

Two island teachers Convention last week

President of the Gulf Islands Teachers' Association, Ed Rithaler, and Irene Wright attended the recent four-day annual meeting of the B.C. Teachers' Federation in Vancouver as delegates for the teachers' association in this district. They report that the sessions were strenuous but very stimulating.

The following recommendations were unanimously carried.

That the B.C.T.F. condemn the provincial government's 1976 Education Budget on the basis that:

- 1) It substantially reduces the provincial share of the education budget and imposes a major tax increase on local taxpayers.
- 2) It attacks the educational opportunities of students at a time when higher standards are being demanded by the public.
- 3) It will remove up to 5000 teachers from the classroom.

That the B.C.T.F. insist that the provincial government's grants to school districts for operating expenses of the public schools be increased to a level that will ensure that there will be no increase in the basic levy.

That the B.C.T.F. oppose any increase in the pupil-teacher ratio in any school in which the B.C.T.F. basic or supplementary staffing formulas are not met.

Delegates approved a 22% fee hike from \$164 to \$200 to defend education budgets.

The new executive is little changed from last year with the re-election of Bill Broadley of Victoria as President, and Don Walmsley of Boston Bar as First Vice-President.

Strong support was given by the teachers for integrated physical activity programs with emphasis to be placed on learning and developing activities that will foster good physical health throughout a lifetime.

Dr. Pat McGeer was listened to politely during the afternoon session of March 29th, but the teachers were unable to restrain their laughter when he announced that, "...we are in for exciting times in education in British Columbia in the next few years." His comment that he seems to be having trouble with something stuck in his ear also caused some amusement.

DOWN THE GUTTER

.... WITH SANDY

If you didn't find this column in the paper last week it was because I was away up to the west coast of Vancouver Island to a conference so a column was not available at last week's press time. Today I'll have to catch up.

First of all a note to parents of

children nine years and up: the place I was at is called Esperanza. During the summer they offer three different outdoor adventure programs. A camping program at Ferrer Point (a deserted radar site from WW2), a canoeing program up and down the many inlets of the west coast, and a back-packing program over the mountains of the west coast. The cost per camper is extremely reasonable and if you would like more info, we have brochures.

BOWLERS OF THE WEEK

Week ending April 3: Carol Kaye led with 170-349-288 for a 807 total and Art Dawe led with 335-251-161 for a 755 total.

Last week Ruth Bedford rolled 286-272-216 for a 774 total and

ROD PRINGLE HEADS CLUB AS PLANS LAID FOR SEASON

New directors of the Salt Spring Island Riding Club are planning a busy year ahead.

Directors are Rod Pringle, Dennis Fleming, Dave Williams, June Slocombe, Mimi Gossett, Walter Luth, Doug Foerster and Jean Taylor.

The club members have extended an invitation to anyone interested in horses. They want to meet more island riders "young or old, English or Western."

The club is not restricted to any

Peter Cartwright rolled 205-214-280 for a 699 total.

300 CLUB

Here are the results since the last publication: Art Dawe (335), Buntly McNally (306), Carol Kaye (349), Carolyn Mouat (318), Bob Akerman (301), and, of course we couldn't forget the fine performance of Donna Dawe way back when, when she rolled 330!

LEAGUE ROLL-OFFS

The Wednesday night league winners was the Meaters. Team members are Jim Gilson, Ron Hatch, Jean Hedgecock, and Lillian and Lloyd Martin.

The Legion winners was the Atoms with Alex and Helen Shelby, Muriel St. Dennis, and Kay and Jake Javorski.

Congratulations! More results as they become known. Don't forget the up-coming Tournament of Leagues Champs and the All-Star Tournament which are both local cup competitions.

SPRING LEAGUE

Signing up is still slow. Remember, spring bowling is only for eight weeks, it is on Tuesday, Wednesday, and Thursday nights at 8.00, and Wednesday afternoon at 1.00, and it's a great way to spend a spring afternoon or evening once a week.

Incidentally, the Golden Agers have their own spring league and signing up on that is going real well.

Y.B.C.

We had our wind-up party last Saturday with a good turn out. Many of the kids are eager to be back in the fall as they heard about some of the plans in up-grading the program. A letter will be going out to the kids and their parents in the next few days outlining some of the changes. In a future column I'll outline some of these changes. One of them will be pre-registration into the Y.B.C. program by May 31st.

BOWLING QUIZ

If a bowler keeps going over the foul line in a game, it still is impossible (according to the rule book) for that bowler to receive a minus score. The score can go no lower than zero. Have you had a game like that recently?

What is the term used when a bowler aims his ball to pass over inlaid arrows or spots on the alley surface?

SALUTE

To the eight local businesses who have purchased advertising space on our two new honor roll boards. Be sure to come down and see these...and be sure to patronize these businesses.

breeds or class of horse. Prospective members may contact any of the directors for further information.

A lot of improvements have been made at the ring on Rainbow Road. It is located behind the cement plant.

On Saturday, April 10, Valerie Lidster, from Shank's Saddlery, in Victoria, gave an interesting talk on tack and its care.

The next meeting is on May 8, with George Cruickshank, of the Department of Agriculture, as speaker. At 2 o'clock he will give a conformation clinic, followed by a talk on feed at 8 o'clock at St. George's Hall. Visitors will be welcome.

Merril Harrop will give his clinic this year during the first two weeks of July. It will be followed by an English jumping clinic in the latter part of that month. The C.C. Carpenter's will be the instructors for that course.

April

When March has had its fling then April comes

(And how our blood stirs when we feel her tread!)

The thrill of springtime goes to every head.

None can ignore the throb of those faint drums.

And though we only catch the meagre crumbs

Of that rich banquet which will soon be spread,

Yet, winter-starved, our souls by these are fed

As, touched by April, every heart-string hums.

Oh, she is sweet, unconscious of her charm,

This April, shy teen-ager of the year!

Though unpredictable are all her ways

This juvenile delinquent means no harm;

And though her smile may tremble to a tear

We cannot help but love her green-gold days.

B.C. ASSOCIATION FOR MENTALLY RETARDED

NEWS FROM GALIANO

By **W.Liver**

The Galiano Island Senior Citizens held their monthly meeting April 5, with President Isabella Murphy in the chair. Cecil Gore acting secretary, read the minutes and Mrs. Devina Baines, treasurer, gave her report. It was decided to run a fall fair and the date would be announced at the next meeting. Margaret Johnson won the raffle.

