

Arrangements completed for Day of Prayer

Salt Spring Island Council of the Catholic Women's League met in the Parish Hall last Wednesday. Fr. P.A. Bergin led the opening prayers and Ursula McEwen presided.

Elsa Drummond, spiritual convener, reported that a meeting was held January 26 with representatives of the Anglican Church, the Community Gospel Hall and the United Church to complete arrangements for the World Day of Prayer to be held in the Catholic Church on Drake Road on March 4 at 1:30 pm.

The speaker will be Rev. Murdo Nicholson. After the service refreshments will be served in the church hall.

Ursula McEwen reported on the visit to the parish of representatives of Marriage Encounter. Anyone wishing to go to Marriage Encounter in Victoria may obtain an application from Fr. P.A. Bergin.

The members concluded their study of proposed changes to the constitution of the C.W.L. Their recommendations will be presented to the constitution committee at the regional meeting to be held March 7 at Port Alberni.

The meeting closed with prayer and Val Gyves and Pat Beitel provided refreshments for a social hour.

Honour roll students at Gulf Islands

Gulf Islands Secondary School students named to the honour roll for February are listed as follows, by grades.

GRADE 8

Erin Fewings, Kim Jorgenson, Katrina Kienast, Amos Lundy, Nancy MacDougal, Melanie Marshall, Maria Payne.

GRADE 9

Michelle Boehringer, Leigh Bush, Jennifer Clark, Liz Gay, Joelle Hann, Nanette Kessler, Jennifer McWhirter, Krista Sadler-Thomas, Laura Hynes.

GRADE 10

Denise Harrison, Michael Davies, Deanie Byron, Suzanne Cottrell, Kara Cruikshank, Justine Hull, Kirsten Rolfsen, Wendy Ronne.

GRADE 11

Cathy Coe, Paul Cottrell, Rob Hitchcock, Alex Hoeschmann, Marian Lucas, Monik Nordine, Vendy Severn, Michele Thomas, Crystal Watson, Mark Wenzel.

GRADE 12

Ellen Box, Robert Beardsell, Arnie Dammel, Dan Fraser, John Hardy, Denise Harrison, Gordon Hitchcock, Linda Kyle, Alex Neish, David Owen.

SUMMER CANADA '83 AN INVESTMENT IN YOUTH

This summer, thousands of jobs will be created for students. The federal government's SUMMER CANADA program will provide funding to non-profit organizations and municipalities to help them employ students, and give them career-related experience.

◆ Students who can't find summer jobs don't develop the kind of work experience that helps them bridge the gap between school and work. It might even mean a student's education comes to a sudden stop. SUMMER CANADA is designed to change that — by helping employers help students. ◆ If you are a student interested in real work experience, you should register at your local Canada Employment Centre. If you are a member of a non-profit organization that would like funding to hire students, read on.

COMMUNITY PROJECTS

SUMMER CANADA applicants who want funding to hire students to work on community-based projects must be able to employ three local students. Work should result in tangible goods or services to the community and provide marketable job experience for the student workers. Community projects must last between six and eighteen consecutive weeks during the summer.

**Community Projects Sponsor
Application Deadline:
March 4, 1983**

INTERNSHIPS FOR STUDENTS

Internships supply funding to non-profit organizations and municipalities that will hire students as temporary additions to their staff. The emphasis is on creating projects that will give developmental work experience in a well supervised setting. These internships (which must last six to eighteen weeks during the summer) may continue for three consecutive summers. That gives the employer increasingly skilled workers, and the students secure summer employment that builds valuable work experience.

**Internship Sponsor Application Deadline:
March 11, 1983**

Applications and information available at your
Canada Employment Centre and Employment Development Office.

Export 'A' competitors named

BY KEN COLLINS

Here are the people who made it on to the teams that will compete shortly in the Export "A"-sponsored competition.

For the ladies' team they are Carol Kaye, Sheila Lucas, Val Hughes, Brenda Helfrich and Trudy Sloan, and for the men's team, Frank Keoppel, Doug Hack, Albert Kaye, Ron Robertson and Ed Allan.

Here are the better scores of the past week. Albert Kaye: 727-744 (313-331); Carol Kaye: 796-773 (307); Terry Jenkins: 723-753 (317-319); Jan Arsenaault: 774; Dan Bedford: 742; and this writer with 788.

The bowlers of the week were Carol Kaye and this writer.

Spot bowling is the only way to go and living proof is Ed Harker, who sports a 150 average in the men's league. Two weeks ago Terry got him to try spot bowling instead of his usual pin bowling. Last week it paid off as he came up with a 618 triple, 168 pins over his average.

Felt sorry for my daughter Julie last Friday night. She had six

headpins in one game as she came up with a 137 game.

It never fails. As soon as anyone asks me to watch him bowl, because he is not doing too good of late, he always gets a strike. How can you fault anyone who does that?

Y.B.C. NEWS

The Bantam division held their Four Steps to Stardom Zone Roll-Offs Sunday in Esquimalt. Our representatives were Laura Little and Mark David.

A big thank you from all of us to these two bowlers for placing well in the standings.

This weekend the junior and senior representatives get their chances to place as well in the individual divisions. Good luck to you all.

High scorers for the past two Saturdays were:

Jets (February 5): Eric Taylor 119, Simon Baines 106, Bonnie Trotter 84, Meghan French 82, Jennifer Neilson 81, Heath Cooper 74, Alicia Gopp 64, Nathan Helfrich 56. February 12: Eric Taylor 103, Simon Baines and Nathan Helfrich

86, Alicia Gopp 81, Heath Cooper 69.

