Births

Courtney Pattison is happy to announce the arrival on Galiano of his baby sister Lindsay Evelyn Irene, 7 lb. 4 oz. Born 7:00 am Sept. 8. A very special thanks to Dr. Mary Conely and the maternity ward nursing staff of the Royal Jubilee Hospital. Mom and Dad are very happy happy too. 1

Deaths

KORSHIWSKI, John, aged 91, well known resident of Pender Island for the past 50 years passed away Sept. 20. Funeral services will be held at St. Peter's Anglican Church, Friday, September 24 at 1:30 pm. 1

Card of Thanks

We wish to express our thanks and to compliment the ambulance personnel, the water taxi personnel and the nurses at Royal Jubilee Hospital in 3 central. During our recent accident, we were amazed at the precision with which the various activities worked. Our special thanks to Peter & Jean Dunn, whose compassion and thoughtfulness eased the trauma we felt. Our wholehearted thanks to all our wonderful friends who stood by us and did so much for us. 1

Norman & Alma Estabrook
Galiano Island

A Big Thanks

Gym classes for pre-schoolers

The younger set will tumble and jump in pre-school gym classes at Salt Spring beginning at the end of

the month. Jane Talbot, back to camera, explains the proceedings to from left, Jocelyn, Joshua,

Melissa, Demian, Laura and Mark. Volunteer Claudia Clarke looks on.

More courses for children are offered

Another program of courses for children in drawing and painting is to be offered by the Community Arts Council.

A similar program offered during the summer met with enthusiastic response, reports organizer Suzanne Gagnon.

Instructor Bonnie Kreye will guide children in Grades 1 to 7 through eight weeks of drawing and painting. Classes will be held Tuesdays from 3 - 4:30 pm beginning October 5 and running until November 23. Fee for all eight sessions, including materials,

is \$20.

Gagnon asks that interested parents respond soon as there is limited space. Demand for the summer program was such that not all the children who wished to attend were able to do so.

KICK-OFF

Match of week is Sockeye's win over Duncan

BY MALCOLM LEGG

Salt Spring's second soccer weekend was yet another roaring success as is evident from the scores. By all appearances our contingent of off-island teams looks to be very competitive with all the teams bidding for divisional honours.

Match of the week had to go to the Sockeyes for their impressive win over Duncan, the team that beat them out for divisional honours last season.

This year's team has some new faces that will give the squad tremendous strength in all departments.

Last weekend saw the start of Intra-island play on both senior and junior levels with plenty of action in all the games. This year we have six teams in each loop and have finally settled our coaching problems so the teams should run smoothly from here on in.

The coaches are as follows:

Senior

Fury, Ed Davis; Sharks, Donna Burger; Dodgers, John Talbot; Stingers, Jason Minvielle; Cosmos, Rob Tranter; Sounders, Ron Ulansky.

Junior

Goblins, Chuck Nelkin; Demons, Bob Brownsword; Devils, Margaretha Nordine; Panthers, Ron Ulansky; Firebirds, Don Kernan and Henry Schwagly.

Judging by the crowds in attendance last weekend, Saturday mornings are going to be a busy place at Portlock Park for the intra-island games.

The number one goal of our association is participation and we are trying to open our program for involvement by all who want to play.

Our junior program is for children 10 years old and younger and is divided into two sections, senior (eight - 10 year-olds) and junior (five - seven year-olds). These players will play on Saturday mornings (9:30 am for

seniors and 11:30 for juniors) with their practices mid-week. The change was made to enable the teams to have proper coaching and avoid travel between the schools during the week.

The junior teams play all their games locally in two six-team loops, utilizing the seven-a-side format. Our key goals at this level are to teach the basic skills, encourage participation and let the kids have fun.

Our senior action allows players over 10 to participate in the Lower Island Soccer Association against teams from Victoria and Duncan. Games are played at various times on Saturdays and Sundays with the teams playing 11-a-side. Our aim at this level is to teach team play and positions and to encourage participation.

We also offer soccer for women as they can try out for the Sockeyes, our entry in the Victoria and District Girls Soccer Association. The team is made up of women and high school girls. The men also have a program with recreational soccer every Sunday, 2:30 pm at Portlock Park.