Mr. and Mrs. J. Johnson have returned from a month in the Canary Islands. They stayed in Teneriffe. Margaret was telling me that there wasn't any place to

compare with our beautiful Galiano Island.....and I agree.

Mr. and Mrs. Knowles are back with us, they toured in Nevada, California and Washington and had extraordinary good weather for the whole of their holiday.

Now that all our travellers are returning the island is returning to normal.

May Hendrick has been visiting her eldest son, Douglas and wife,

The Galiano Ladies Service Club held their annual rummage sale at the hall on Saturday afternoon. As usual, this was a great success. These hard working gals are the best money makers on the island. They are donating a washer and dryer to the Senior Citizens housing complex which is being built. The number of donations they give to the island is amazing and we are all most grateful to them.

WALKATHON.
The Galiano Island Housing Society will be holding open house at the Senior Citizens housing site on April 25 at 2pm there will be members of the Committee on hand to show visitors around and to answer any of your questions.

The Lions Walkathon is being held on April 24 and we need your support to buy the extra's that are to be added to this venture.

Ron and Bea Thompson have returned home. They spent a month in Mesa, Arizona.

18 Years Drilling Experience on Gulf Islands

Carol and her two grandchildren in Connecticut. May was saying it was typical Eastern spring weather: 65 to 70 one day and down to freezing the next.

Jean and Ralf Wint are home after spending the winter in Arizona.

The Painters Guild will be holding its exhibition on Saturday, April 17, 6pm to 10pm and Sunday, April 18, from 10am to 4pm at the Galiano Community Hall.

Gordon Wagner of the Emergency Health Services Commission has notified the Galiano Emergency Health Service that a course in Industrial First Aid will be held at Ganges in the near future, with the Commission paying the cost of the course, but with no allowance for board and lodging. If anyone is interested phone 2405 or 2250. The Galiano E.H.S. is still hoping that a basic introductory course can be held here.

A meeting of the Women's Auxiliary to the South Galiano Volunteer Fire Department was held at the Fire Hall on April 6. The new overhead flashing light is now in operation at the Fire Hall to warn traffic of vehicles leaving and entering the Hall.

New volunteers are desperately needed for this very important service to our community, anyone interested in joining is assured of a warm welcome. The Auxiliary's goal is to support the fire department. Fund raising events are held to purchase equipment, supplies and tools not covered by the regular budget. Training is undertaken as a back-up unit for the fire fighters, and round the clock fire hall duty in emergency, maintaining communications and assisting the firemen.

The Auxiliary is open to all women willing to help. The dues are \$1 annually. Business meetings are held the first Tuesday of every month at 7.30 pm at the fire hall. Fire drills are every first and third Sunday at 9.30am. For further information call Dora Darling 2914; Jessie Smith, 2924; or Pat Park, 2991.

Seaside sizzles at Vesuvius

RESTAURANT CHANGES HANDS AS SEASON OPENS

There's something sizzling at the Seaside Kitchen.

Vesuvius Restaurant, once owned and operated by the Caldwell family is in new hands.

Morley and Joan White have re-opened the restaurant and have spent many months remodelling.

The couple are from Regina originally and they experienced happy times assisting a prairie family run a restaurant. Both enjoyed the socializing of the business.

Morley White was a technical sales representative and wife, Joan was artistic in making the popular apple head dolls. They lived in Tsawassen after their prairie moves slowly led them to the edge of the coast. When the Whites decided to visit the island and they saw the advertisement for the restaurant they did not take too much time to decide and purchased the cafe last September.

When the Seaside Kitchen opened March 20 the Whites were not alone in their new endeavour. Accompanied by daughter Lee Anne and husband Gary Ouellette the Whites discovered that the mans place is in the kitchen.

Above are Mr. and Mrs. Morley White at work in Vesuvius.

And below Mr. and Mrs. Garry Ouellette prove their mettle.

played bridge and the brave ones played golf.

Saturday evenings social was great fun and President Hall Tingley and his wife Betty were welcomed back, they spent the winter months in Palm Springs.

Galiano

(From Page Six)

The Ladies Section had a most successful meeting at the Clubhouse last Tuesday. The Lady Captain Margaret Robson welcomed 24 members. She discussed the Captain's meeting which she attended in Nanaimo. The dates of interclub matches were given.

The Ladies section will be sponsoring a luncheon and fashion show in aid of the Galiano Hall building fund. This will be held at the Hall on Wednesday, May 26 at 1pm. Tickets will be on sale soon for \$2 each. Before closing the meeting there was a rules quiz. Winner was Nan Day. Luncheon was served and a number of ladies

The members and guests wished Jack Bickerton and his future wife Ena Stafford much happiness and said farewell to Viki and Darren Wilson who have moved to the big island of Salt Spring.

Mr. and Mrs. Bert Mozley, our new managers, with their daughter Lee and husband Bob Nelson were thanked by past President Peter Darling for providing for our needs.

Fire Permit

Starting on April 15, if you plan to burn brush or debris, a fire permit is required.

Contact your nearest Forest Service Ranger listed in your phone book.

He will issue you a free fire permit and help you with the proper advice on the safest times and places to burn.

Tom Gossett is a Ganges merchant.

It is a long shot for the new seedsman in the former Malcolmson Machine Shop building on Lower Ganges Road. It is not so very long ago that Tom Gossett was a name more familiar to the farmers of the Eastern United States. He was in much the same business in Michigan, where he operated a commercial chicken farm and a grain elevator.

When he and his wife, Mimi, visited the west coast of Canada, they stayed near Crofton. A visit to Salt Spring Island proved their undoing. Before they knew it, they had fallen for the island and were the new owners of the former Hamer ranch on the slopes of Mount Maxwell.

The Gossett property offers a degree of seclusion on the mountain and a community within near-hailing distance. That's the way they like it.

They raise Morgan horses and operate the farm as a hobby farm.

In January and February they tried out the demand for a local supplier of feed. They brought their own semi trailer to Ganges and sold feed off the truck to other farmers and livestock breeders. The response was sufficient to justify a new venture into trade and

Tom arranged the use of the rambling building formerly used to repair farm machinery.

The number of small holdings and hobby farms on the island has encouraged him, although he commented to Driftwood last week that he has to stock other items to fill out his operation.

The present is encouraging and the future is promising, he said, and the island is a very pleasant place to live.

Picture shows Tom weighing potatoes ready for planting in a Salt Spring Island garden.

MAINLY MAYNE

BY ELSIE BROWN

The island was shocked by the sudden passing of Marjorie Hudson on Saturday, April 3, at Lady Minto Hospital. Our sympathy to her son and daughter-in-law, Donald and Daphne Hudson of Vancouver, and other members of the family.