Pee Wees (February 5): Tracy Cunningham 138, Tina Reid 111, Rita Phillips 101, Clinton Helfrich 117, Daniel Hatch 87. February 12: Tracy Cunningham 111, Leah Brubaker 108, Rita Phillips 70, David Lucas 139, Clinton Helfrich 100, David Racic 81.

Bantams (February 5): Lisa Jorgensen 207, Deanna Little 192, Candice Miller 156, Mark David 200, Paul Hatch 178, Adam Baines 160. February 12: Lisa Jorgensen 182, Laura Little 169, Christine Carey 164, Mark David 209, Lance Davis 170, Adam Baines 162.

Juniors (January 31): David Cates 209, David Jacquest 182, Shannon Taylor 203, Jennifer Lucas 178, Jeanette Rogers and Trina Wight 134. February 5: Shannon Taylor 230, Jennifer Lucas 185, Trina Wight 184, David Cates 261, David Jacquest 199, Graham Wight 181.

Seniors (February 2): Carol Cunningham 188, Denise Harrison 177, Debbie Anderson 145, Steve Marleau 298, Paul Trenholm 271, Dan Fraser 231, Steve Martens 227. February 9: Denise Harrison 236, Carol Cunningham 211, Donna Gosnell 210, Sonia Sanga 183, Dan Fraser 318, Steve Marleau 287, Paul Trenholm 247, Steve Martens 226.

GOLDEN-AGE BOWLERS
High triples for last week were: Gene Graham 696 (227, 275) and Annie Code with 630 (276).

Other good scores came from the following: Geoff Baker 241, Hilda Cullis 237, Fran Krekel 227, Mary Vickers 225, Ted Meaden 232, Edie Gear 219, Nellie Herbert 217, Rusty Hopper 216, Gladys Harper 211, Frank Cullis 211, Ed Allen 205, 217, Lil Glazier 214, Les Giles 210, Art Robinson 209, Flo Kavanagh 209, Nellie Miller 208, Jim Gilson 206, Ruth Bedford 209, 200, Flora Robinson 203, Fred Timms 200.

Nice to see Annie Spencer back bowling again.

Strikers downed 3-1

BY STRICK AUST

On Sunday the Salt Spring Strikers lost an important match to Prospect Lake in their quest for the "B" District Cup.

Although the Cup is not out of their reach yet, the road to the playoffs is now quite a bit more difficult as they will have to win three games in a row, away from home, to participate in the final match.

The Strikers were short some players but the team was determined to fill in the voids and pull off a victory against their strong "B" side.

Besides the desire for the District Cup, the boys had another reason for wanting this victory. Last year the same Prospect Lake team had knocked the Strikers out of District Cup play and down to the "C" level of competition.

The Strikers started strongly, putting immediate pressure on the Prospect Lake defence but time after time they either outran the Striker forwards or muscled them off the ball.

Finally, after 15 minutes of determined effort, the Strikers were able to break through the defensive wall, and put the ball in the back of

the net. As with many of the team's goals, it was a combined effort between Mike Cue and Jeff Moger.

Prospect Lake rallied after the scoring of this goal and scored one of their own, a well earned goal that seemed to boost their spirits and spur them on to greater effort. Ten minutes later they scored again, this time on a breakaway.

Now the Strikers renewed their effort, and with only minutes to go in the first half, almost tied it up as Eric Donnelly executed a perfect left-footed kick that beat the keeper, but missed the net by inches.

The second half was back and forth action, as both teams were able to move the ball through the mid-field of the other, but seemed unable to penetrate each other's defence.

Finally, with five minutes to go, the Strikers literally pulled their goalie and pushed everyone up in an effort to even the score and put the game into overtime. With only the keeper and one defender back, the Striker net was virtually unprotected.

With only minutes to go, Prospect Lake broke out of their own end and put the lid on the game with their third goal.

Perseverance pays off for Salt Spring Sockeyes

BY MALCOLM LEGG

Perseverance pays off in the long run. The Salt Spring Sockeyes have had a dismal season in league play and after last weekend's opening defeat in Cup play the prospects looked bleak indeed.

But not for this group of never-say-die women, who put on a sparkling display of soccer to defeat the Stingers 2-1. Even so, the outcome was never a certainty, especially in the second half when the Stingers poured on the pressure.

The Sockeyes started with only nine players and appeared to be in for a tough match even though the Stingers had only 10 players. Minutes after the opening whistle Trish Graham arrived, giving the Sockeyes their 10th player and the team sprang to life.

Deneen Grant pushed a quick pass to Trish who split the Stingers' defence and banged home their first goal.

Moments later, Vicki Byron arrived and the team had their full complement of players and they responded by pouring on the pressure in the Stingers' end.

Trish, Vicki and Debby Bell all had glorious chances to score but the Stingers held on valiantly. The Sockeyes' pressure eventually paid off as Jackie Byron dribbled through three defenders and put Debby Bell in the clear with a perfect pass.

Debby made no mistake and the Sockeyes were up by two at the half.

The Stingers' missing players finally arrived at the half giving them a full squad. With their fresh legs they poured on the pressure in the second half. The Sockeyes' back wall of Suzanne Terrick, Sue Byron and Marianne Allan, coupled with goalie Denise de la Franiere, were equal to the challenge.

Mid-way through the half the Stingers slipped through the Sockeyes' defence for a goal but it was the only goal Denise was to let in, as she played brilliantly throughout the match.