Our program is mostly financed by the players themselves through their registration fees and the Kick-A-Thon program.

The Kick-A-Thon is our fundraiser where players raise sponsors based on the yardage they can kick a soccer ball. Seventy-five per cent of the money goes directly into funding our programs while 25% becomes a credit for the players to purchase something soccer-related (ball, shin-guards, etc.).

The remainder of our funds are raised by donations from businesses, service clubs and individuals. Sponsorships run from \$300 for an off-island team to \$100 for intra-island teams to a straight donation to our club. If you are interested in becoming a sponsor please call me.

Driftwood photo by Alice Richards

Salt Spring Island's ladies soccer team, the Sockeyes, were victorious over last year's divisional winners from Duncan on Sunday. Sockeyes player Becky Legg, right, moves in to check a Duncan player who has temporary control of ball. Legg scored one of the four Sockeyes goals.

SOCCKER SCOREBOARD

Moger leads Strikers to win

BY STRICK AUST

Salt Spring Strikers' second league game featured spectacular offensive play-making as they outpaced their opponents with comparative ease.

Juan de Fuca possessed a fairly impressive forward line, but in the mid-field and on defense, they were no match for the charged-up Strikers.

The Strikers' win was even more impressive considering that two of their key players were missing: centre-half Jeff Tatum and keeper Mike Cue. Centre-half duties were taken over by newcomer Brent Flanagan, a welcome addition to the Strikers, and Rob Minvielle and Brian Stacey combined to hold out all but three of Juan de Fuca's shots on goal. Final score was 6-3 for Salt Spring.

Sunday's game also re-introduced a well-known name to Striker fans as Jeff Moger made his presence felt with four goals. Two years ago Jeff led the league with 30 goals and if his performance was any indication of things to come, he is bound to surpass that figure this year.

Salt Spring opened the scoring early in the game on a beautiful cross from right wing Peter Aust. Glen Speed corralled the ball and drove a hard shot past the keeper into the top corner of the net.

With two minutes of his first goal, Jeff started his romp, converting a push pass from Corey Culham.

Five minutes later Jeff's second goal came on a break-a-way started by Brad Terrick who

headed the ball behind Juan de Fuca's defense, allowing Jeff to outrun the defence and beat the keeper low and to the corner.

With less than 20 minutes of the first half over, the Strikers scored again, this time on a cross from Glen Speed that found Corey Culham in front of the net.

Corey hammered the ball, forcing the keeper to make a diving save, and before he could recover, halfback Hamish Lloyd chipped the ball into the net.

Juan de Fuca scored three of their own in the second half, but Jeff Moger put two more away,

one on a ball pushed through by Brad Terrick, and the other on a ball pushed through by Brent Flanagan.

Although Jeff was a one-man scoring machine in this game, the credit for the scoring opportunities goes to the forward and halfback lines. The wingers stayed wide, spreading Juan de Fuca's defence and placed some beautiful crosses into the middle.

The halfbacks kept the pressure on by dominating the mid-field and continuously pushing balls through for the forwards to run on to.

Sting lose to Gorge

BY STRICK AUST

Saturday's second league game for the Salt Spring Sting pitted them against last year's District Cup winners, Gorge Buccaneers. Gorge's team is huge, and they play a disciplined team style of soccer.

For the first half of the game the Sting were unable to contain a smooth Gorge forward line. The result was two early goals for Gorge, both well earned.

By the time the first half was drawing to a close, the Sting were beginning to adjust to Gorge's aggressive style of play, and in the second half, control of the game shifted to the Sting who were now peppering the Gorge net with shots.

The scoring opportunities were

numerous, but unfortunately, accuracy was at a premium, as eight or 10 shots went high over the bar and an equal number were shot from too far out, allowing Gorge's keeper to make many easy saves.

For the last 10 minutes of the game, the Sting pushed every player up, leaving only Ryan Stewart and Charlie Hume back to defend the keeper, but by now the Sting were panicking, and not playing as a team, and individual players trying to dribble through Gorge's defence found the task impossible.

The final whistle found the Sting disappointed, with a final score of 2-0.

