**natural
Factors.**

The Most Trusted Name in Vitamins *and* Supplements

**natural
Factors.**

There's a lot of talk today about levels of quality and strength found in many vitamins & herbal supplements.

Natural Factors has formulated, created and distributed health enhancing products for nearly 40 years. Their dedication to the four basic principles - integrity, quality, service and teamwork are the "factors" that make Natural Factors unique.

- All Natural Factors products are made under the strictest quality control guidelines for purity, potency and effectiveness.

- Natural Factors grows its own certified organic herbs, tests them for standardized levels of active ingredients and produces all its herbal and vitamin products using "GMP" or Good Manufacturing Practices.

- Natural Factors uses the best from nature & science to develop their line of unique products.

At Natureworks our knowledgeable staff includes

- Vere Shute R.N.C. Nutritional Consultant,
- Marjie Ensminger M.H. Master Herbalist
- "on call" expert Mark Stengler N.D. author of "The Natural Physician" and "Drink Your Greens"

While there may be talk of uncertainty elsewhere, at Natureworks you can always be sure of the best!