A Memorial Service was held at St. Mary Magdalene church on Wednesday April 7, conducted by Rev. R.A. Redman of South Burnaby United Church, Burnaby. A large number of relatives and friends attended the service. After the service, tea was served at the Hudson residence on Bayview Drive. Mrs. Hudson was predeceased by her husband Hyla in 1974. Donations in memory of Marjorie Hudson may be made to the Health Centre or St. Mary Magdalene Memorial Fund.

Important meeting at the school regarding the Health Centre Saturday, April 17th at 2pm. All property owners and residents should be present. A resume of the work done to date will be given.

Members of the Paint and Sketch club are making final 7 repairs for their sixth Annual Art Show to be held Saturday and Sunday, April 17 and 18, 1pm-5pm.

Easter Sunday service will be held at St. Mary Magdalene church at 11.15 am April 18. Bishop G.W. Wilkinson will conduct the service.

Mayne Island Fellowship Group are making preparations to attend a Retreat to be held on Pender Island, May 28, 29 and 30. George Storrie is in charge of registrations. Rev. John Rodine, (phone 539-5710) on Mayne Island may also be contacted for further information. Recent visitors to the Friday night Bible Study Group were Mr. and Mrs. Clare Hogarth and Mr. and Mrs. John Kwak of Pender Island.

Get-well wishes to Edith Griffiths, who is a patient in Grace Hospital, Vancouver, where she underwent surgery. Vic is holding the fort in her absence and we all wish her a speedy recovery.

Bob Aitken has been under the weather during the past month with broken ribs as a result of a fall from a step ladder. Has had to curtail his activities but able to attend the Annual Crib Banquet on Friday night. Steer clear of step ladders from now on Bob!

The Crib Banquet was a huge success and ended another season of happy association at Mayne Inn. More in later issue of Driftwood.

Get-well wishes to Fred Dodds who is in Mount St. Joseph's Hospital, Vancouver and recuperating after surgery. Hope his health problems improve and he will be able to get off his diet.

Dave Moulton Tries major Cycle trial

Motorcycling is not only a sport to many Salt Spring Islanders. It is the summer season in effect.

April saw the first venture into motorcycle trials this year when the Cowichan Creek fixture was run April 4. Dave Moulton was riding his first major trial and came through with the very respectable score of 61.

The term "very respectable" was used by a veteran rider on the island.

Dave was cheered on by Dave Tara and Howard Horel.

New store draws youthful patrons in Ganges

Among the first customers to arrive at the new Marsim store in Ganges last week were these young ladies. From left to right are Erma Sime, partner in the store and Trudy Buckley, Deanna Jenkins and Moya Doherty.

Continuing education continues to make news on Salt Spring

Several late Spring classes are about to start, both at Beaver Point Hall and at Ganges. And another series of films (Interface: David Suzuki interviews leading scientists on videotape) will resume after the Easter holiday.

Saturday, April 17, at 2-4 in the afternoon will find parents and children dancing together at Beaver Point under the direction of Sue Newman.

This short, two Saturdays, introduction to the dance will include exercise, beginning ballet, and free body movement to music.

Fee is \$4 to \$6 per family, depending on number of members.

Sue is already teaching a beginning dance class on Thursday nights at Mahon Hall in Ganges from 7.30-9. Fee is set at \$12 per month, and the class is reminded that they will meet on the stage of the High School Gym this Thursday, because of the Elementary School's production of Oliver in the Mahon Hall.

New members are still welcome to join this newly-formed group.

FIRST AID COURSE

Pre-registrations are still coming in for the First Aid Crash Course to be given at Beaver Point Hall the first week in May by Jim Tyre of the St. John Ambulance Corps in Victoria. This is a concentrated course from 5.30 to 10pm with a half-hour out to eat your dinner-in-a-bag. Testing will be done on Friday night, May 7 and will provide all who pass with an up-to-date certificate.

Joan Raeside will hold her pre-registration meeting on Saturday morning, April 17, at 10am in Central Hall for the Music and

Puppetry for Children course to be scheduled in the month of July during the summer holiday. This class will make puppets, learn a children's play by Mrs. Raeside, and then finish by creating a play with music of their own. Class size is limited to allow maximum participation and individual attention. Fee is \$15 for 10 sessions.

There are still some openings in Phyllis Coleman's Yoga class which will resume on Tuesday, April 20 7 - 8.30pm in Room 4 at the High School. It is for advanced beginners and intermediate. Fee is \$13 for 6 sessions.

VIDEOTAPES

David Suzuki's Interface videotapes have finally arrived and this fine series will resume on Wednesday nights, April 21, in Room 4 at the High School at 7-9pm with a short discussion afterwards (note change of day and the earlier hour). There is no fee for this course and coffee is provided.

The first in the series provoke much interest as Suzuki related the implications in our own lives of the recent developments in science, especially the film on "Genetic Engineering".

Controlling the heredity of animals in the production of the kind of livestock that services humanity's needs best is only a short step from controlling the "production" of people!

The roundtable discussion of this frightening development involved Suzuki as moderator with a lawyer, a college student, a clergyman, and several others from equally wide walks of life.

Next Wednesday's videotape

will include an interview and discussion on new discoveries in psychiatric research about the right and left hemispheres of the brain, with new insights into ESP, and faith-healing.

Dancing: 10 - 2.00 am to the "Country Knights"

Limited number of tickets - From any Lion

DOOR PRIZES

ADMISSION: \$6.50 ea.

The Lion's Mane

Congratulations to Steven Lane! At our April 7 meeting our club heard a letter from the Principal of the Gulf Islands Secondary School recommending Steven Lane as a worthy recipient of

the Mayne Island Lions Club Bursary of \$400. to be used for post-secondary education. The letter praised Steven for his excellent Academic standing and also for his contributions to school life in other fields.

Present plans indicate that Steven will be taking Electronics at B.C.I.T. Steven is the second recipient of this Bursary and the Mayne Island Lions Club wishes him every success in his future educational endeavours.

There was a good turn-out at this meeting which was held as usual at Springwater Lodge.

Lion Vic gave the talk on Lionism - his topic was International Understanding. He mentioned the fact that the business of Lions International was conducted in many languages to ensure understanding among all Clubs in the Organization. His concluding remark was significant for all Clubs - friendship and neighbourliness in our own Club is the first step towards International Understanding.