Board sends motion to premier

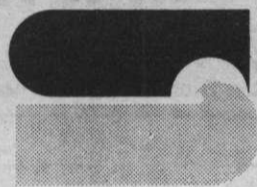

The following motion, put forward by Elizabeth Bray, trustee from Saturna, was adopted by the Gulf Islands School Board last week.

"The board of school trustees of School District 64 accepts that the present economic situation requires that all sectors of government restrain spending.

"The provincial government's directives in the latest phase of the economic restraint plan have not given this school board adequate time for thorough planning and consultation to put into effect the required cuts without inflicting serious damage on our system of education.

"We urge the premier to correct this destructive situation by joining with trustees in searching for creative solutions to the present economic crisis to avoid the needless future erosion of our present standard of education."

The motion will now go to Premier Bill Bennett.

DOWN THE GUTTER

It's time to dust off bowling shoes

BY KEN COLLINS

It's that time of year when we dust off our bowling shoes and get down to the alleys once more with dreams of getting a better average than we had the last season.

Bowling has to be one of the only sports where it doesn't matter whether you are seven years old or 70. You can be sure that the Golden-Agers really look forward to their weekly bowling as much as the youngsters do.

I would like to take this opportunity to say welcome to all our new bowlers. The men's league provides our first laugh of the current season. Ed Harker had not arrived at the time he was supposed to. Someone phoned him to see what the reason was only to find that he had already retired for the night.

He put the phone down with the assurance that he would be there as soon as he could make it. Ten minutes later he arrived, wishing he had stayed in bed because in his first game he only managed to make 116.

In fairness to Ed I should mention that he has not bowled for a number of years, which was obvious to most of us because he kept asking about the blow pin (the left corner) which was done away with in 1968.

Here are the better scores of the past week: Rusty Hopper, 744; Vic

Dodds, 746; Julie Collins, 726; and this writer with 821.

We had 300 games from Vic Dodds, 316; Rusty Gear, 314; Edie Gear, 305; Julie Collins, 310; and

this writer with 316.

The bowlers of the week were Julie Collins and this writer and for the Golden-Agers it was Edie Gear and Reg Hopper.

Second leg of Legion Cup play held at Golf Club

BY PAT DOHERTY

On Tuesday, Sept. 14, 24 ladies of the Salt Spring Golf Club's nine-hole section turned out under sunny skies for the second leg of the Legion Cup.

When all the firing was over it was Vera Sarginson and Anne Sober tied for first place. In the ensuing playoff it was Vera coming out on top over Anne. It is reported that play is now moving smoothly with no delay or crowding on Tuesday mornings.

Awards were made for low and high putting scores, and Anne Sober and Helen Welliver picked up the honours. Following the game a sumptuous repast of barbecued salmon was enjoyed at Jo Aleksich's home on Sunset Drive.

In the ladies' 18-hole division on September 8 two ladies tied with net 67's. Because of a better back

nine Phyllis Henderson won out over runner-up Dorothy Sneddon. Irene Hawksworth was the best putter with 27.

September 14 was qualifying day for the Wilson Cup which decides who is ladies' club champion. Medalist was Connie Hardy with 87, low net was Libby Noble with 69. Irene was again the best putter with 28.

Of the 11 ladies who travelled to Courtenay on the weekend, Betty Harrison was the one who carried home the prize.

The men's section is well into hibernation, getting ready for the assault on next year's trophies.

Robintraps

When the robins robbed a bountiful cherry tree, the family found a simple solution: they placed mousetraps on poles about the cherry tree.

Activity fund to benefit from Swap 'n Shop

Bargains in children's clothing will be available when the Salt Spring Elementary School holds a Swap 'n Shop Saturday.

Money raised by the school during the Saturday sale, from 9:30 am to noon, will be used to augment the cultural activity fund, said principal Tom Watson.

For those interested in selling

"used but usable" children's clothing, space will be made available at a cost of \$4 per table or \$2 for half a table. The school is also asking sellers to contribute 10% of their gross sales to the fund.

The cultural activity fund is used by the elementary school to pay for visits of such groups as the Bastion Theatre and the Vancouver Opera Guild.

For sale by owner...