The Stingers pushed forward for the equalizer but the Sockeyes' mid-field of Becky Legg, Deneen Grant and Maria Betts took control and contained the opposition in their own half for most of the remainder of the game.

Next week they hope to make it two in a row with a home game on Sunday at 11:30 am.

KICK-OFF

Coers Cup play is delayed by poor weekend weather

BY MALCOLM LEGG

Soccer news came on two fronts last week amid a weekend of terrible weather that limited action at Portlock Park.

Our off-field news is that the Royal Canadian Legion Branch at Salt Spring becomes a supporter of our club once again.

Over past seasons the service clubs of Salt Spring Island have been a mainstay of support for the many programs our club offers.

Their support enabled us to put on the Whitecaps clinic, referees' clinic and coaches' clinics as well as run our on-the-field program.

During the last couple of seasons their support has dried up as they turned their financial assistance towards other goals. The return of the Legion to our family comes when we need it most.

With spiraling costs and a booming enrolment of 250 players, finding the necessary funding becomes more difficult each soccer season.

On the soccer field there was only limited play in Cup action but all our teams are still involved, at least for another weekend. The poor weather cancelled Coers Cup play for the intra-island and peewee soccer also, but both will resume next weekend.

In Division 6C cup play the Selects won again with an exciting

1-0 win over Duncan in overtime. This weekend they play their semi-final match at 11:30 at Portlock Park.

The Sting in 5C cup play won easily as their opponents failed to field a team. Their next match is Saturday at 1 pm at home.

The Sockeyes, in women's play, defeated the Stingers 2-1 and also play at home at 11:30 am Sunday at Portlock.

The Strikers in 3B cup play dropped a tough 3-1 decision to Prospect Lake and play in Victoria this weekend.

The Wranglers play their semi-final match in Saanich this weekend. With a win they move into the 4C cup final.

The Kicks play their first games this weekend in the 1A cup. Saturday at 10 am at Portlock against Bays United is the first with their second at 10 am Sunday.

SOCCER SCOREBOARD

Div. 3: Salt Spring Strikers 1, Prospect Lake 3 (J. Moger)
 Div. 5: Salt Spring Sting 1, Bays United 0 (by default)
 Div. 6: Salt Spring Home Hardware Selects 1, Duncan 0 (D. Kirkpatrick)
 Women's: Salt Spring Sockeyes 2, Stingers 1 (T. Graham, D. Bell)

This Week in Recreation

PEE WEE SOCCER: Every Sat. 9:30 am, Portlock Park. Open to all kids 2-5 yrs. old.

Selects advance to semi-finals

BY MALCOLM LEGG

Once again the Salt Spring Selects put on a thrilling cup game as they out-lasted Duncan 1-0 to advance to the semi-finals of the District Cup.

The two teams battled through 60 minutes of scoreless regulation time, forcing a 20-minute overtime session. Duncan, with the wind at their back, pressed hard in the first half of the overtime but the Selects' defence held tight.

Mid-way through the second half of overtime the Selects struck for the big goal. It started from a corner-kick with Rob Wanless passing the ball to Ben Berry. Ben dropped the ball to Chad Little who first-timed a cross into the middle.

The cross was deflected into the air but carried to Darcey Kirkpatrick who smartly volleyed a high shot in for the winner.

Duncan pressed hard for the equalizer in the dying minutes but Salt Spring was the match for every Duncan thrust.

No damage

Volunteer firefighters were called out last Thursday to deal with a chimney fire in a home on Lower Ganges Road on Salt Spring Island.

The fire caused no damage to the home of Betty Calkins. The call was made at 5:45 pm.

For 3,000,000 Canadians Heart Disease isn't just somebody else's problem.

Make no mistake about it. Heart and Blood Vessel diseases are Canada's number one health problem, killing almost as many Canadians every year as all other causes put together.

At any one time, almost 3,000,000 people will be affected by diseases the Canadian Heart Foundation is concerned about. They include: Hypertension (high blood pressure), Heart Attack and Stroke, Rheumatic Heart Disease, Congenital Heart Disease plus a number of others that are less well known.

At present it is estimated Heart and Blood Vessel diseases are costing the Canadian economy over two billion dollars a year in medical expenses, lost wages and lost production. That makes it a problem that affects us all.

Look at all we've done.

We can all be proud of the progress the Canadian Heart Fund has made over the last 25 years. Today the death rate is down dramatically. Over 27% compared to 1965. Literally thousands of Canadians are alive today because of your donations in the past.

The reason for this reduction is based almost solely on research and education. Canadian researchers developed the first pacemaker, artery transplants, human heart valve replacement, surgical correction for "blue babies" and techniques used around the world when major heart surgery is necessary.

Our education programme helps spread information about new breakthroughs to doctors, nurses and other health care professionals through seminars held in hospitals across Canada. Training for Cardiopulmonary Resuscitation (Emergency Heart Massage) is also carried on in many centres.

Of all the donations received by the Heart Fund, 88% goes directly into research and education. So your money makes a difference where it really counts.

Look at where we're going.

Because research into a number of heart diseases has been so successful, future work is being concentrated on the two main killers left to be conquered: Arteriosclerosis and Hypertension.

Commonly referred to as hardening of the arteries, Arteriosclerosis is a condition where deposits build up on blood vessel walls. When a blood vessel is closed off by these deposits the surrounding tissue dies. A Heart Attack or one type of Stroke could be the result.