The Program Chairman reported that the members, wives and guests present at the previous meeting enjoyed the slides on China presented by Ruth Zuest and found them very interesting. At our next meeting, Mary Harding will be talking on her favourite subject: Gulf Islands History.

Our usual Auction Sale will be held on May 22. This year we will be adding a bean feed. Lion Claire is Chairman. Our next Bottle Drive will be on April 17 with Lion Hugh Campkin as Chairman. This month's Bingo will be held on April 24 - note the change in date due to the Art show. Lion Al Lockie is Bingo Chairman.

The Mayne Island contribution to the Crippled Children's Fund is approaching \$200. - a creditable showing for a good cause. If you did not receive an envelope for your contribution, see Lion Jerry.

- THE THIRD WORLD

THE WIDENING GAP

BY JOHN HALL

This is the last of a series of articles on the Third World sponsored by the World Development and Relief Fund. Previous discussions dealt with the nature of the Third World and its economic problems. The topic today is what the richer nations can do to help.

First of all, we must realize that our industrial activity and the affluent way of life it gives us directly affect the poor and developing nations.

They send us numerous natural products which we use and manufacture for our own consumption or for export. But while our GNP usually rises and brings more profits, the Third World countries get little benefit. Restrictive trade practises mean little profit for them and often instead a loss of real wealth.

This negative trend is made worse by the excessive consumption of products and energy by the rich nations. We, in North America, use many times more energy per person than any other region on earth. Unhappily, all too often that energy is not renewable, especially if taken from oil and gas. And if we consume so much what will remain for our future, or for Third World development?

It is increasingly obvious to more people that a basic change in way of life must take place in the industrial world.

ABOLISH POVERTY

The first priority should be to abolish poverty wherever it exists, and to raise all people to at least a minimum acceptable standard of living. The reverse side of this is the deliberate discouragement of mere consumerism. No increase in affluence until everyone has what is essential. The next step is to find ways for transforming the surplus wealth of the rich nations into income for the poor. A more just economic system for all.

There is no common agreement on how to do this, only a growing realization that it must take place

for any world economy to work. This is the challenge: how to share the world's resources for the benefit of all men. This means voluntary re-setting of priorities for the affluent nations. But world peace may well depend upon it.

We can start by trying to live simpler, less product-oriented lives. If we will accept lower material standards of living, others might have a chance to survive. We can become more self-sufficient, for example by growing food or making things for ourselves. We can become better informed about the many needs of the world around us. And we can support political candidates who believe in the need for a new world economic order and who will help our nation to redirect its talents and wealth toward the betterment of all.

On & Off The Island

Mrs. O.M. Stanton has returned home after a 2 month holiday in Florida with her sisters.

Mrs. Mickey Kirkham formerly of Salt Spring Island and now a resident of Montreal is staying at Harbour House Hotel for a week and visiting all her old friends.

Mr. and Mrs. Anthony Richards of Reid Island have a son, born on April 6, 1976. Grandparents are Mr. and Mrs. F. Richards.

Visiting Mr. and Mrs. D.M. Abolit on the weekend were: their son - Capt. I.S. Abolit, C.F.B., Chatham, N.B., and friends Lt. Cmdr. Graham Stevens, Royal Australian Navy, F/L Alan Froggatt, Royal New Zealand Air Force.

Visiting his mother Mrs. Nancy Keith-Murray was Major Peter Keith-Murray CFB North Bay.

Mr. and Mrs. T.J. Sharland have returned home after a 4 month holiday at Palm Springs, California.

Resident islanders stand in greatest need of services

Ferry service is the lifeline of the islands, since all supplies, including food, reach them via the BC Ferries.

G.K. Arnott, of Ganges made this point in a recent letter to Transport and Communications

Minister Jack Davis. Mr. Arnott asked the minister to consider the special role played by the ferries in the lives of permanent Gulf Islands residents.

He observed, in his letter, that it is evident that ferry fares are to

be increased very substantially and that the minister has recommended a two-tier system, with a basic level for people who have to use the ferries or who use them frequently and a different rate for those who use the ferries during peak periods in summer months. It appears, he wrote, that commuter fares will be abolished.

In the islands people depend on the ferries for all essential services, explained Arnott, particularly in the Outer Islands. Hospital, doctor, dentist, lawyer, veterinarian, building permit, bank, library, higher education; all require a ferry trip to at least some islands.

This puts islanders in a dual classification of people who must use the ferries and people who use them frequently. Residents of the mainland, Vancouver Island or the Sunshine Coast do not depend on a ferry service for these basic needs.

NO BUS HERE

Furthermore, he wrote, other routes have buses on the ferry and travellers may leave their cars at the terminal and board a bus for the last part of the journey. On the islands there are no buses and inadequate parking facilities.

Situation of permanent Gulf Islands residents is unique, charges Ken Arnott and deserving of special consideration.

The philosophy that saw Premier WAC Bennett lift tolls from bridges and that requires national railway companies to operate trans Canada services whether or not they are profitable might be applied to the islands. Ferry runs for Gulf Islands residents would not be free, but would be offered at a lower than prevailing rate.

Commuter tickets would then be restricted to Gulf Islands residents and would, perhaps, be

restricted to use from Monday to Friday. Input from the islanders should be an important part of the decision-making process, suggested Arnott.

"Something that must always be kept in the forefront," he added, "is that we, the people, are the masters, and you, as government the servant."

Summarizing, he noted that the basic approach to the ferry problem by the minister is discouragement of automobile traffic in favour of foot traffic.

Until equal opportunities can be applied to the Gulf Islands, the policy becomes discriminatory unless special fare treatment is allowed permanent island residents.

Special rates would be cheaper and more desirable than public transit and parking facilities on the islands, he concluded.

B.C. Hydro is here as new office opens in Ganges

B.C. Hydro is here. The BC Hydro office in Ganges is now in operation and serves all the islands. Gulf Islands Manager John Thomson told Salt Spring Island Chamber of Commerce on Monday evening.

Enquiries regarding service or accounts should be made to the Rainbow Road office between 8am and 4.30pm.

Outer Islands customers can call the office collect.

Enquiries should not be addressed to Duncan because the Vancouver Island office no longer

deals with islands accounts or queries, he noted.

Power failures or other reports should be made to the Ganges office until 4.30pm. Any complaint or report during the night hours should be made to the Zenith number in the telephone book.

The Gulf Islands district covers nine islands.

Death of former islander

A pioneer of Hope Bay, North Pender Island, Mrs. Clara C. Harris, died April 12, in Victoria where she had resided since 1924.