1 acre lakefront home — 1600 sq. ft., 2 bdrms. & den, on one level. Quality throughout. Many extras (hardwood floors, wet bar, sauna etc.). Double carport adjoining enclosed workshop. GALIANO NEWS

Crystal Mountain Pagoda dedicated Sunday

BY BASIL AND KATHLYN BENDER

A pagoda is described as a sacred building with many stories forming a tower. There are very few such buildings in Canada and now Galiano is privileged to have one.

The Galiano pagoda is a small one constructed in eight days under the personal direction of the

Venerable Syadow U Thilawunta of Burma.

The Syadow is renowned in his own country as a pagoda architect, also as a Buddhist scholar and teacher of meditation. The pagoda has a brick core and incorporates sacred objects of power brought from Burma by the Syadow. It is faced by concrete molded to a typical pagoda shape and is

surmounted by a gleaming metal creation constructed and designed by the Syadow.

The pagoda stands on a high ridge at North Galiano amid firs, cedars and arbutus. Buddhist flags of white, blue, orange, red and green hung from tall poles improvised from slim firs. A tabernacle provided shelter for the Syadow and a young Burmese monk from his monastery.

The site is on the property of Crystal Mountain, a Buddhist society with members mainly from Vancouver and Victoria. They had chosen to buy land on Galiano because its tranquil serenity makes it eminently suitable as a place for meditation, study and retreat. There are no permanent buildings on the site and there is no present intention to set up a community in residence.

On Sunday about 20 Buddhists, who came from Seattle, Toronto and Edmonton as well as B.C. cities, assembled at the foot of the pagoda to take part in a service of chanting and meditation led by three Buddhist monks, two of whom came from Burma.

The sutra (sacred Buddhist writings of the sermons of Buddha) were chanted in Pali led by the

Venerable Syadow U Thilawunta. Pali is the archaic oral language of the Buddhist scriptures, so an English translation was available for uninitiated.

The dedication plaque on the Crystal Mountain Pagoda announces that it was constructed in September 1982 and "May it serve to inspire both the wisdom and compassion that will bring us all to a true and lasting peace."

Good Show Pin

Jackie Besler of Morgan Road has been awarded a Good Show Pin by Tourism British Columbia. The citation, signed by Premier Bennett, informs Jackie that "someone she helped described her service as outstanding and deserving of special thanks."

Jackie has been employed as a waitress for most of the past seven years at Galiano Lodge. She is well known for her smile and ready wit. She is now proudly wearing the red, yellow and blue pin on which is inscribed B.C.'s smiling sun logo. The pin is awarded after 50 visitors have written to Tourism B.C. describing her service as exceptional.

A British music hall comedienne used the phrase, "It's being so

cheerful wot keeps me going," and the sentiment seems apt for Jackie who, in addition to her arduous occupation, has raised a family of seven, run a small-holding with a considerable variety of animals, and helped care for her parents, the Harold Dyers.

Blackcurrant Jam

Bill Agér protests that he was misrepresented in our report of the Harvest Show. Bill entered in the preserves section a jar of blackcurrant not blackberry jam. As blackcurrant fanatics ourselves we can appreciate Bill's umbrage. Compared to the flavour of blackcurrant, blackberry is a pale insipid imitation. Also the vitamin C content gives the blackcurrant a much higher medicinal value.

A medicine we can recommend is made by filling a bottle with "topped and tailed" blackcurrants. The interstices are then filled with sugar, and gin poured in to occupy the remaining space and dissolve the sugar. Cork and after three months the colour and flavour of the currants has permeated the gin.

The resulting cordial, called Singing Johnny, better describes the condition of the drinker than

Galiano News

From Page Twenty-Four

the drink, which is an excellent remedy for sore throats and colds. Excessive use of the cordial leads to addiction.

Bill writes his rebuke from White Rock where he is recuperating from a spell in hospital in order to get fit enough to deal bridge hands. He is also working at validating the nonagenarian appellation we accorded him in this column. He asserts that the Not for Sale sign attached to his jar of jam was placed there by some other person who, he suspects, coveted his jam.