You know Hypertension as high blood pressure. Over 2,000,000 Canadians have this condition. It is one of the leading causes of stroke, congestive heart failure and is a major risk factor in Coronary Artery Disease. Many medical researchers feel that successfully finding a cure to Arteriosclerosis and Hypertension will virtually eliminate both Stroke and Heart Attack. The two major causes of death in Canada.

So think of the breakthroughs still to come. Help us buy more time in the research labs. It's the only place heart disease will finally be stopped.

Give as if your Heart depended on it.

Last year 80,000 Canadians died of Cardiovascular Disease. More people than from all other diseases combined. So even with the progress made to date, Heart diseases can still affect you or your family without warning.

And it's not just the elderly. In men half the deaths from heart attack happen between the ages of 35 and 64. And the median age of stroke victims is only 50. Right in what many people consider the prime of life.

There are still a lot of unanswered questions. Still too many people we can't help. We're doing all we can. Now it's all up to you. Help us make heart disease a part of the past.

Births

CARLYLE, born to Stan and Rennae, a boy, Andrew James, on February 7, 1983. A brother for Matthew. Thanks to the Lady Minto staff and many friends for their care and thoughtfulness at this time. 1

Card of Thanks

Grateful thanks from John Wall to those passers by who came to his assistance when he fell and damaged his head outside Mouat's on February 7th. 1

An expression of gratitude to Dr. Jerry Nestman and Dr. Ernie Jarman, the nurses and staff at Lady Minto Hospital for their loving care, kindness and friendship to my wife Lexie and myself during the time of her long illness. I can only say friends in need are friends indeed and thank you all on behalf of myself and family. 1

Deaths

SAWYER, Lexie passed away peacefully on Friday, February 4th, 1983 at Lady Minto Hospital. She leaves her loving husband Bill, daughter Wendy and son-in-law Charles, grandchildren Jamie and Timmy, all of Salt Spring Island. Daughter Marilee of Duncan and son Warren and daughter-in-law Joan, grandchildren David and Michael of Victoria, brother Jim of Kingston, Ontario. Born in Forres Scotland in 1919 Lexie had lived in Saskatchewan, England, Ontario, Nova Scotia and since 1961 at St. Mary Lake. In lieu of flowers, donations to the Lexie Sawyer special equipment fund will be appreciated at Lady Minto Hospital. 1

WORLD DAY OF PRAYER
Friday, March 4, 1983 at 1:30 pm.
Catholic Church, Drake Road
(released by the Women's Inter-Church Council of Canada)
This year the call to prayer is from the Caribbean. Christian women of the caribbean call their sisters and brothers throughout the world to prayer. In our island nations, we live intimately with God's creation of sun, sand and sea. We are overwhelmed at times by our problems. Our churches struggle to continue their work of ministry to body, mind and spirit. Pray with us and for us that we may be strengthened to grow towards maturity as new persons in Christ. Won't you join us in prayer? 1

Youths borrow pickup

Two youths borrowed a truck last week and could be facing serious charges as a result.

The two 17-year-old Salt Spring residents took a 1962 Ford three-quarter-ton truck from a residence on Woodland Drive. The vehicle later became stuck on Mobrae Ave. and the youths were caught.

The incident occurred last Thursday, just after midnight.

Too Late to Classify

Driftwood photo by Frank Richards

Early days recalled

When Harbour House Hotel re-opened last week new manager Stan Lam showed up in the dining room with a group of past employees. Photo shows them happily recalling the days of Desmond Crofton and the old hotel building. Seated is Roma Sturdy and in the row behind

her, left to right, are Betty Fennell, Alice Coels and Alma Blackler, with Stan Lam at the end. In the back row are Phyllis Agar, John Crofton, Louise Foulis and Tuppy Agar. The group spent the evening reminiscing and meeting old friends.

Program begins July 3

The summer program at Naramata Centre begins July 3 and anyone interested in attending the camp should sign up soon.

The message comes from the Ganges United Church to remind people that the popular seminars are generally booked early and early registration could assure a place at the centre.

The centre is located near Penticton on Lake Okanagan. It is the scene of weekly programs from July 3 to August 27. The programs emphasize different aspects of life each week.

The programs teach participants about the arts, leisure activities, bible studies, theology and world issues. Other options include lifestyles and values, personal growth, marriage and family life as well as teaching leadership skills.

Information on the various programs and accommodation at the centre is available at the Ganges United Church.

Interested individuals or families are asked to contact Reverend Al Skinner, or Naramata Centre community representative for Salt Spring, Arlene Dashwood.

Action reduces penalty

The glass door had been broken accidentally, said the defendant, and the judge accepted his version of the incident.

Melvin Bannock, of Salt Spring, told the judge last week that he had gone to the Gulf Island Trading Company store on September 23 at about 6:20 pm to buy a lighter. The store was closed but customers could be seen within, said Bannock.

He and a clerk at the store became involved in an argument and Bannock had been pushed into the street. When he again attempted to enter the store, the window was broken, he said.

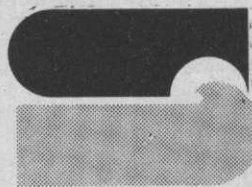

Bannock told Judge D.S. Collins that he had gone almost immediately to the home of the store owner to offer to pay for the window. The replacement value was \$57.

He had been drinking for several hours previous to the incident, said Bannock. The crown attorney said that people had come forward to note that such behaviour was not ordinary conduct for Bannock.

ACCEPTED

He had entered a guilty plea to the charge of causing a disturbance and asked the judge for a definition of wilful damage. The judge noted that it involved intentional damage. When Bannock gave his evidence that the glass broke accidentally, the judge accepted it.