She leaves two sisters, Mrs. E.C. Johnston of Victoria and Mrs. R. Goodall of Chilliwack and two brothers, Victor Menzies of Hope Bay, and Dr. A.M. Menzies of Vancouver; four daughters, Mrs. M. de Goutiere, Mrs. T.G. Denny and Mrs. J.R. Genge, of Victoria, and Mrs. F.J. Grant, of Fulford Harbour; also many grandchildren and great-grandchildren.

Rare game of Rugby played on Salt Spring field

Valcourt named to Credit Union term

Duncan and District Credit Union, with branches in Duncan, Crofton, Mill Bay and Salt Spring Island, this year celebrated 25 years of service to the community.

At the annual dinner meeting on April 2 in Duncan, 242 active credit union members and their guests took part in that special milestone.

But the members and their Board of Directors didn't pause long to review their history, for high on the agenda was the passing of a special resolution for the authorization of the construction of a new credit union office in Duncan.

ed on the present site of Astro Realty, on Evans St. and Canada Ave.

Special guests at the Annual Meeting included the general manager of the Saanich Peninsula Savings Credit Union, Harry Down. As a representative of the Board of Directors of B.C. Central Credit Union, Mr. Down presented the Duncan and District Credit Union with a special achievement award for its work and dedication, and its contribution to credit union activities and success in the province.

Also on hand to extend congratulations on the 25th Anniversary occasion was R.A. (Dick) Monruffet, Superintendent of Credit Unions and Co-Operatives in B.C., who was the guest speaker for the evening.

ELECTIONS

Elections saw Les Notter, Nancy Robertson, Phil Valcourt and Louis Zuccolini were elected to the Board of Directors. Mr. Notter, Mrs. Robertson and Mr. Valcourt will hold three-year terms; Mr. Zuccolini will hold a one-year term.

The newly elected board subsequently met on April 7 and appointed Less Notter president,

and Orville Maxwell, vice-president for another term.

In keeping with the theme of Olympic Year, ten sets of Series IV Olympic coins were given away as door prizes at the end of the annual meeting. The evening's activities were rounded off with a Disco Dance.

Rugby is about as common in the islands as cricket, but when a group of New Zealand visitors challenged a Salt Spring Island group to a game on Sunday, there was a photographer around to get proof of the event.

Kiwis defeated Salt Spring Islanders in a final score of 32-22.

Bruce Mailey and Don Morrison scored for islanders.

Kiwis team was built around the six New Zealanders whose sailboat is tied up at Ganges.

May Day Call is Louder At Ganges

May Day is coming closer and Salt Spring Island Chamber of Commerce is bringing its plans closer to completion.

On Monday evening the Chamber heard reports of various plans for the annual gala day in Ganges and President Gerry Bourdin appointed Steve Nelson and Gary MacPherson to work on the committee with John Atcheson.

Mr. Atcheson was at home nursing the flu.

Special May Day meeting will be held in the Gulf Islands School Board Office in Ganges on Thursday evening, to bring plans closer to completion.

It had been decided by the Salt Spring Island Riding Club that horses would not take part in the parade of floats this year. In previous years horse riders had expressed concern at the volume of sudden noises which could cause trouble with horses unaccustomed to guns and sirens.

May Day on Salt Spring Island is the Saturday preceding Victoria Day Monday, which is the Monday preceding Victoria Day, May 24.

Thieves get \$4.95 from Boat Yard

Ganges Boat Yard was broken into April 3 and cash was taken. A spear gun was found outside the building. Total haul amounted to \$4.95.

GULF ISLANDS SUMMER SCHOOL OF FINE MUSIC HERE IN JULY

The Gulf Islands Community Arts Council is sponsoring the first Gulf Islands Summer School of Fine Art on Salt Spring Island from July 19 to Aug. 7. Several very qualified instructors have been

New Professional

Jim Hinchcliffe is the new professional at Salt Spring Island Golf and Country Club. He has already taken charge of the pro-shop and is offering golf lessons at the island course.

The new pro is here from Vancouver and will operate the shop until the end of September.

engaged for the various sessions, most of which will take place in the Secondary School in Ganges.

Some of the instructors are well known to island residents, with Gerry Clayton, who will be conducting a two week course in Pottery, Wheel Throwing and Glazing; Elaine Potter, a Design in Nature weekend; Windsor Utley, Painting; Art Simons, Watercolour; Lillian Johnson and Beth Cherneff will be having classes in Spinning, Dying and Weaving at The Wool Shed; Rex Calhoun, Batik; Pat Fulford, Sculpture in Direct Plaster; and Donna McLaren, a one week course in hand building of pottery.

Registration is by May 15 so interested persons should write to "Gulf Islands School of Fine Arts", Box 682, Ganges, Salt Spring Island, for more detailed information.

The Arts Council is looking for people willing to provide accommodation along the lines of "bed and breakfast" to students attending the summer school. Babs Bremner, at 537-2378, will be taking names for this.

CHAMBER LOOKS AT PRINTING AS NEW BROCHURES SOUGHT

Tourist brochures, the responsibility of the Salt Spring Island Chamber of Commerce, are to be reprinted.

Every tourist operation and every business listed in past brochures will be contacted by the Chamber to repeat the advertisement this year.

Cost of advertising was not disclosed at Monday evening's meeting. The total cost of production is apportioned among the

advertisers.

The fee is then collected before the order is given for printing. The Chamber will not authorize the printing of any brochure until the total price is already to hand.

It was noted on Monday that the cost of the brochure has no connection with the annual fees of the Chamber. The two are separate accounts and for totally different purposes, commented President Gerry Bourdin.

Provincial government has no record of agreement on fares or other conditions when the Gulf Islands Ferry Company was bought out 15 years ago.

Minister of transportation, Jack Davis will meet with a delegation from the Salt Spring Island Chamber of Commerce to hear islanders' views on the possible hike in ferry fares.

On Monday evening Chamber of Commerce heard reports of a

letter from the chairman of the transportation committee, G.S. Humphreys and the reply from the minister.

Mr. Humphreys asked for a meeting with the minister before any changes were made in ferry fare rates. He recalled the change over when the provincial government acquired the company and the negotiations with the late Gavin Mouat.

The Ganges realtor also referred to the agreement between Mr. Mouat and the provincial government regarding retention of employees, the docking of vessels in the islands and the stability of fare structures.

Mr. Davis explained, in his reply, that he had been unable to find any reference in his files to fare structures or the other two considerations.