Nature Notes

The honking of geese last Thursday morning alerted two Galiano bird-lovers to the presence of a small flock of seven geese in Gossip Channel. Through binoculars they were able to watch as the birds swam to the shore and emerged on to the rocks only 20 feet from the observers.

One bird was mainly white with black wing-tips, a pink bill and a black grinning patch on its mandibles. Although large numbers of snow geese are seen each fall at the Reifel Migratory Bird Sanctuary, the birds are uncommon visitors to the Gulf Islands. The other six geese were white fronted, gray-brown in colour, speckled below with a distinctive white patch on the rump which they waggle seductively as they waddle.

Also known as speckle-bellies, these geese winter from this area south to Oregon but are not common.

Mosquito Zapper

It is well known that prairie mosquitoes are larger, fiercer and much more abundant than those on the Gulf Islands. It is not sufficient to repel a Saskatchewan mosquito - it must be zapped.

For that favourite activity, porch-sitting, an effective zapping device now used in small prairie towns consists of an insect-attracting light surrounded by an electrified metal screen. When a mosquito comes in contact with the screen a loud zap is heard as the insect is electrocuted.

Coming Events

This Saturday those who enjoy dancing or listening to a Glen Miller type band of the 40's and 50's are invited to Big Band Night at the South Community Hall.

The Galiano Chamber of Commerce has invited the Dance Component of the Whalley Legion Junior Band to Galiano. This group, which has toured internationally, is led by Will Vera, who has played both with Duke Ellington and the Royal Dutch Marine Band. Tickets may be bought at Spanish Hills Store, Galiano Garage and the Corner Store.

The Scottish Dancing Class will begin its fall session of weekly lessons on Monday at 7:30 pm at the North Community Hall. Dancing pumps or heel-less footwear are recommended.

On Saturday, Oct. 2 the Galiano Garden Club is holding a Plant Sale from 2 to 4 pm in the North Community Hall. Books and home baking will also be on sale.

Those who enjoyed Dr. George Morrison leading the service at St. Margaret's on September 5 will be happy to know that he is returning on Sunday, Oct. 3 to lead the congregation in celebrating World Communion Day. They are advised to inform their friends of this service.

St. Margaret's Sunday School has resumed its Sunday morning meetings at 10 am in the rectory on Burrill Road. Children of any age will be most welcome.

The Galiano Branch of the Senior Citizens of B.C. will hold the first meeting of the fall session at 2 pm on Monday, Oct. 4 in Page Drive Lounge. Members are asked to bring a friend or a visitor to the meeting.

New zone to guard watersheds

New zone is to be established on Salt Spring Island, the Watershed Protection Zone.

It will initially apply to properties owned by water districts, explained chairman John Rich at Tuesday's meeting of the Salt Spring Island Trust Committee.

In the future it could possibly cover watersheds and other water resources, he added.

Purpose of the zone is to control building on areas devoted to the collection of public water supplies.

Trustee on budget committee

Trustees of the Gulf Islands School district will be in on the planning process of the budget now that they have appointed an elected official to the staff budget committee.

The board appointed Salt Spring trustee Bert Beitel to the committee. Beitel is chairman of the board's finance committee.

Charles Hingston, also of Salt Spring, was named as alternate.

The staff budget committee, composed of school principals, representatives of the teachers and staff unions as well as district administrators, meets to thrash out the details of the yearly budget for the school district. Once the committee has prepared a tentative

budget it goes to the trustees for approval of amendment.

School board chairman Strick Aust has been pushing for inclusion of a trustee on the committee to give the elected representatives a say in the preparation of the budget estimates.

Residents ask for removal of mobiles

Two residents of the Cudmore subdivision on Salt Spring Island appeared before the island Trust committee on Tuesday afternoon last week to protest the erection of mobile homes on adjacent lots.

M.E. Sumner explained that no mobile homes may be built on the subdivision, but the adjacent lots now have such homes on them.

The lots have not been approved for subdivision, he explained, and the owner, Gordon Cudmore, has constructed pads on them and brought in mobile homes.

There is no objection to mobile homes on Salt Spring Island, explained chairman John Rich, provided they conform to the regulations. He suggested that the staff would check on the properties concerned and ascertain that they do, in fact, conform with the island bylaws.