In handing out a fine of \$25, the judge noted that the incident might not have occurred if Bannock had not been drinking. Bannock's actions in contacting the store owner to pay for the damage also influenced his decision, said the judge.

GALIANO NEWS

Discussion centres on two issues at Trust meeting

BY KATHLYN AND BASIL BENDER

The quarterly public meeting of the Galiano Island Trust Committee held in the Community Hall Friday evening drew a large audience, and two main issues emerged.

The first arose from applications which sought to change the density provisions on certain parcels to allow construction of an extra family dwelling over and above that allowed by the zoning bylaw.

The general trustees were adamant that such ad hoc decisions are a danger to the integrity of the community plan and the bylaws, and unfair to others who own property in the respective zones.

One parcel in question is in V2 zone and was formerly, under Capital Regional District bylaw 103, in the Rural Residential zone. Both bylaws state that "On one parcel of land there is allowed one one-family dwelling". The members of the Advisory Planning Commission and the trustees all agreed that their duty was to uphold the bylaw, so the application was rejected.

COULD BE CHANGED

It was pointed out that if the public has changed its position since the community plan received widespread support 10 years ago, and is willing to permit multiple dwellings per parcel in any zone, then the plan and the bylaws can be changed.

The original plan envisioned review every few years but set out no mechanism whereby this could be done. The initiative for change or review could come from the Advisory Planning Commission or a revival of a Galiano planning committee but would involve a great deal of work and many public meetings.

The most absorbing issue was that of a commercial centre which arose from consideration of the designation, by the ministry of transportation and highways, of Sturdies Bay Road from the wharf to Burrill Road as a controlled access highway, and two applications for commercial zoning. The effect of the highway designation is to stifle any further development in the Sturdies Bay area, especially as the regional approving officer has so far failed to respond to a request for guidelines or policy.

Unless this situation can be resolved the commercial centre of the island might shift to the area around the intersection of Sturdies Bay Road and Porlier Pass Drive,

two kilometers north.

TWO APPLICATIONS

That this process may have already begun was evidenced by two applications for commercial zoning in the area. One was for a farm and garden centre to sell animal feed, produce, health food and related merchandise. The other was for a neighbourhood pub with cafe.

Both applications had received the approval of the Galiano Advisory Planning Commission and, despite considerable reservation regarding traffic safety, received popular but not unanimous support. In both cases bylaws had been prepared and received first reading, and the applications will proceed to public hearing.

Sparky New received assurance that plans and details of each proposal would be made available for public scrutiny, that both projects would be subject to development permit, and that the conditions negotiated should reflect public input at the hearings.

Edrie Holloway thought that there should be more study of the need for commercial development and Dr. Kingscote voiced concern about the possibility of ground-water pollution in the area.

CORONER'S REPORT

The coroner's report on the death of Pauline Rimmer in a bicycle accident last summer was received and his recommendations discussed. Pressure will be exerted on B.C. Ferries to have Mr. Ross' suggestion regarding off-loading of cyclists after cars, implemented.

More highway warning signs were advocated whether erected by the department or the local community. Although all users enjoy equal rights to use the island roads they are not all equally vulnerable and vehicle drivers have a special responsibility for road safety. The department of highways was criticised by several speakers for the low priority it appears to give to road safety.

The Islands Trust regional plan and its possible effect on the Galiano plan and bylaws was the subject of a report from Tony Roberts, the Trust's chief executive officer.

He concluded that since the regional plan dealt in generalities and was designed to give a clear statement of the Trust's wishes when dealing with government ministries, it would have little or no effect on the community plan or bylaws. There is no intent to have regulatory bylaws enforce the regional plan, and the only way it might supercede

any part of the local plan would be if protective zoning for the purpose of preserving an ecologically sensitive area, such as the top of Galiano Mountain, was required.

This report is being made available to the Chamber of Commerce, which will consider the plan on February 19.

After more than four hours the standing-room-only audience had dwindled to a corporal's guard as discussion took to the water.

Ann Eriksson of Retreat Cove had sought advice of the Trust as to how she might start mariculture in those waters. She was encouraged to pursue the matter by further discussion with the Trust.

Supporters of the proposal were anxious not to have Retreat Cove rezoned to Water B as this would allow a number of polluting activities.

Finally, the chairman reported on the question of pollution by boats in areas of restricted tidal movement. Both federal and provincial governments are concerned, and the latter is considering introducing regulations applying to private pleasure craft, compelling any equipped with a head to install a holding tank which could only be discharged at an appropriate shore installation or in open water.

The Islands Trust has been asked to identify anchorages where the discharge of marine sewage is a problem.

Annual meetings

The Galiano Weavers and Spinners Guild, which meets each Thursday at 1 pm at the home of loom-mistress Fern Stewart, has elected the following officers for 1983: Helen Reynolds, president; Cathy Pattison, vice-president; Sheila Anderson, secretary; and Marion Williams, treasurer.

Information on future programs and workshops may be obtained by contacting one of the executive.

The annual general meeting of the Senior Citizens Association was held February 7 in Page Drive Lounge. In the absence of both the president and vice-president, business was conducted by the treasurer, Frank Greenhalgh, who also had to present the financial statement.

Members were informed that the association had a bank balance in excess of \$4,000. Several proposals were made to reduce this, but the only one framed as a motion and duly passed was to make a donation to the Activity Centre Society, as members expected some of their number of make use of this facility.