The government files simply revealed that the ferry company had made an offer of its shares to the government in 1961 and that the offer had been approved by the executive council.

Final reference was the hearing by the Lieutenant-Governor-in-

Council into the dissolution of the Gulf Islands Ferry Company and the Black Ball Ferry Company. No representation was made and the companies were dissolved.

The minister agreed to meet with Mr. Humphreys and his delegation at a mutually acceptable date.

Happy to meet but Minister has no record of agreement

Recycling To go ahead This year

Recycling will continue this year on Salt Spring Island, reports Director George Heinekey.

Cuts in the budget for recycling had been threatening the island operation, but Mr. Heinekey explained that it will continue virtually as it did last year.

The program on Salt Spring Island has been enthusiastically supported by a large section of the community. Recycling processes cans, paper, glass, fats and other wastes into usable products.

Island man

Wins appeal

To B.C. Court

Salt Spring Island man has successfully appealed a conviction in Ganges Court from last November.

Following the hearing in the County Court of British Columbia, Glen Hughes of St. Mary Lake was vindicated.

Originally charged under S.86 (B) of the Criminal Code, pertaining to the dangerous use of firearms Hughes appeared in Provincial Court, November 19, 1975, and was given a conditional discharge.

Hughes appealed his case to the County Court of B.C. and the conviction was quashed.

Appeal was heard April 5.

Driver trapped

when fork

lift rolls

Firemen, police and ambulance were called out Saturday afternoon to rescue the driver of a fork lift.

Fork lift, owned by Salt Spring Building Centre and driven by Steve Pillsworth, was proceeding downhill on Elizabeth Lane when it went into the ditch on the left hand side of the road, overturning and trapping the driver.

Firemen and firetruck managed to release the driver by hitching the fork lift to the truck and removing the machine.

Steve Pillsworth was later taken to hospital.

Filled out Ganges questionnaire yet?

Have you completed the Ganges planning questionnaire yet?

The questionnaire is available at a number of centres in Ganges, but the planning exhibition is only located in Ganges United Church Hall. The past and the present are clearly depicted. The committee is inviting the public to take an active part in shaping the future.

Committee is based on the delegates from the Chamber of

ciation with nominees from the Gulf Islands School District and other organizations.

When the Salt Spring Island Subdivision By-law was approved earlier in the year, the community of Ganges was excluded on the grounds that it requires a greater degree of study before its development can be clearly established. Committee was formed to undertake that study. Chairman is form-

SOCCER SEASON ENDS IN ONE TIE AND ONE LOSS FOR SALT SPRING

Saturday, April, 3; Salt Spring Allstars, 1; Lakehill, 1.
Sunday, April 4; Salt Spring Allstars, 0; Lakehill, 3.
Last week end Salt Spring's Representative Team received its first taste of off-island competition, and, although the boys only came

away with a tie from two games the team proved they can compete at this level of soccer.

On Saturday, the Allstars came out flying, determined to get the win. Led by the strong mid-field play of Ricky Andrews, Stephen Marleau, Andrew Hoeller and Alex Neish, the Allstars were able to thwart the Lakehill offence and then counter-attack with crisp passing plays.

The constant threat of forwards Stephen Almond and Kerry Walker forced a free-kick against Lakehill. Ricky Andrews deftly lofted a cross that Andrew Hoeller drilled home for the lead.

The Allstars started poorly in the second half, as the boys bunched in defence and scrambled to clear the ball out of their goalmouth. Lakehill finally scored the equalizer on a penalty shot, and had it not been for the heroics of Sean Logan in the Salt Spring net, Lakehill might have had more.

Salt Spring came back in the play late in the game and scoring chances for Almond, Marleau and Andrews almost gave the Allstars the win.

MORE LIKE A BOG

The second game on Sunday was played under very different conditions from Saturday's game, as sunny skies turned into pouring rain and the field looked more like a bog than a soccer pitch.

These conditions hampered Salt Spring's play, notably for the smaller players who became bogged down in the mud. Even so, the defence of Jim Buckley, Tim Arnell, Ken Marr, Mark Mulder and Alex Neish came through with a strong game, while the offence lacked the spark and good positional play they had exhibited in Saturday's game.

Salt Spring's only offence came through Stephen Marleau and Stephen Almond, whose constant hustle throughout the game kept Salt Spring's many fans hopeful for

an Allstar comeback. Marleau almost connected late in the game but the Lakehill goalie came up with a fine save.

All in all, the Allstars represented Salt Spring Island very well as they played a very clean, hard style of soccer in both games. When one considers that the Salt Spring boys, on the average, were a full year younger than their opponents and these games were the first opportunity these boys have had to play together, their performance is even more creditable, something the many fans and spectators who watched both games appreciated. Certainly training in positional play and teamwork will see these boys improve tremendously and there is no reason that they will not have a very strong competitive team next season.

DIVISION 5:

Salt Spring Canadians, 1; Lakehill Gallagher, 4.

The Canadians, the 5B Cup Champions, fell prey to a very strong Lakehill team, the 5A Cup Champions. Lakehill controlled the game from the outset and never let up throughout the match. The closest the Canadians came to Lakehill was 1-1 when Arne Hengstler drifted a 20-yard shot through their goalies hands. Once Lakehill regained the lead and time slipped away it became evident, try as the boys might, that they were going to come out the winners, and Salt Spring the losers.

These games end another soccer season on Salt Spring Island, a season which has been hampered by atrocious weather and field conditions. Even so, the Island teams have fared well in Victoria and locally. The highlights; Salt Spring Canadians-5C league champs, 5B Cup Champs; Salt Spring Orange - second place in Juan de Fuca Tournament; Salt Spring Legion-Intra-Island League champs; Salt Spring Rotary-Intra-

CLUBHOUSE NOTES

Golf & Country Club

PAT DOHERTY

Well, things are starting to stir again around the golf course.

Most of the Sno Birds have come back from the warmer climes down south, where they kept their games in shape during the winter months, while the unfortunate had to stay home and slog their way around the wet fairways.

At the general meeting on March 25, three members were elected to the board; Molly Hardy, Art Lloyd, and Jim Mayo.

At a subsequent directors' meeting the new slate of directors for the coming year came out as follows:- president, Art Lloyd; vice-president, Molly Hardy; past president, Malcolm Robertson; treasurer, Jim Mayo, directors are Jim Jeffrey (Men's Captain); Helen Inslay (Ladies Captain); Bruce Hardy, Noel McConnell (Greens Committee) Bob Gall, Dave Nisbet; Professional, Jim Hinchcliffe.