The committee also heard references to a ministry of highways criticism of the lack of a second access road. Two subdivisions on the mountainside are contiguous but without a connecting road. Although the ministry favours such a second access the matter has been shelved, the committee was told.

NOT IN AREA

The lots under fire were not included in the covenant placed on subdivision lots because they were not in the original subdivision, agreed David Lott.

"Our problem is not with Cudmore," said Sterling Howe. "We want the trailers out."

They have no objection to mobile homes, urged Sumner. "But these people are living under different zoning bylaws from us."

Bud Kreissl explained that the restrictive covenant placed on the subdivision to prohibit mobile homes is a provision allowed for by developers and has no connection with island bylaws or building regulations.

They have been to Hugh Curtis' office and to the ministry of highways, said Sumner, and now the Trust says it is not their problem.

The problem of lots can be solved, but the trailer problem is a different matter, said Wallace. Sumner summed up his problems: "We're snookered again," he said.

They have been discussing it since March.

"The owner is trying to get you to put the pressure on," said Rich.

Less than a litre fatal

A human being needs at least one litre of fresh water every day. More is better; less is fatal. Millions of children around the world are depending on contributions to UNICEF's Trick or Treat campaign for their health, their very lives.

30 YEARS
EXPERIENCE
537-2003

What does community development mean?

Last year, it meant building a new wharf
for Point au Gaul, Newfoundland.
Renovating an education centre
in High Level, Alberta.
And improving a salmon fishery
in the Skeena region of British Columbia.

This year it means jobs for over 48,000 Canadians.

The federal government's Canada Community Development Projects (CCDP) will provide \$270 million to hire local workers for projects that improve the communities in which they live. Young people, men and women and disabled Canadians, will be building their work skills and experience, while building their communities.

If you have an idea that will enhance the economic or social life of your community and employ three or more local people full-time, visit your local Canada Employment Centre. Applications and program information are available for sponsor organizations, local corporations and cooperatives who've got the experience to organize and coordinate community-based employment programs like CCDP. Job creation is a vital component of the federal government's six and five economic recovery plan.

Tell us what you think community development can mean to your community, and all the people who live and work there.

Applications must be received by September 30, 1982.

Down Through the Years with Driftwood

Twenty years ago

The Lady Minto Hospital Women's Auxiliary annual bargain sale netted \$1,500 as bargain seekers, many lined up before the doors opened, kept the volunteers busy until closing time.

The IODE Marathon Bridge Tourney was in the final stages of preparation for the opening October 8. The tournament differed from previous ones in that each two-some continued to play until they had been defeated twice. Cash would be awarded to first, second and third place finishers.

Driftwood editor Woody Fisher, while recuperating from an operation, was invested as a Lifetime Member of the Mystic Order of the Itching Stitch (M.O.I.S.) which allowed him the right to talk about his operation on all occasions.

Department of education examinations were a required effort of all Grade 7 students in the province and results showed Salt Spring students scoring at least two points above the provincial average in all subjects. Island students showed best in grammar with a 56.3 compared to 50 for the province average.

Classified ad: For Sale: 1/2 beef, 45¢ per pound.

She had arrived on Salt Spring Island to begin a new job. She ended up in the emergency ward after she fell into a hole on her property. The untimely accident occurred as she was trying to run away from a bulldozer. She recovered in time to begin her duties as public health nurse.

A Salt Spring Island resident won a deluxe model Dodge at the Pacific National Exhibition in Vancouver.

Fifteen years ago

The ferry wharf at Sturdies Bay, Galiano Island, was to receive a \$31,414 repair job. The project, to be completed by the tender-winning Victoria Pile Driving Company, would be to rebuild 63,000 square feet of the existing wharf and replace 11,000 feet of pontoon floats.

The fire ban had been lifted and someone lit a fire. The Salt Spring Island volunteer fire brigade was called to put out the fire on the front porch of a house.

The deer ran in front of the car, explained the driver, causing the vehicle to end up in the ditch. The event took place on Fulford-Ganges Road near the Cusheon Lake turnoff and the car sustained \$750 damage. The deer did not remain at the scene of the accident.