In light of the rather inconclusive nature of the meeting the executive is calling a special general meeting for next Monday at 2 pm in Page Drive Lounge. It is hoped that there will be a larger turn-out to discuss the disposition of funds, as some of it is public, in the sense that it was a grant from the B.C. Seniors Lottery Fund.

Officers elected for 1983 were Les Woodbridge as president; first vice-president, Jean Callaghan; second vice-president, Phyllis Linton; secretary, Jean Tully; and treasurer, Frank Greenhalgh.

The annual general meeting of the Galiano Chamber of Commerce will take place in the South Galiano Community Hall on Saturday at 8 pm. There are a number of important items on the agenda.

On Sunday at 2 pm in Page Drive Lounge the Galiano Island Housing Society will hold its annual meeting. This society is responsible for the administration of the Senior Citizens Housing Complex at Page Drive. Membership is open to the public who are invited to attend the

meeting.

Frank Graham

News has been received of the death in Victoria of Frank Graham. The fact that Mr. Graham fought in the Boer War gives an indication of his longevity. His connection with Galiano was a long one.

Originally from England, Frank sailed with the East India Company to China, where he is reported to have made the acquaintance of Sun Yat Sen before that gentleman came to prominence with the overthrow of the Manchu dynasty and the formation of the republic.

From there he made his way to Canada, and after selling real estate in Victoria he moved to Retreat Cove, where he bought a large parcel of very attractive farm and forest land.

Frank and his wife lived simply in a small house on his property for over 30 years. He was a skilful gardener, noted particularly for his spring bulbs. Another hobby at which he excelled was carving, and his masterpiece was an intricate ikon-like work of art made from holly wood, which took him almost 20 years to complete. He was well known to the boating fraternity as wharfinger of the government dock at Retreat Cove.

He was a character about whom numerous tales are told. Many of these have been preserved on tape by Dr. Hart Scarrow, a long-time neighbour of Frank's.

Mr. Graham was one of those individuals who, after very long and interesting lives, deserve a biography rather than an obituary.

Mass baptismal service

A very unusual service took place in St. Margaret's Church on Sunday

Nothing to write about but there's lots to tell

BY BAB BOONE

It's pretty hard to write about nothing - but heck, Tony's been doing that for years. Even though the Slugs didn't play this weekend, there's lot to tell...unfortunately the editor probably won't print it.

There is big news, though - Salt Spring's own Vallie Gurril, faithful disciple of Moon Unit Zappa, will be here next week to give a Val's-eye view to Slug hockey.

It should be totally bitchen, twitchen and awesome to the max, fer shurr, fer shurr.

In the meantime, here are the up-

to-the-minute scoring summaries, as compiled by Rompin' Ronnie Moger, the only man with an ego in two time zones.

	G	A	T
Moger	7,627	9,823	17,450

Galiano news

From Page 25

afternoon when 14 individuals were baptized by Rev. L.R. Pocock. The youngest child of Dr. and Mrs. Hales was baptized Michael Peter Morse, sponsored by godparents Robert and Rosemary Walker.

The 13 others, ranging in age from babes in arms to young adults, were all descendants of Scotty Georgeson, who settled on Galiano over a century ago. Nine of these were grandchildren of Harry Sr. and Devina Baines (Devina's mother was a Georgeson) and a 10th was their great grandchild. Three others were members of another branch of the family with their grandmother, Birdie Head, being a Georgeson.

Also present among the large congregation were two daughters, Jeanne and Tillie, and three sons, Harry Jr., Lawrence and Lloyd of

Harry and Devina. Other well known local families connected to the event by marriage were the Wilsons, the Silveys and the Basarabs.

After the service the congregation adjourned to the Rod and Gun Club for a reception.

Saturna Scene

BY PRISCILLA JANSZEN

A calendar has been placed in the Saturna Island Community Hall filled with all known hall bookings. If you want to reserve the hall call me at 539-2591.

Carlos Manzano and David Andrews were honoured at a shower February 7. Many fine gifts were bestowed upon them.

Taime Hindmarch has gone to Ottawa to visit Mary, her youngest daughter. Mary is recovering from a serious illness. Taime is off to give her care and warmth for a week.

The Parks Branch is proceeding with the plan to build three quarters of a mile of trail, picnic tables, outhouses and a water facility at Winter Cove. Three foremen have come from the Nanaimo area to supervise the work.

Over 20 islanders applied for the seven jobs that were offered. The men will work 10 days on and four off. This allows the foremen time to visit with their families. They are staying in the Department of Highways yard in recreational vehicles.

The school children have had their photographs taken. Remember those class photos we all have?

February 26 will see the bridge tournament at 8 pm at the Community Hall. Admission is \$3.50.

Hey, hey, a Saturday night dance on March 19 with Wilf Davies' band. What a chance to wear your

new blue jeans and go dancin'!

A lovely clock has been donated to the parents' group. It will be raffled off to raise money for the activity fund. The tall clock has a domed glass case that protects the exposed works - a very elegant timepiece.

Naturally, the tickets will be at a ridiculously low price so everyone can buy lots! Thank you, generous, anonymous by request, donors.

The powder blue curtains for the hall are nearly done and they look spiffy. The community club is going to redo the stage floor and the area will be repainted. This major effort by many community members will benefit us all.

Gads, the Easter bunny is hardboiling eggs already! Did you know Easter is April 3 this year? Of course, that means April 2 is the day of the Women's Club bake sale.

February 28 is the deadline for Dayle Johnson to collect recipes for the new cookbook. The last cookbook was well received - Saturna Island eats well. Gather up your new concoctions and send them in. All of the money goes to the parents' activity fund.