The ladies had a most successful luncheon on April 6, they played nine holes of golf before the luncheon, and one male member who arrived just after noon when they had opened the bar, heard the noise from the ladies section and said, "My God, don't tell me the African Bees have arrived so soon!"

Both the mixed and the men's number 1 have swung back into action, in the mixed number 1 Irene Hawksworth and Gordon Hutton shunted aside holders Jean Jefferies and Dave Nisbet.

In the men's number 1 several games have been played with

CPL. KLINGER STRIDES AGAIN

The "dressediest" soldier in the M*A*S*H unit is Corporal Klinger - who likes to parade in ladies' clothes, in the hope that the camp commandant will grant an honorable discharge on mental grounds. That never happens, but in the meantime, Klinger provides some of the humor in the M*A*S*H series, seen every Friday night on CBC-TV, at 8:30 p.m. Actor Jamie Farr plays the role of Klinger.

THE ULTIMATE HAWAIIAN HOLIDAY SHE SAYS

BY LILLIAN HORSDAL

The island of Kauai is aptly called the Garden Island.

Everywhere there is lush growth. Flowers, flowering trees and bushes, honeysuckle tumble over rock walls; plumeria blossoms all over.

Each morning Jason and I would gather the lovely white and pink perfumed flowers from the ground, the fall during the night, and float them in dishes in our studio apartment. Their fragrance scented the air.

When I mentioned something about writing of this lovely island I was advised on all sides not to do so.

"You'll have everyone going there, Lillian. It's better to keep quiet so tourists will go to the other islands."

This, I consider, a spot too selfish, so here I go writing about the least commercial of the Hawaiian Islands.

To go for a quiet walk each morning and watch the sun rise over the sea was something to look forward to each night.

The birds, goldfinches, cardinals, robins and others with their musical songs and gay colours accompanied any walker.

One morning I saw a flock of birds no one seemed able to identify. Their backs were a soft slate gray, the undersides a lighter shade, with white necklaces and brilliant scarlet heads. There were so many varieties, but I hadn't taken a bird book with me.

There is one species with such a happy song, which they sing almost continually. They are about the size of our robins, grayish brown with white bars and two white dots on their wings. The white dots, quite large, give the appearance of holes in the wings.

Each day we saw whales rolling and blowing. Gray whales they were, those beautiful creatures of the deep. Dolphins played merrily closer to shore. Each evening we'd throw bread to the fish swimming below us and watch as word spread around and each bit of bread quickly disappeared. A slice would last less than 30 seconds as they all shared it.

DELIGHTFUL HOSTS

The Zolopany family who owns and operates Poipu Shores, where we stayed on Kauai, are delightful people.

They do so much more than just the expected to make their guests comfortable and welcome. There is a gas grill provided for the use of guests whenever they desire. You just bring your steaks, fish or chops to the roofed patio, which is furnished with tables and chairs, prepare your dinner and, usually, bring your drinks or have them at the bar which is within easy reach.

Leonard Zolopany prepares special steaks which guests may order by noon the day before.

From the patio you can watch the sun as it sets and watch for the green splash from the sea --- or so legend has it. It was suggested that it helped if you'd had some creme de menthe beforehand. Actually, I think, it has to do with eye accommodation but it's fun.

Kauai is a delightful spot and we were very happy and comfortable at Poipu Shores. Our apartment was on the sea front and how lovely it was to be lulled to sleep by the surf.

WHITE SANDS AND BRILLIANT FLOWERS

(From Page Twenty One)

It requires some little time to learn to do nothing but, once learned, it can be done with the greatest of ease. The Zolopany are very thoughtful of their guests. On our first morning we needed to do some shopping for food. We were driven to the store by Virginia who works in the office, a charming girl.

The next day the car we had rented was to be ready for us. This involved getting to Lihuie, about 20 miles away, to the airport to pick up the car. The Zolopany arranged for me to drive to Lihuie with two other guests who were turning their car in. This saved us a considerable taxi fare.

THEY WERE HOWLIES

In Hawaii we are howlies. It is Hawaiian for tourists. We do seem to make messes everywhere. None of the Hawaiians drop papers about candy bar wrappers, chip bags and so forth.

Kauai is one of the neatest places I've ever been in. Gardens are raked daily, roads are actually vacuumed as are the pathways wherever they exist. They are kept innocent of the scattering of confectionary wrappings dropped about with such abandon by howlies. This requires much patience and work, keeping the island clean and tidy.

We had a studio apartment; a housekeeping unit. In this way we could do our own cooking. Fresh fruit is plentiful and about on a par with our prices.

Meat we found to be slightly less than here. If you're interested you'll find clothes more reasonable cotton, too, mind you! There is such a variety of styles and colours that are so bright, just like their flowers.

Often we'd watch surf boarders skim over the water either on the crest of a breaker or in the valley in front. What a delightful sport for the young! It isn't necessarily confined to the young of body either. I talked to a few surfers who were long beyond the first flush of youth.

There are many white, sandy beaches within walking distance. On some you might swim but Leonard Zolopany warned us never to swim anywhere unless there were other swimmers. This could tell of a strong undertow which even strong and experienced swimmers avoid. But it's fun to sit or lie and let the waves break over you. You could feel the pull.

A CAR FOR A WEEK

We had our rented car for only one week. This enabled us to drive about and see what we wanted to see.

you don't need a car for more than that length of time, unless you are still restless after your first week. We even learned to walk slower. The Hawaiians have such a graceful way of getting from here to there without seeming to move. They sort of flow about.

We drove to the north end of the island where "South Pacific" was filmed and found it utterly spectacular. Along with other howlies, we gathered shells along the white, soft sand beaches.

During the drive to Lihuie you go along Kauai's Cathedral Grove. This is approximately half a mile of tree tunnel.

Eucalyptus trees grow on both sides of the road with their branches intertwined above. It's a dappled shaded stretch of road.

"And what a place for a bride path," exclaimed Elsa. With the sun filtering through the leafy branches it really is a natural tree tunnel.

Many Hawaiians use the volcanic rock to build houses, garden walls, patios and other structures. They certainly add enhancement to any building.

Dr. Bob Young

Traditionally the medical profession has been considered to be well-paid, and when one considers the income of a busy doctor at the height of his career, this is true. High billings achieved by such doctors receive considerable publicity, and people may be left with the mistaken impression that every doctor is making a fortune. Most, in fact, enjoy no more than a comfortable upper middle class income.