The Lady Minto Hospital Women's Auxiliary annual bargain sale netted \$1,900 from bargain seekers who crowded Mahon Hall to spend money.

Deer hunting season began on Salt Spring on a sour note as a farmer reported the shooting death of a yearling bull. Numerous

reports had been filed concerning hunters who ignored warning signs.

School enrolment went up eight per cent in the elementary schools and 10% in the secondary school of the Gulf Islands. Secondary School principal Donald Hartwig reported having to use all available space to cope with overcrowding.

The referendum had been defeated twice but the Gulf Islands School Board was to try again to convince island residents to approve spending for needed additions to various schools.

Ten years ago

The newly elected member of the legislature for Saanich and the Islands, Hugh Curtis, said he would make regular trips to the Gulf Islands to listen to residents' views on all affairs affecting the province. He had been elected in the April 30 provincial election.

The Salt Spring Island Chamber of Commerce announced a standard membership fee of \$15 per year which eliminated the lower fee for non-business members of the organization. The new fee structure would take effect for memberships for the following year.

A fire at Boat Pass on Saturna proved difficult to reach and the volunteer firefighters had to take a pump by boat to the site. The fire apparently started from embers left from a campfire.

Five years ago

Fulford Harbour, on Salt Spring Island, had been closed to crab fishing by the department of fisheries. The reason given was the lack of legal sized crabs. The size had been set at six inches across the shell and the stock in the harbour had consistently showed less than the limit. The ban was to be reviewed within several weeks to determine if commercial catches would be allowed.

The Salt Spring driver told the judge that his GMC pickup was in good running order. RCMP had stopped him at a spot-check and decided he was operating a defective vehicle when the horn, brake lights and taillights wouldn't work. The only mirror on the truck was cracked as well. The driver was fined \$15.

The B.C. Ferry Corporation required islanders to have proof of residency for the fare reduction for trips to Vancouver Island. The boat company had moved their offices and residents seeking the island passports had to travel to

Broughton Street in Victoria rather than Wharf Street.

Salt Spring RCMP were to coordinate spot checks to deter the efforts of pit-lampers. Complaints from the Sunset Drive area of Salt Spring Island prompted the warning against those who would hunt deer in the dark.

The Salt Spring Fall Fair concluded a successful day attracting more than 2,500 people to the various displays and events at the elementary school grounds in Ganges. The event, put on by the Salt Spring Farmers' Institute, had not been staged for several years and this version was the second annual after having been restaged.

The Salt Spring Islander was not pleased when asked to leave a local motel. He had not been a registered guest but merely a visitor to someone there. He showed his displeasure by exploding a sea lion bomb. The incident cost him \$150 when the judge agreed that he shouldn't have done it.

Trustees take issue

Salt Spring Island Trust Committee last week found two issues on which they disagreed with highways ministry rulings.

The ministry subdivision approving officer had asked for the extension of a road through the Cusheon Lake watershed to serve a property beyond. Trustees felt strongly that the road should not be permitted when there was an alternative route that could be used without crossing the watershed.

Ministry also called for gravelling of footpaths between roads. Trustees contended that they would be far better left in grass.

When David Lott challenged the ministry's rejection of two applications for subdivisions to accommodate close family members, he was told that the ministry took legal advice and had been informed that it had no authority to refuse such a subdivision.

There is no consistency to the manner in which Section 733 is decided, agreed Gordon Wallace.

Volunteer program cut because of restraint

The familiar candy-stripe uniforms will not be seen in Lady Minto Hospital this year.

The budget restraint program, which caused the Salt Spring hospital to cut staff, has resulted in at least a one-year pause in the junior volunteer candy-strippers program which has been run by the Ladies' Auxiliary for the past 12 years.

Auxiliary president Ethel Davidson told Driftwood that the executive had discussed the volunteer program for teens at great length. The staff cuts worked against the program in two ways, she said.

The reduction in staff meant that the Candy-strippers would have less work to do. Also, the nurse who had been liaison on the floors for the volunteers was planning to leave the hospital creating a hole in the supervisory end of the program.

If a convener for the Candy-strippers can be found, the executive

would consider reinstating the program, said Davidson. The program will be reviewed in a year to see what impact the dropping of it had on the hospital.