GALIANO ISLAND

Down Through the Years with Driftwood

Twenty years ago

Dial telephone service was promised to Gulf Islands customers by B.C. Telephone Company. The service would not add to the cost of service each month but would eliminate party-line ringing annoyance. Property for the automatic station had been purchased on Lower Ganges Road.

The ewe gave birth and the two lambs had the normal complement of limbs except they shared one head. The lamb died in birth and the carcass was frozen for shipment to the University of British Columbia for examination. The owner of the flock thought the defect was the result of radiation.

The Gulf Islands School Board approved a budget of \$268,101 for the operation of the school district for the year. The previous budget had stood at \$269,259 and the education was accomplished by fewer capital expenditures.

On an annual budget of \$600, the Salt Spring Recreation Commission funded island groups in their activities. The Commission did not want to be confused with the island group promoting a golf course. Funds went to such groups as the archery club, \$100; swim classes, \$110 and the contract bridge club, \$3.15.

Assets of the Gulf Islands School District would be reappraised with the effort costing \$500. The previous appraisal, in 1954, of buildings and equipment showed a value of \$335,000.

Fifteen years ago

The Galiano Volunteer Fire Department fought fewer fires in 1967 than in the previous year. The department ended the year with a \$401.78 surplus in its account but expenditures for the coming year would include repair of a spring and replacement of two tires on the fire truck. Galiano residents, permanent and part-time, learned that the annual assessment of \$2 for the fire department was due.

Proposal for a recreation centre on Salt Spring was being put forward by two island groups. The Chamber of Commerce and the Lions Club were interested in construction of the centre which would include a skating rink, a curling rink and a swimming pool. The proposal had been considered previously but had not been pursued because of difficulties in imposing a local tax levy to pay for the project. With Salt Spring as part of the Capital Regional District, the tax levy could be arranged.

The automobile hit the power pole and drove it four feet out of position. The vehicle continued, over rocks, past stumps and through brush for 83 more feet before coming to rest. The incident happened on the curve at St. Mark's church on North End Road. Damage to the car had been estimated at \$750 and when the driver appeared in court he was fined \$150 for the incident.

When the visitors' book was checked, the Salt Spring Island Chamber of Commerce discovered names from across Canada, the United States and from as far away as England and New Zealand. The visitors book had been signed by 1,167 people between July 1 and Labour Day.

The Gulf Islands School Board decided not to go to England to hire teachers for the local schools. The trustees had hired three teachers from that country the previous year but only one remained with the island district.

Trustees of the Gulf Island School Board would shun four-letter words. As one trustee noted, "Snow is a four-letter word and I want nothing to do with it."

Ten years ago

The Salt Spring resident wanted to build on his three acres. He was told that no permit could be issued because the land was for farming. But the land had not been farmed for many years and was not registered as farmland, so the man could not farm it. When he attempted to find out the exact status of his land he failed. The provincial government had decreed, through cabinet order, that farmland in the province must be farmland, but the federal land inventory designated the category for land. The owner wondered what was going on.

The planning association protested the proposed bridge between Gabriola and Vancouver Islands. The Salt Spring group sent a letter to the minister of municipal affairs outlining their objections to the bridge and the proposed ferry terminal, which would serve mainland traffic to the islands.

The Independent Crown Colony of Salt Spring Island was split in two. The factions, Unionists who wanted to rejoin British Columbia and Separatists who wanted to join nothing, were arguing hot and heavy about the status of the island colony. The prime minister could not be reached for comment and the foreign diplomats commented, "No comment." A vote to determine islanders' opinion resulted in a 50-50 split. No one knew what the future held.

The Galiano Island community plan was adopted at a meeting of island residents. The plan was a compromise between two plans previously presented by two groups. The accepted plan visualized a population of 3,000. Different categories of land use, such as rural residential, wilderness and wilderness forests were approved by the meeting.

The water supply on Salt Spring would be increased with the hook-up of St. Mary Lake to the North Salt Spring Waterworks District. The lake water would be available to residents on the system by the end of March.

The Ganges detachment of RCMP told *Driftwood* that a dog chasing a deer could be shot but a deer chasing a dog couldn't suffer the same fate.

Five years ago

The operating budget for the Gulf Islands School District had been set at a record high \$2,615,530. The previous year, the trustees had spent \$2,172,015. The budget included \$1.5 million for the instructional portion of running the district as well as almost \$380,000 for debt services to pay for improvements and renovations already made.

The proposed school at Fernwood on Salt Spring was put on hold as a result of a tie vote for acceptance of a contractor's bid of \$552,676 to build the structure. A tie vote automatically defeats a motion. A trustee, later in the meeting of the board, presented a notice of motion for consideration at the following meeting that a tender for construction be accepted by the board.

The wharf at Miners Bay on Mayne Island was being rebuilt at a cost of \$87,000. Although most of the existing pilings could be utilized,

new pilings had to be driven and the deck had to be replanked.

Readers of *Driftwood* were asked to forgive and forget the printing of the number \$149,400. What readers should have read was the figure \$1,049,400 as the cost of construction of the intermediate care facility which was to be built near Lady Minto Hospital.

The gong was kept busy sounding the end to four acts in the Gong Show held in the Activity Centre. The show had been staged to raise money for renovations to Central Hall. The scores for the 15 acts which appeared ranged from a perfect 30 to a ring of the bell. The event added at least \$500 to the renovation fund.

Land, to be used for the Fall Fair and as a location for a museum, was the goal of the Salt Spring Island Farmers' Institute. The group was in the process of seeking a suitable plot of land for the regular projects of the association.