As is the case with most responsible jobs, practising medicine is hard work. It is mentally taxing, and, perhaps surprisingly, physically demanding. The doctor's decisions made at the end of a long day are expected to be as appropriate and precise as they were when he or she was fresh in

the morning. Meals are frequently irregular, and rest is broken. The doctor may be awakened from a sound sleep, to find himself making critical life-saving decisions 10 minutes later.

Most of us love every minute of it, and would not change our career choice.

In BC, a fee schedule has been developed to determine the value of services rendered by your doctor. He keeps a record of all the work done, and this information is transferred to key-punch cards and sent to the medical plan for payment. At present the government is paying 99 per cent of the fee schedule, and this percentage is negotiated from time to time, as the fee schedule changes.

Eventually (and recently there has been considerable delay in payment), the cheque arrives. The raw payment frequently looks very attractive -- a good-sized cheque, well-deserved recompense for the long hours of hard work.

Then, the end of the month arrives, and, like all businessmen, the doctor finds that the costs of doing business must be met. Rent payments, office staff salaries, office liability and malpractice insurance, professional dues, telephone bills, answering service charges and pager rental, are only part of the long list of expenses.

In addition, being self-employed, the doctor must put money aside each month for his retirement or pension plan. He also must provide his own disability insurance and office overhead insurance, to protect himself in case of personal illness.

Expenses generally run about 40 per cent, and what is left the doctor gets to keep -- at least until the income tax payment is due!

Golf Club

(From Page Eighteen)

teams on the ladder hoping to better their standing. At the moment the kingpins are still the old dependable duo of Buzz Brown and Tom Butt.

It is a pleasure to announce the appointment of a new professional to the club in the person of Jim Hinchcliffe. Jim is open for appointments for golf lessons, and it is hoped that many will take advantage of this fine opportunity. After seeing Jim drive off number 1 the other day I told him that if I could hit a ball that good I would not call the Queen my sister.

The club has also purchased two electric golf cars which are available for rent, and anyone wishing to do so should phone the club in advance and make reservations for same. This should be good news for two of our more illustrious members the two Jacks, Scott and Webster.

She could happily live in Hawaii she reports

(From Page Twenty-two)

Not far from Poipu Shores we found the Spouting Horn. This really sounded somewhat like a horn when the breakers came rushing in and under the layers of volcanic rock to be forced up

through openings like a small geyser. It fascinated Jason. We went back a few times to listen and watch.

We brought back two ripe coconuts we were given by our genial host, Leonard Zolopany. Seeds are available for many of the native plants with directions about planting. They may not survive our weather but, kept indoors, they should cheer us next winter if

Kauai is not possible.

Should you be planning a holiday let me recommend Kauai as a place to relax and get caught up with your thoughts and dreams. The swimming pool at Poipu Shores, just above the sea, is one of the perfect spots for swimming or lying beside the pool sunning yourself.

I could live on Kauai Happily.

CANADA PENSION PLAN

Questions & Answers

Q. I am receiving a spouses' pension. Can I also receive a retirement pension from my own earnings and contributions when I reach age 65?

A. Yes. A spouse is entitled to receive a retirement pension as well as a survivor's pension. The two pensions are combined, however, and the maximum amount the applicant is eligible to receive cannot exceed the maximum retirement payable for that year.

There's a name for people
who demand quality
in a home.
WESTWOOD.

It's a name that's meant quality materials, workmanship and service in western Canada for over 16 years. And today, it still means kiln-dried framing lumber. Crack-resistant walls. Factory cut and assembled components. Precision-fit windows and doors. In all, a quality built product, backed with expert servicing. Sound like your kind of home? Call us for more information. Or contact our representative in your area. And, if you're thinking of a multi-dwelling building, ask about our hotel, motel and condominium packages.

Enclosed is \$1.00 for portfolio of brochures in full color.

Blood donor contest is outlined by former president of Legion

BY PAUL LAYARD
PAST PRESIDENT

"The Life You Save May Be Your Own" is the unofficial motto of the Red Cross Blood Service.

For many years the Salt Spring Branch of the Royal Canadian Legion has sponsored clinics twice a year. Now the Red Cross has informed us that, because of financial limitations, there will be restrictions on the number of clinics that can be held in outlying places.

Salt Spring has always done well in comparison with many other places, but if we are to remain in the circuit we must do better at the next clinic, to be held on May 10.

The past presidents of the Branch have donated a trophy for competition amongst the various groups and organizations on the island.

The basic rules are:

- a. Any and all organizations and groups are eligible.
- b. Points will be awarded to eligible members attending the clinic as follows
 - i. Each participant who gives blood - 2 points
 - ii. Offering but being turned down for a temporary medical condition (eg cold) - 1 point
 - iii. Bringing in a non-member

of the group who gives blood - 1 point.

c. An eligible member is defined as:

- i. Female between 18 and 65 years old
- ii. Male between 17 and 65 years old who are not permanently prevented from giving blood by a medical condition.

To equalize the relative sizes of groups the points gained will be prorated against the number of eligible members. All decisions of the judges are final. In the event of a tie the trophy will be shared for the period until the next clinic.

A gift of blood is a gift of life - and only you can give it.

DEATH OF SLIM THORBURN AT VESUVIUS HOME SATURDAY

(Contributed)

On Saturday, April 10, W.F. 'Slim' Thorburn passed away at his home in Vesuvius Bay.

Slim, as he was known by his friends, came to Salt Spring with his wife, Alice, in 1945, after completing service overseas with

the Royal Canadian Air Force.

He, shortly afterwards, joined the real estate and insurance firm of the late Gavin Mouat and continued actively in the insurance business for over 25 years until ill health forced his early retirement.

He met most Islanders in his Ganges office over the years and spent many hours with friends and customers who would stop by just to visit.

Slim contributed much of his time and effort to Island community projects during his active years. He was a past president of both the Salt Spring Island Lions Club and Branch 92 of the Royal Canadian Legion.

He also served on the Board of Management of the Lady Minto Hospital.

Slim Thorburn will be greatly missed by his family and the many people who thought of him as a friend.

Taxi service On Salt Spring

It's a new taxi on Salt Spring Island and a new telephone number and a new operator and business is looking good, says Chester Reynolds.

Mr. Reynolds took over the taxi service when Bill Simpkins relinquished it earlier in the year. He was the original owner of the service.

The newly established C&R Taxi is now operated from the Reynolds home on Beddis Road and no downtown office is maintained.

On Monday evening Salt Spring Island Chamber of Commerce was invited to support an application to provide a new daily service to Vancouver and return.

The chamber offered its support.