A volunteer told Driftwood that she was disappointed in the cancellation of the program, saying that it was one of the few ways for teenagers to be of help.

Dollar can protect 30

Malnutrition and related diseases are the major cause of child morbidity and mortality in developing countries. The World Health Organization estimates that some 200-400,000 children in developing countries go blind each year because of vitamin A deficiency. A modest contribution of \$1 to UNICEF on Halloween this year can provide enough vitamin A capsules to protect 30 toddlers from nutritionally caused blindness for one year.

Enrolment up 5½% in islands schools

Preliminary enrolment figures for Gulf Islands schools show an increase of 57.5 students to a total of 1,092.5, compared to the 1,035 students in classes in September, 1981. The increase amounts to 5½%.

The four Outer Island schools dipped in population to 211 from 226 a year ago. On Galiano, the enrolment stands at 45.5 compared to 51 last year. Pender School also lost students - down to 76 from 82.5 last year. Saturna School shrunk to 14 students from 18.

The only Outer Islands school to increase enrolment was Mayne Island where 75.5 students showed up compared to 74.5 the previous year.

The fraction results from counting kindergarten pupils as one-half of a student. The kindergarten children attend only half a day.

The story on Salt Spring Island is continued crowding in the two elementary schools.

Fernwood School approached the limit with 117 students and 31 kindergarten pupils. The full-time equivalent (FTE) figure for the school is 133 compared to 122.5 last year. Ministry standards for

Fernwood have been set at 155, including 50 kindergarten pupils.

At Salt Spring Elementary School, the number of students in class totals 382 plus 45 in kindergarten. That translates to 404.5 FTE students. Ministry of education standards for Salt Spring Elementary have been set at 348 students including 50 kindergarteners.

At the Gulf Islands Secondary School, 344 students showed up. The enrolment for 1981 stood at 331.

The situation at the two Salt Spring elementary schools means at least six per cent more students are attending classes than approved by the ministry standards. The ministry has stipulated that enrolment figures for the end of September will be used as final determination in judging the need for a new school in Fulford.

The ministry had set a projected enrolment of 464 students and 81 kindergarten pupils as a combined total for both schools. The preliminary figures show that 499 students, with 76 in kindergarten, are attending the Salt Spring schools.

Driftwood photo by Alice Richards

Run raises \$390

Runners are among 103 islanders who participated in Sunday's Terry Fox Run at Salt Spring Island, which raised \$390 for the Cancer Research Fund. The run was preceded by warm-up exercises led by the Salty Sweats at the Ganges activity centre. Some

walked, some ran, one even roller skated and many bicycled on the three different routes of one, three and five kilometres.

Bars closed

A report from June of 1899 noted that steamboats calling at Ganges would not be allowed to retail liquor as had been the custom. The bars on the vessels were to be closed while the steamboats were in port.

Proposed store could operate under new limited zoning

The Windmill Farm development proposal for the former Scott property on Lower Ganges Road at Atkins Road would require a form of zoning restricting its use to one purpose, promoter Terry Penny was told last week.

Gordon Wallace asked Penny at last week's meeting of the Salt Spring Island Trust Committee whether he would accept a form of zoning which would permit the property to be used solely for the purpose set out in the application.

Penny expressed his satisfaction and explained that he was leasing the property from the Cunningham family and would require their approval to any type of zoning.

The developer explained that he envisages a store selling "mainly produce", including locally grown foodstuffs, coffee and other commodities, an arts centre and a butcher shop. Property is that to the south of Foxglove on which stands the windmill adopted for its name.

STRIP DEVELOPMENT

Bud Kreissl said he likes the presentation and he likes the style.

"The problem is that the community plan says discourage strip development. If it were to be zoned Commercial 1 and the

operation failed, the property could then be used for any other commercial purpose."

Both Salt Spring Island trustees were of the same mind.

"We could be accused of permitting strip development," commented David Lott. "On the surface it looks a good idea, but it

is extending commercial zoning." He recommended taking the proposal to a public meeting before any action is taken.

"If the public wants it, then they could support it."

Proposal will await submission of an application for rezoning.