The Central Hall renovation fund stood at close to \$5,000 as a result of donations, a rummage sale and the Gong Show. The restoration committee had estimated the cost of improvements to the historic building on Salt Spring to be \$10,000.

NOTE: GALIANO SCHEDULE

February only — Saturdays, Feb. 5, 12 & 19,
8 am to 1 pm. Phone 539-2421.

A half a dozen good reasons why you should build a NATIONAL home

- 1.** We've designed **6 new plans for 1983**. Smaller, Economical, Energy Efficient Plans priced lower to make them more affordable. Choose from over 100 plans with 2 x 6 walls, heavy insulation and poly as standard features.
- 2.** **Interest Rates are lower** now than they have been in quite some time. This means that building a new home now will cost you less than a year ago.
- 3.** You've heard that material costs at the lumber yard have increased significantly — National still offers you **'83 homes at '82 pricing** till March 31st. Save by ordering your new home now.
- 4.** **2 x 6 walls with 1/2" sheathing & R-20 insulation are yours free** if you take delivery or order your home package before March 31st. You'll save even more on heating bills by putting extra insulation in your new home now.
- 5.** Building a new home now qualifies you for a **federal \$3,000 grant**. There are also first time homeowner grants and provincial grants. Our local agent has all this information, he'll show you how to save thousands on your new home.
- 6.** National's generous **4% Cash Discount** cuts hundreds of dollars off your principle and interest. You'll save even more by assembling the building package yourself — we'll show you how!

FOR MORE GOOD REASONS CONTACT NATIONAL'S REPRESENTATIVE NEAREST YOU, OR SEND FOR OUR 120 PAGE CATALOGUE FEATURING ECONOMICAL, ENERGY EFFICIENT HOMES FOR '83.

Map identifies owners of property in Maxwell Lake watershed

Maxwell Lake in jeopardy, says society

help in expediting the land exchange proposal.

WROTE TO WATERLAND

There the matter stood until January 1982 when a letter from the North Salt Spring Waterworks District trustees was sent to Tom Waterland, minister of forests, asking for his help in preserving Maxwell Lake and reminding him that he had received a copy of the letter sent to Chabot six months earlier. It also asked for a meeting with Waterland.

Waterland replied that upon receipt of the copy of the letter to Chabot he had indicated to Chabot that "this was not an issue that I would recommend be resolved by a land exchange." His letter also stated that he had instigated an investigation to determine what control, if any, his department could exercise over any logging operations on the Texada holdings.

He stated he would get in touch again when he had received the report. That was a year ago and no further word has been received from him.

Shortly after the letter from Waterland a letter was received from Chabot, reversing his original opinion on favouring the land exchange and conforming with Waterland's response. Nothing further has been heard from the government in the past year.

DEAD ISSUE

Rainsford feels the land exchange proposition is now a dead issue and stated recently that his company favours the idea of scientific, controlled logging of the property. He said this is common practice on a number of other watershed areas in

the province and has proved to be quite satisfactory.

He said that such an operation at Maxwell Lake would involve selective logging with reforestation and would guarantee no deterioration of the watershed or the lake.

In the meantime, the company, in an effort to obtain some revenue from the property, is proceeding with the construction of the two modular rental homes.

In addition to the Texada property, which borders on the southeast side of the lake, there are five other holdings in the watershed. The land to the southwest is owned by Fairfield Holdings, with the owners living in the United States. There is a seasonal summer cottage on this property.

FIRST OPTION

The owners of the property have agreed to enter into a legal agreement with the NSSWD which would give it the first option to buy the property when the land comes up for sale at the passing of the present owners.

To the west but not bordering on the lake is a 45-acre parcel owned by Macmillan Bloedel. It is very rugged land and not easily accessible. The company, on being approached, is studying the proposal of donating the land to the water district.

The land to the northwest is held by Hanuman Services and could eventually be developed for housing. However, the company has agreed to donate the 30 acres of its property which is within the watershed to the water district.

The entire northern section of the watershed area as well as the land immediately west and northeast of the lake is owned by the water district, having been donated by the Mouat family some years ago.

North of this is a 120-acre parcel owned by Gossett and his wife Mimi. Although the land drains away from the lake it is listed as being in the watershed. The Gossetts plan to enter into a legal agreement with the NSSWD for first option to purchase and also to place a covenant on the land in favour of

War movie has local connection

On Monday evening a wartime movie depicting the Canadian navy in action was shown on Channel 13. Majority of island residents are unable to bring in the American station.

The significance of Corvette K 225 is that the late John Sturdy of Salt Spring Island was closely identified with the production.

A fighting sailor, Lieut.-Cmdr. Sturdy was sailing in corvettes in the Atlantic when, in 1943, he was transferred to serve a stint in Hollywood as technical adviser to the studio producing the movie.

Sturdy was not only technical adviser, but was responsible for much of the script. The movie follows the activities of a Canadian ship in the Atlantic. It featured Randolph Scott and Ella Raines.

Heat Pump Seminar

Saturday, Feb. 19 — 10 am

FULFORD INN, SALT SPRING ISLAND

ADMISSION FREE

Come and learn about HEAT PUMPS — ● what they are ● how they work ● how they can save you hundreds of heating \$\$\$ annually!

See one in operation — and have your questions answered by experts.

Free coffee and donuts will be served.

RESERVE YOUR SEAT FOR THIS INTERESTING & INFORMATIVE SESSION BY CALLING

ACCUTEMP — 385-4011 (Victoria) COLLECT!
